through the gates of the Rosedale grounds yesterday morning. All were attired in long, checked overcoats, and everyone in the ands knew that they were Lord Hawke's grounds knew that they were Lord Hawke's I grounds knew that they were met by Capt. Collins and other members of the Ontario team, and all disappeared into the dressing rooms to get ready for the match. Nature was rather unkind to the cricketers and the glowering sky presazed a poor day's sport. The crease was hard, but the rain of the night before rendered it very slippery, which was a source of great annoyance to the batsmen. The crowd in the forencon was rather small, but all took a deep interest in the game. A few ladies, attired in wraps, shuddered in the grand stand. As time passed on the crowd increased, and in the afternoon there must have been about 2000 people present.

the crowd increased, and in the atternoon there must have been about 2000 people present.

It is curious to note the prevalence of pipes at a cricket game. Chappies who never smoke anything but a cigaret at any other time come out with briars on occasions such as this. They do not like the "beastly" pipes, but they must be in fashion. It was interesting yesterday to note these young men walking around the grounds pretending to enjoy their pipes, while in reality they were more of a necessity than a luxury.

At 11.20 the teams made their appearance on the field. The Englishmen were ten in number. Lord Hawke, the captain, a short history of whom was given in yesterday's World, is a hard worker in the field and a good man at the bat. He plays both forward and back with ease and his driving is exceptionally good. He has played for Yorkshire since 1881. He was captain of Cambridge in 1885, visited Australia in 1887 and '88 and India in 1890. Last June he made 658 runs and an average of nearly 22.

Lord Throwley is a strong and vigorous hitter and has played great cricket at home. Hon. H. Milles is a good batsman and clever bowler. The man who has been most talked of in the newspapers is S. M. J. Woods, the great bowler of the team. He ranks as the great bowler of the team. He ranks as the best amateur bowler in England, and the boullet-like speed with which he bowls has fooled the best bats in England. During the four years in which he has played with Cambridge University his team was generally successful and his averages in these matches are unexcelled. He has taken 36 wickets at an average of 8.83 per wicket, the nearest approach to him being A. G. Street, who took 38 wickets at an average of 9. He plays

C. Wreford Brown and C. W. Wright are both good bats, the former being éareful and sure. Brown is known as a slow bowler, and is very useful as a change. He ranks high as a wicket-keeper and during this season has trequently filled that position for Notting-

Trequently filled that position for Notices Barnshire.

H. T. Jewett is captain of the Somerset-shire club. He is a left-handed batsman, and is one of the fastest of run-getters. Kenneth McAlpine is a good batsman and fielder, and J. H. J. Hornsby is a bowler of more than ordinary merit and a good all-round man. C. W. Ricketts has played for Oxford University, and Surrey. He is a good batter and hits hard to leg whenever a chance offers. The home team was as follows: A. H. Collins, captain; F. S. Dickey, Mossom Boyd, W. W. Jones, P. C. Goldingham, Toronto; J. M.-Laing, Upper Canada College; W. J. Fleury, Dr. Stevenson, Aurora; E. Hall, Rev. T. W. Terry, London, and Joseph Bowbanks, Rosedale.

At 11.20 o'clock Lord Hawke opened the match by sending Wright and Hornsby to bat, and they soon began ta pile up the runs on the bewling of Dickey and Hall. John Wright were umpires. Terry was at the wickets and he performed his duties there in a very creditable manner. The fielders all wore heavy white sweaters, and they needed them, for it was decidedly cool. The visitors had little trouble in knocking their ground hits through the fielders, who all through the innings played rather loose. The men catted for twos, fours and sixes and the fielders began to look weary. After Wright had made 12 runs Hall bowled him. Hornsby, however, remained at bat ustil he had 38 runs placed to his credit, the largest score of the day. He hit very hard and was very accurate. His driving was particularly good. Woods and Lord Hawke were now at bat. The former, it will be remembered, put up a bunch of \$25\$ at the game on Staten Island; but he was not so fortunate here, for after making 25 runs, he was retired on an 1. b. Lord Hawke made 35 runs before his wicket was dropped by Goldingham. He reached too far out at a swift ball, and down went the stumps. He batted well, and played both forward and back with equal confidence and effect.

Then came Brown and Hewitt. Since the latter made the great record of 113 runs on Staten Island, bowlers have been afraid of him. His batting ended very abruptly yesterday, for he tipped the first ball into the wicket, and dejectedly wended his way to the dressing room.

Rickatts, the giant of the team, who neasures of feet 3½ inches, then joined Wreford Brown. He knocked a nice fly off Hall, and Dickey captured it. Wreford Brown put one into Jones' hands after he had made 18 runs. McAlpin went to bat, and the someone yelled "lunch" and the teams disappeared into the refreshment tent erected at the north end of the grounds. It was then 10 minutes after one.

After luncheon Lord Throwley was bowled after he had made 27 runs, and Boyd caught. McAlpin after he had made 25. Hon. N. Milles was not out with no runs. This completed the first innings of the Englishment, and their total number of tuns was 184.

RETIRING FROM

We have long been anxious to Retire from the Retail Shoe Trade, but from the magnitude of our stock have been unable to come to satisfactory arrangements with any pro-posed purchaser until the present time. A prominent shoe dealer in Brockville has made us an offer for purchase, conditional that the stock be so reduced that on 1st January it will not exceed \$15,000, and that the business shall be as good on that date as at present. We are fully determined to accept this offer, and to do so will be compelled sacrifice not only our present stock but the Fall Orders that are to arrive before the end of November. This is rather a stupend-ous undertaking, but it is a chance we will not pass over knowing that by a supreme effort and huge sacrifices we can accomplish t. And now comes the announcement that will most interest the public, which is to the effect that we will, commencing from to-day, offer the whole stock on hand at 33% per cent. less than cost price, which will be fully 50 per cent. less than prices asked by any other dealer in the city. I, John McDonald, of 186 Broadway-street, city of Cleveland, make oath and say: For 17 years I have suffered from piles, that because of their protruding in great masses I have been disabled from work during many months of that time. That I have tried nearly every popular remedy and some of the best physicians within my reach here and elsewhere. That for 9 months previous to last June I was under the care of the celebrated Pile Doctor, Dr. Brinkerhoff. That he tailed to cure me and as a last resort wanted to torture me by tying them, which I would not permit him to do. That after leaving him-my case went from bad to worse until I was forced to quit work; my nervous system was completely broken down, and from my terrible suffering I was a physical wreck. That in this condition I applied for relief to Dr. McCully. He operated on me by injecting each pile and in. CITY OF CLEVELAND, STATE OF OHIO, forces to suffer a work of the work of the
