No. IDN-1126

The Department of Foreign Affairs and International Trade presents its compliments to the Embassy of the United States of America and has the honour to refer to previous discussions concerning arrangements for the alteration in form or content of H.B. Robinson Nuclear Power Station fuel for the Direct Use of Spent PWR Fuel in CANDU (DUPIC) program.

The Department has the honour to propose that the Government of Canada and the Government of the United States of America hereby agree, pursuant to Article XII.E of the *Agreement for Cooperation Concerning Civil Uses of Atomic Energy between the Government of Canada and the Government of the United States of America*, signed June 15, 1955,⁽¹⁾ as amended and supplemented, to the alteration in form or content of U.S.-origin nuclear material contained in irradiated fuel rods from the H.B. Robinson Nuclear Power Station to produce elements for irradiation in a research reactor, using a dry proliferation-resistant fabrication process in accordance with the plan contained in the document AECL/KAERI/US DOS Joint Development Program for the Direct Use of Spent PWR Fuel in CANDU (DUPIC), dated November 1995.

If the above proposal is agreeable to the Government of the United States of America, the Department has the honour to propose that
