SECOND QUARTERLY EXAMINATION RESULTS

High School Boys Heard Results Read at Massey Hall Yesterday Afternoon.

GOOD PROGRAM WAS GIVEN

De La Salle Orchestra Provided the Music and Splendid Addresses Were Made.

Despite the inclemency of the weather a large number of parents and friends of the high school boys assembled in Massey Hall yesterday afternoon to hear the results of the second quarterly examination. The program was in the hands of the De La Salle Orchestra, which did credit to itself, and is fast becoming a leading college orchestra in the city. R. C. Clarke, the leader, contributed a violin selection, "El Torador" from Carmen. The orchestra opened with a march from "Faust," and afterwards played the "British Grenadiers" for which they were given an encore, and replied by Irish melodies. R. Conlogue gave an address of welcome, and Mr. Arthur Leocor contributed a vocal selection, "The Father William Heydon" praised.

Stratford Will Vote ON INDUSTRIAL BYLAWS

Postoffice Needs Enlargement, Part Due to New Parcel Post System. (Special to The Toronto World.) STRATFORD, Feb. 13.—The Stratford Country Club has decided to build a clubhouse beginning early this summer, and it is being the finest in the province, and will have quite the prettiest view of any place in Stratford. A launch service from the centre of the city to the clubhouse will be started, and a golf course and athletic grounds laid out. The coming of the parcel post and the increase of the business through the last few years has cramped the Stratford postoffice for room. To relieve this, H. B. Morphy, M.P., has asked the board of trade to co-operate with him in having the building enlarged. The rear part of the present structure will probably be joined to the front structure from which it is now separated, by having its floor raised to the same level. Two bylaws to secure new industries for Stratford will be presented to the ratepayers on Feb. 27. One bylaw will be to grant a bonus to Charles Diabell of Hamilton for the carrying on of a furniture, frame manufacturing business; the other will give a bonus to J. S. Mullock of Hanover to conduct a flour-milling business. Another other bylaw will fix the assessment of the Stratford Manufacturing Company at \$7200.

CRIPPLING PAINS OF RHEUMATISM

Cannot Be Cured by Liniments — Must Be Reached Through the Blood.

Thousands of men and women suffer severely from rheumatism. Cruel, crippling pains in the muscles and joints make every movement a torture. Many people think rheumatism is due to cold or wet weather and they try to cure themselves by rubbing liniments on the painful parts. This is a great mistake—the rheumatic poison is in the blood, and liniments and rubbing cannot give more than the most temporary relief. If you are a victim of rheumatism or lambo you can only rid yourself of it by making your blood rich and pure, for only in this way can the poisons of rheumatism be driven from the system. Dr. Williams' Pink Pills have cured more cases of rheumatism than any other disease except anaemia, just because they make the rich, red blood that goes right to the root and cause of rheumatism. You cannot be well when your blood is impure, therefore begin curing your rheumatism today with Dr. Williams' Pink Pills. The following are the particulars of one of the many thousands of cures to the credit of this health-giving medicine. Mr. Jerome Nolan, St. Jerome, Que., says: "A few years ago I was seized with a severe attack of rheumatism. The pains in my back, arms and legs were terrible. I treated with several doctors, but they did not help me, and as time went on I was unable to work, and began to think that I would be a cripple for life. While in this trying condition a friend who had been cured of rheumatism by the use of Dr. Williams' Pink Pills, advised me to try this remedy, and I got a supply of the pills I had taken the pills for several weeks. I saw improvement, and once signs of relief came, the improvement from that time on was rapid, and I joyfully continued taking the pills until every vestige of the trouble disappeared. No one but a similar sufferer can imagine the gratitude I feel for this relief from pain and suffering. I have since enjoyed perfect health. I urge other rheumatic sufferers to give this medicine a trial." You can get Dr. Williams' Pink Pills from any medicine dealer or by mail, 50 cents a box, or six boxes for \$2.50. From The Dr. Williams Medicine Co., Brockville, Ont.

VISITOR FINDS MORE POVERTY THAN USUAL

Three Sick Families in One House Reported by St. Elizabeth Nurse.

The weather was probably largely responsible for the small attendance at the regular meetings of the St. Elizabeth Visiting Order Nurses, held in St. John's Chapel, Church street, yesterday afternoon. Mrs. Madean French was in the chair, and Rev. Father Whalen of the cathedral said the opening prayer. Owing to the number of cases, only one nurse was able to be present. She had just come from a case in a Polish family, and reported that during her visit she found much poverty, much more than usual. During the last two weeks she had attended twenty-eight maternity cases. The nurses visit average seven a day. In one house she had three families in which there is sickness. Some of the families visited by the nurses are receiving provisions from the women who, on the recommendation of the St. Elizabeth Society, distribute groceries and other living necessities Friday in a room at St. Michael's School.

Choosing Meat

THE most expensive parts of a beef are the cuts called steak because usually a steak is fried, or broiled and served as a separate food, complete in itself. The flavor of a steak is not extended to the vegetables on the bill of fare, as would be done with a pot roast or a savory stew. There is no quart or two of rich stock to give a promise of dumplings on the morrow, and there is very seldom any cold meat remaining from a steak to make over into the various savories, ragouts or hashes that all families like.

THE "BOY BURGLAR" NURSERY

CONDUCTED BY Elinor Murray

Suggestions.

Two boys, John and Henry, were caught by their mothers reading "The Boy Burglar of Chicago." John's mother took her boy away from him, threw it into the ash-pail and forbade him to read any more such books under penalty of a good sound whipping. The other afternoon the mother went out, and John, of course, got the book out of the ash-pail and finished reading it, as any normal boy would do.

Henry's mother suggested that they read the book together. Mother read, "But to us finish the book by yourself. Well," said the mother, "suppose we read a story like it, but which I think is better." The boy was interested, and the mother read "Robin Hood." The boy voted it "great," and asked John to come over the next day and listen to it. Then the mother consulted with "The Boy's King Arthur" and Penmore's "Leatherstocking Tales." Meanwhile "The Boy Burglar of Chicago" lay on the library table where Henry could get it, but it was never taken up nor finished. It was simply two ways that two mothers handled the situation but secured different results.

A child's monthly school report is supposed to give information to the parent. As a matter of fact it does not. It is filled with arithmetic instead of 88, what does that convey to the parent as to the reason why the child only got 87? As a further matter of fact the whole system of marking a child is absolutely meaningless. This opinion is that of every intelligent school principal and teacher. But to us as parents, we ought to insist upon a more intelligent system, and a more intelligent parental curiosity. What we as parents ought to insist upon is the doing away with the meaningless card, and the substitution of a simple statement from the teacher of the greatest merit of each individual child. For example: "Johnny is having trouble with his multiplication tables. I suggest that he be drilled ten minutes each day on the 'eights' and 'nines.'" "Mary is tired and sleepy in school, and is unable to get her mind on her work. Allow me to suggest that she have ten hours of sleep every night, and spend ten hours outdoors every day after school."

CURED OF DRINK BY SAMARIA PRESCRIPTION

Wishes to Help Others.

Mr. Roy Blanford of 706 East 10th street, Michigan City, Indiana, has the pleasure to wish his name published in a testimonial he gives to the wonderful benefits of Samaria Prescription for the cure of drunkenness. One treatment Samaria did it.

Many men have not the wish to stop drinking as Mr. Blanford had. Their system is undermined, their nerves, brain and stomach grave and helpless. They are slaves. They need help and in such cases friends, wives or sisters should induce them to take Samaria or give it to them in their coffee, tea or food to ease their craving and help them to take hold and make themselves into men again. It is tasteless and odorless.

Mr. Blanford knew he needed help and took Samaria to help him loosen the clutches of the whiskey fiend. It cured him and he has the courage to tell the whole world about it and send the thanks of his wife and four children for the happy home restored to them.

Mr. Blanford says, in part: "I have not taken a drink now for over four months. I have no desire—passing a saloon the odor almost makes me sick. My nerves are much better, my appetite is good, in fact my whole system is in good condition. Samaria has made a great change in me, as well as making a happy home, so let me and my wife and four children thank you, and hope Samaria will help many others." Mr. Blanford will be glad to send his correspondence as testimonials. Roy Blanford, 706 East 10th street, Michigan City, Indiana.

FREE TRIAL PACKAGE of Samaria with booklet giving full particulars, directions, testimonials, price, etc., will be sent to anyone sending the package to anyone mentioning this paper. Correspondence sacredly confidential. Write today. The Samaria Remedy Company, Dept. 102, 142 Mutual street, Toronto, Canada. Also for sale by G. Tamblin Limited, at all 10 stores.

Nine Army Officers and Eight Lipton Employees Are Accused.
