

- 5.2 Parties shall not restrict or deny equipment certification on the basis of the nationality of the supplier, its place of incorporation, or the territory in which the supplier's production facilities are located. Parties shall permit suppliers to apply directly for and, upon issuance, to hold certification.
- 5.3 The importing Party may require a supplier:
- (a) To name a supplier's agent or other legal representative in the importing Party's jurisdiction; and
 - (b) To give prompt and full notice if its agent or representative should change.
