KNOX COLLEGE LIBRARY & MUSEUM.

From Mr. W. Stewart, Paisley, C.W.—Pipe and Beads found in an Indian pit in Flamboro' C. W.

From Mr. Hamilton, Scotland—Specimen of Bitumen from New Brunswick.

From Mr. J. Brown, Student of the Congregational Theological Institute,—Specimen of Petrified Moss from Caledon West.

From Mr. Robert Williamson, of Arthur, brother-in-law of the late Hugh Miller—Three Silver Coins, of the age of David I. found in digging at the foundation of the pillars of the cathedral of Fortrose, Rosshire, Scotland. The number found in all was 49, and of these, some are in the College Museum, Edinburgh; some in the museum of Mr. Miller, and the rest in the possession of the discoverer. Mr. Williamson has in his possession, Mr. Miller's mason's mallet, (represented in some of the earlier engravings of Mr. M.) It is of very hard beech; its parts admirably compacted; and it has all the appearance of having been much used.

Volumes to the Library, by Mr. Alexander Gardner, book-seller, Paisley; Rev. Mr. Hutchinson, Johnston, Paisley; Mr. David Burns, book-seller, Brechin.
