

Article 7: Definitions

For purposes of this Sectoral Annex:

basic telecommunications transport service means any service, as defined and classified by measures of the regulator having jurisdiction, that is limited to the offering of transmission capacity for the movement of information;

computer services means those services, whether or not conveyed over the basic telecommunications transport network, that involve generating, acquiring, storing, transforming, processing, retrieving, utilizing or making available information in a computerized form, including, but not limited to

- computer programming,
- prepackaged software,
- computer integrated systems design,
- computer processing and data preparation,
- information retrieval services,
- computer facilities management,
- computer leasing and rental,
- computer maintenance and repair, and
- other computer-related services, including those integral to the provision of other covered services;

enhanced service means any service offering over the basic telecommunications transport network that is more than a basic telecommunications transport service as defined and classified by measures of the regulator having jurisdiction; and

monopoly means any entity, including any consortium, that, in any relevant market in the territory of a Party, is the sole provider of basic telecommunications transport facilities or services.
