ald College, who discussed methods of planting, choice of varieties, and preparation of the soil. A common fault was that of planting too close together. Large size, as a merit, was an error. Cleanliness, stockiness and firm, hard growth were of more importance

In the absence of Mr. C. P. Newman, president of the society, Rev. Father Leopold, of La Trappe, presided over the meetings. In the hall of the Convent of the Sisters of the Congregation where the meetings were held, there was a small but fine selection of locally grown apples and plums on exhibition. Mr. J. C. Chapais of St. Denis, showed nineteen varieties of plums. There were also specimens of packed fruit.

IRRIGATION

The necessity of irrigation for fruit farms was urged by the Hon. J. E. Caron, minister of agriculture for the province. As an incentive, he stated that the provincial Government was ready to spend twenty thousand dollars on such work. That is, they would give the farmers fifty per cent. of any expenditure on irrigation, limiting each farmer to ten arpents. He also stated that his Government had bought two new drills from abroad, which would break the ground effectively and economically. The Minister declared that farmers had too long suffered from the middleman. They did not wish to kill the middleman, but to reduce his abnormal gains, and enjoy a more equitable share themselves. MAXWELL

MAXWELL'S HIGH SPEED CHAMPION

Is the Washer for a Woman

In the first place, Maxwell's "Champion" is the only washer that can be worked with a crank handle at the side as well as with the top lever. Just suit your own convenience.

Another Maxwell feature—Lever and Balance Wheel are so accurately adjusted and work up such speed that the washer runs along even when you have stopped working the lever. There's no doubt about Maxwell's "Champion" being the easiest running washer on the market.

Write for new illustrated booklet if your dealer does not handle Maxwell's "Champion" Washer.

SAVE OVER \$25 WHEN BUYING YOUR RANGE THIS FALL.

\$41⁰⁰ TO \$49⁰⁰

AND WE PAY THE FREIGHT

You Can Buy "DOMINION PRIDE" RANGE At Factory Price
Direct From The Largest Malleable Range Works in Canada

If you want to save from \$25 to \$30, and at the same time get the most satisfactory kitchen range made, write for our Catalogue and look into the merits of the "DOMINION PRIDE," at from \$41 to \$49.

If we sold you identically the same range in the usual way, through a dealer, you would have to pay from \$69 to \$78 for it. You would be paying two extra profits—to wholesaler and retailer—which would add \$25 to \$30 to the cost of your range, but absolutely nothing to its value.

Besides costing much less than other ranges in its class, the "DOMINION PRIDE" is much more satisfactory. It is made of tough, strong, malleable iron and the best blue polished steel—materials which will not warp, crack or break.

The polished steel does not need blacking—simply rub it over with a cloth. With its cold rolled steel plate oven—sectional iron fire-box lining, with air chambers—and double-walled flues lined with asbestos—the "DOMINION PRIDE" is the most economical range you can buy. Actual tests have proved that it saves over 30% of fuel, burning either wood or coal.

WE PAY THE FREIGHT

A "DOMINION PRIDE" Range, with high closet shelf and elevated tank or flush reservoir, with zinc sheet to go under range, 8 sections blue polished steel pipe and two elbows, will be delivered to any station in Ontario, Quebec or the Maritime Provinces for \$41, or to any station in the four Western Provinces for \$49—\$5 to be sent with order and balance to be paid when the Range is delivered at your station. If not convenient to pay cash we will arrange to accept your note.

"The Evolution of the Cook Stove"

TELLS about cooking from the time the Cave Dwellers dropped hot stones into the pot to boil it. It also tells all about "Dominion Pride" Ranges. Whether you need a Range just now or not you will enjoy reading this book.
