

## THINGS TO BE REMEMBERED.

1. Let *nothing* induce you to speak disparagingly of your parish. Stand up for your Church, as you would for your mother.
2. Pray for your minister. He needs it. He is but a man, with great responsibilities and many to please.
3. If an acquaintance of yours needs the aid or counsel of a clergyman, or if there is any opening to do one good, let *your minister* know about it.
4. Let your minister know if there is any one sick in your family, or in the family of any member of your Church.
5. Speak to strangers about your Church, and invite them to attend it. Be polite and attentive to those who do come. Give them a welcome, a seat and a book, and invite them to come again.
6. Make no engagements on week nights when there is service at your Church; Church engagements stand before all others.

From "The American Church" we quote, almost verbatim, the following anecdote: At a parochial mission among the questions put to the missionary was this: "Why does your Church allow dancing?" and the answer was "For the same reason that the Church allows Mr. Brown to sell groceries."

We quote this incident for a reason. With the private life, pastimes and amusements of his people the rector of any parish has no right to interfere so long as they are innocent and innocuous to self and others. In such particulars, save in exceptional cases, each one's conscience must be their guide. But the present writer would earnestly appeal to his parishioners with regard to Friday night parties, and ask them to religiously abstain from going or attending social gatherings on this day of the week. It is the day on which Christ died, the day set apart throughout the Church for a fast day, and hence is making this request the rector is acting in strictest accordance with his ordination vows to "minister the discipline of Christ as this Church hath received the same." And by thus keeping this day holy, our Church members will show our brethren of other religious bodies that "Episcopalians" do think something of their Church, and further largely aid in increasing the attendance at our Friday night services.

He who is unwilling to submit to undeserved blame should remember to refuse undeserved praise.

## A WALDEMAR MIRACLE.

## A C. P. R. MAN RELATES HIS WONDERFUL ESCAPE.

Helpless With Rheumatism and Sciatica—Relief Comes After Doctors had Failed—The Story Corroborated by Reliable Witnesses.

Grand Valley Star.

There are few people in this vicinity who do not know Mr. Thos. Moss, of Waldemar. He has been for years the trustworthy section foreman of the C. P. R. in the division in which he resides and the exemplary life he always led has given him a respectable status in the community. He is a gentleman who is thoroughly reliable, and when "Tom" Moss tells you anything you can depend upon it every time. This by way of prelude to an interesting story the Star has to tell. For some time past a great deal of novel and entertaining literature has appeared in the columns of the press throughout the country, giving the particulars of cures bordering on the miraculous, in various parts of the country. Those who have read these narratives must have put them down either as clever and daring romances, or come to the conclusion that truth is indeed stranger than fiction. The Star must confess that it did not pay much attention to the reported miraculous cures until about a month ago, when it was told that a cure quite as notable as many of those published had been wrought within a few miles of Grand Valley. The fact is that great cures, or incidents, or tragedies, when they occur hundreds of miles away—no matter how exciting or how thrilling—do not usually arouse more than a passing interest where the actors or the central figures are entirely unknown. But let something occur in one's own neighborhood analogous to that reported from a distance, and with what different feelings is the news received. We had read of miracles wrought at Trenton, London, Hamilton and other places, through the use of Dr. Williams' famous Pink Pills for Pale People. But we were not acquainted with the parties restored to health; we were in the enjoyment of good health ourselves, and the memory of the great things done in another section passed from our mind. When we were told, however, that we had only to drive down to the pretty village of Waldemar to get the full particulars of a miracle as striking as many that had been reported in the newspapers we were at once interested. We were further told that Mr. Thos. Moss was the man who owed his restoration to health to the use of Dr. Williams' famed Pink Pills. Remembering that Mr. Moss had been laid up with rheumatism at intervals for years, and there was a time last spring and summer when his familiar face was entirely missing from the railroad, the Star determined to see him and get a confirmation of the story at once as to the cure by the use of Pink Pills. On seeing Mr. Moss and getting the facts from him, we found that his story was even more surprising than the one which had been going the locals rounds. Mr. Moss had not

only been troubled with rheumatism, but sciatica of a most painful type, and had also been afflicted with bronchitis which he had had come to regard as chronic.

## THE PATIENT'S STORY.

"What you have heard is quite true," said Mr. Moss in reply to our query, "I have used Dr. Williams' Pink Pills with wonderful results. For years I had been sufferer from rheumatism and bronchitis and had come to look upon both as chronic. Last spring I met with further trouble, when I had the misfortune to be afflicted with a severe attack of sciatica. I became so bad that I was laid up, and for some weeks was unable even to move. Many of the men on the line can tell you of the condition I was in. There was an accident on the road and I had to be carried to a hand car that I might be brought to the occurrence, in order that a proper report might be made to the railway authorities. I believe I would still have been helpless in my house, or perhaps with the silent majority, if a friend had not told me of the great merits of Dr. Williams' Pink Pills and urged me to try them. All other remedies had failed, physicians were entirely unable to cure me, and I had given them up in despair. You can imagine the deponent condition I was in when Mr. Rainey, of Grand Valley, mentioned Pink Pills to me. I had little hope that they would benefit me, but drowning men clutch at straws, and that was my frame of mind when I purchased the first supply of Dr. Williams' Pink Pills. I had not used the Pink Pills long when I began to find relief and this naturally made me hopeful, and I persevered in their use until the cure was complete. The change wrought in me by Dr. Williams' Pink Pills is as delightful as it is marvellous, and for the first time in years I find myself free from pain. I was weak, helpless and hopeless—doctors and other remedies had done me no good, but Pink Pills have restored me to health and strength. The sciatica disappeared, the rheumatism went with it, but stranger still, I am cured of the bronchitis I had come to regard as incurable. I saw stranger still, because I notice that in the list of ailments for which Dr. Williams' claims his remedy beneficial, bronchitis is not mentioned, and this forces me to the conclusion that Pink Pills have even more marvellous properties than they have been credited with. My case seems almost incredible but there are so many here who are witnesses of my cure that even the most sceptical must be convinced, and I firmly believe Dr. Williams' Pink Pills will cure any trouble with which man is afflicted. This may seem to be enthusiastic after what they have done for me, and I strongly urge those afflicted with sickness of any kind to try Dr. Williams' Pink Pills—the greatest of modern medicines."

Mr. Moss' narrative was certainly of absorbing interest, particularly as the reporter knew he was not a man who would exaggerate facts.

The story of the case was corroborated by many neighbors, among them Mr. Wm. Lomas who had assisted in carrying Mr. Moss to the hand-car when taken to the scene of acci-

dent above mentioned and also Mr. Buchanan, the popular C. P. R. agent. The reporter returned to Grand Valley fully satisfied as to the great curative properties of Dr. Williams' wonderful discovery.

The Star interviewed the druggists of Grand Valley, and had the same answer from all. Pink Pills are the best selling and most popular remedy in their stores, and the sales are constantly increasing. Mr. Erskine, of Dr. Hopkins' drug store, and Mr. Stuckey, of Mr. Reith's establishment, told the Star they were amazed at the great and growing demand for Dr. Williams' Pink Pills. If the remedy is as popular in other parts as it is in and round Grand Valley great indeed must be the good accomplished by this famous cure.

Dr. Williams' Pink Pills are not a patent medicine in the sense in which that term is usually understood, but a scientific preparation. They contain in a condensed form all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, pale and sallow complexions and the tired feeling resulting from nervous prostration; all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities, and all forms of weakness. They build up the blood and restore the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing their trade mark and wrapper, at 50 cts. a box, or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundreds and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

## A MISSION.

As in the wood I walked one day  
When light the shadow chases,  
The flowers along my lonely way  
Sprang thick in vacant spaces.  
"O tell me why your loneliness  
These forest byways graces?"  
They nodded back. "We grow to bless  
And fill up empty spaces."
