REGULATION REGARDING PREPARATORY DEPARTMENT FOR THIRD CLASS TEACHERS (GRADE D.) IN PROVINCIAL NORMAL SCHOOL.

1. The Term for this department will begin at the opening of the regular session of the Normal School, on the first Wednesday of November, and will close on or about the 22nd. of April.

No applicants will be received after the second Wednesday of November.

2. Applicants will be admitted to this department on the following conditions:

a. Those who on examination shall, in the judgment of the Faculty, show such qualifications as to give reasonable assurance of completing the course satisfactorily within the prescribed term of six months.

b. The principal subjects of examination will be Reading, Spelling, English Grammar, and Arithmetic.

c. Applicants who have failed at a previous examination for license, but have made an average of 40 or upwards on all subjects of the Grade D Syllabus, or of 40 without including School Management and Teaching, or who have made an average of 40 in Arithmetic and Grammar taken together, shall, on presenting to the Principal the "Summary of Marks" received from the Education Office, be admitted without examination.

d. Also all applicants who present a certificate of qualification from any Inspector of Schools in the Province of Nova Scotia shall be admitted without examination.

All applicants shall be required to present a certificate of moral character from a clergyman. They shall also sign the usual declaration that it is their intention to teach for at least three years in the Province of Nova Scotia.

3. The course of Study for this department will embrace the subjects prescribed by the Council of Public Instruction for Grade D License. In addition to instruction in Method and School Management, students will receive regular training in the Art of Teaching.

4. Students, who show reasonable proficiency in the theory and practice of teaching, shall at the end of the term receive a certificate of professional standing, and this certificate shall be valid as a Third Class, or Grade D, License for the six months succeeding the date of its issue, so that persons holding it can at once enter upon engagements to teach for the Summer Term, and shall have and enjoy for that term, irrespective of the result of the Examination for License, all the privileges accorded to third class Teachers.

5. A special examination for license for students of this department only will be held at the close of the Term in April.

Persons who fail at this examination will be allowed to compete again at the regular examination for license in July.

Candidates who have received the Normal School Certificate of professional Classification shall be entitled to exemption from examination in the subjects of School Management and Teaching.

6. The usual travelling expenses of five cents per mile, each way, allowed to Normal School students, will be paid to the students of this Department who succeed in taking the Normal School Certificate of professional classification.

7. Persons intending to apply for admission to this department are requested to send notice of the same to the Principal at least two weeks before the beginning of the term.
