TORONTO.

AN INTERESTING BUDGET.

Little Local Picked Up Around the City.

The schools of East Toronto are greatly overworked at present, there being 260 pupils now on the register. A new school is greatly needed.

Drumming Camp No. 24, S.O.E., East Toronto, met in the fire hall last night and received the application of Rev. J. R. Johnston for initiation. Address and songs were given under the good of the order.

The 4-year-old son of Mr. and Mrs. Little York, met with a severe accident by burning. Soon after arising in the morning the little fellow lit a piece of paper and the flame catching his nightgown he was badly burned before his cries were heard. He is now in a precarious condition.

The Simms Richards family are to give one of their unique entertainments in the Y.M.C.A. Hall, East Toronto, on Tuesday, March 20.

At the meeting of the East Toronto Council a petition was presented by several persons requesting the council to interview the G.T.R. Co. relative to having all express trains stop at York station.

The committee appointed at the January meeting of the County Council to make an agreement with the Metropolitan Street Railway Company for the extension of its franchise to Richmond Hill was in session yesterday and will complete its report today.

The committee is composed of Messrs. Richardson, Evans, Pugsley, Hill and Woodcock.

The committee appointed at the January meeting of the County Council to make an agreement with the Metropolitan Street Railway Company for the extension of its franchise to Richmond Hill was in session yesterday and will complete its report today.

The committee is composed of Messrs. Richardson, Evans, Pugsley, Hill and Woodcock.

## WALTER S. LEE'S LONG RECORD

In Connection With Public and High School Work in Toronto.

Inasmuch as the address presented to the Collegiate Institute Board was somewhat of a resume of the progress made in high school work during the last 20 years, the World deems it of sufficient interest to the public to publish it in full.

Six—Your fellow members of the Toronto Collegiate Institute Board desire to make your retirement from the board an occasion of a tribute that is justly due on account of your long and valuable services on behalf of secondary education in this city.

When you were first appointed in 1872 the High School Law was not so favorable for the maintenance of efficient secondary schools as it now is. The amount of money expended by the municipality was limited by the will of the City Council, and the law gave the board no power to appropriate land for a site or erect funds for the erection of a building. Your personal influence and much to do with securing from the City Council in the early days of your trusteeship what funds were granted, and in more than one crisis your personal credit was used in enabling the work to be carried on, when otherwise it would have been brought to a standstill.

For eight years you served as secretary-treasurer of the board and for four years as chairman. During all that period your bearing towards the board was one of courtesy as courteous as your administration was efficient. With the increase of the number of students from one to ten, the corresponding increase in the membership of the board, and though you have long since retired from the board, you cannot be said to have been "laid off" from the stage. Those who have worked with you during the past three years have found you as wise in counsel, as agreeable in intercourse and as earnest in the discharge of your duties as you were to retirement.

We congratulate you on the fact that instead of one small high school, which you have left as a member of the board, you leave in control of three of the very best Collegiate Institutes in the Province, and we trust that a continuance of the careful but liberal policy which you have encouraged the city to pursue with respect to secondary education will result in the effect of keeping them up to their present high standard of efficiency, and even surpassing it.

FRANK DENTON, D.C.L., hon. secretary.

EDISON'S NEW CAMERA.

Forty-Six Pictures Taken With the New Camera.

MEXICO PARK, N.J., March 8.—Edison has completed his new photographic camera, which he calls the kineoscope, as it is already known, consists of a camera in a limited space of time, thus obtaining a continuous photograph of the entire motion of the object. Forty-six pictures were taken on one second, and the exposure lasted 20 seconds—the length of time required to unroll the film in a complete darkness, and when the person is ready to be photographed the curtain is drawn.

The edge of the stock market.

The advance of late has brought some stock to market, and the available supply is larger than for some months.

The business outlook seems to have improved, and the improvement was not unexpected. The market is now fairly satisfactory. What is needed now is increased confidence.

The rates of sterling exchange are very strong and up to the price in New York.

## GOOD SPIRITS

follow good health while low spirits, melancholia, impaired memory, morose, or irritable temper, fear of impending calamity and a thousand and one other ailments often induced in the young through ignorance of their physical condition. Nervous debility, and loss of many powers, are frequently the result of such ailments.

To reach, maintain and restore such infirmities to health and happiness, is the aim of an association of medical gentlemen, who have prepared a treatise, written in plain but eloquent and readable language, by home treatment, of such diseases.

A copy of this useful book will, on receipt of the notice, with 10 cents in a plain envelope. Address: WORLD'S DIETETIC MEDICAL ASSOCIATION, Buffalo, N. Y.

The amount of gold in the United States Treasury is \$107,460,000, the same as yesterday.

It is estimated that \$10,000,000 in gold will be shipped at New York on Saturday.

Consols declined another sixteenth today, closing at 99 1/2 for money and 99 3/4 for account.

The clearings of Winnipeg banks this week were \$308,898.

Estimate of the amount of wheat in farmers' hands in Canada for 1933-34.

The Minneapolis flour output the past week was 12,000,000, the same as last week.

We will make cash advances on goods, merchandise and ware, through reliable stock and bond brokers, and on all business transactions requiring prompt attention given to all business. No. 11 Jarvis Street, adjoining Custom House, Telephone 1068.

Blank Clearings at Toronto.

There is an increase in the clearings this week of over \$1,000,000 as compared with last week. The following are the figures:

March 8, 1934. Clearings. Balance. \$104,044.
