

H. Williams' flocks. The Mansell ewes were sired by his best rams, viz., Fair Star and Montford Dreamer. The latter was bought at \$918, and sired the 1895 champion ram, Darlington, the second-prize ram, and the three first-prize ram lambs at the Royal. Fair Star sired thirty-two rams, which made the extraordinary average of \$215 at Mr. Mansell's 1895 sale, one of them making \$1,200. I have two choice Southdown rams, and three beautiful shear ewes, one Oxford ram lamb, and a pair of Oxford ewe lambs. The latter were not exhibited, as Mr. Adams, the breeder, has retired from the show ring, but would easily have stood well to the front at the Royal had they been there. A Lincoln ram lamb, from the second-prize pen at the Royal, makes up the lot.

Swine.

MR. S. COXWORTH, Whitby, Ont., has left for England, where he expects to be for some weeks. He will return soon with a choice lot of Berkshires.

MR. E. BUSS, Elphicks, Horsmonden, Kent, England, has, we understand, about concluded arrangements with a breeder on this side of the water to send him some choice pigs, which will surprise those who see them. The Elphicks herd has come well to the front during this and the last year.
