PHRENOLOGY.

It is often supposed that Phrenology is in opposi-
tion to true religion, but there never was a greater
mistake. There is no science that more appoints
out that man is a religious being, and that the Cre-
ator designed him for an intelligent worshiper than
the hands of a competent phrenologist. There is
nothing more calculated to improve and elevate any
individual than a careful examination. A WAL-
LACE MASON has made the subject a life study.
