Paris, Jan. 16-(Special cable from

John W. Dafoe) .- Sir Robert Borden, who came to Paris last Saturday, ac companied by a portion of his staff, will be joined today by his colleagues and other members of the mission in readiness for the formal constitution of the inter-allied peace conference on Saturday. Lloyd Harris and Frank Jones of the trade mission arrived last night. The Canadian mission will thus be reassembled here at British headquarters, with the exception of Mr. Draper, who is attending an important conference in London between Samuel Gompers and British labor leaders, at which it is expected a decision will be reached to hold an allied labor gathering in Paris while the peace conference is in session.

There has thus been ample opportunity for the presentation of the views of all parts of the British Empire and the result is seen in the satisfactory solution of the question of the presentation of the British Damin representation of the British Dominions in the conference.

They are coming in lately at the rate of well over a hundred a day, and there is an accumulation of about a thousand with which the officials of the department have been unable to deal. So far as the Dominion Government is concerned, no passport is required for a person wishing to leave the country. But on arrival overseas the traveler must produce a passport as evidence of his bona-fides before he will be permitted to land. Before any person can leave the United Kingdon permission must be obtained from the foreign office. Most of the traffic from Canada to Europe is, apparently, that of soldiers' relations.
