COPIES OF ALL DOCUMENTS RELATING TO FEDERAL COST SHARING FOR MARINE SERVICE CENTRES

Motion No. 79—**Mr. Marshall:**

That an humble Address be presented to His Excellency praying that he will cause to be laid before this House copies of all minutes of meetings, letters, telegrams between the government and the Province of Newfoundland as it relates to federal cost sharing on the current construction programme for marine service centres.

[English]

Mr. J.-J. Blais (Parliamentary Secretary to President of the Privy Council): Mr. Speaker, almost every activity of the Department of the Environment and the Department of Regional Economic Expansion are involved in includes some sort of discussion with one or more of the provinces during the course of development or implementation of policies and programs. The release of documents exchanged during the preliminary discussion phase related to policies and programs would very probably be detrimental to the future conduct of federal-provincial relations. I would therefore request that the hon. member withdraw his motion.

Mr. Marshall: Transfer for debate.

Mr. Speaker: Transferred for debate.
