

GEORGE W. CREWSON LEADS ALL SALES CLUB MEMBERS TODAY

George W. Crewson of the third district, who is leading all members of the Salesmen's Club with 292,600 credits, according to the published list today, is one of the live wires, and has made a very creditable showing ever since he entered the race. He is a first-class wireless officer, at present being employed as assistant manager of the Dominion School of Rallding and Wireless Telegraphy.

The second highest member, according to today's list, is H. C. Platten of St. Catharines, district ten, with 292,000 credits. Mr. Platten is a steady producer, and judging from his showing thus far, will be a top-notch at the close of the campaign.

Stratford Member Third.

J. A. Pearson of Stratford, district thirteen, has 291,000 credits this morning, and stands third highest in the list.

The fourth highest member is A. L. Reid of Amaranth, district fourteen, with 290,000 credits.

Howard M. Dawson of district one, city of Toronto, is the fifth highest member, having 289,500 credits.

This has been a very creditable showing, and nearly all of the new ones are showing remarkable speed. G. A. C. McAlpine of Woodstock entered in district eleven yesterday, with 41,800 credits for the first day's work.

Surprises in Store.

That there will be some big surprises in the list of standings between now and next Wednesday, when "Double 'Em Up" offer ends, is a foregone conclusion. Every member is working hard while so many extra credits are given. Many are so busy that they have not taken time to report any subscriptions lately, but judging from the requests for more receipt books by letter and by telephone, there are going to be some record-breaking reports made one of these days.

The end of the race is nearly here, and it is not long now until the winners of the \$5000 home, the four automobiles and other awards will be decided. The work done between now and next Wednesday night will go a long way towards deciding who the biggest winners will be. The results between now and August 20 will also decide the winners of the six extra cash awards.

Six Extra Awards.

The three members in the city who make the best showings during "Double 'Em Up" period will be given \$200, \$100, and \$50, according to their standing.

The three out-of-the-city members who make the best showing during the same time will be given extra cash awards of the same size.

It's the last chance to win two prizes on the same subscription, and it is positively guaranteed that the offer of extra credits in effect the last week of the race will be of less value than the "Double 'Em Up" offer.

WORLD RECORD SMASHED

Texas Oil Paying Millions in Dividends to Investors Gusher Wells Scattering Fortunes to Lucky Thousands

Texas Oil continues smashing world's production record. Eastern capitalists flocking to the oil fields by the hundreds. Even staid old Standard Oil is raising one hundred millions for larger operations. World-wide boom is barely started. Oil men predict years of unparalleled prosperity.

Oil won the war against Prussianism, and it is daily winning the victory for commerce and progress. Oil is the most essential single product known to civilization—the vital life force of industry—the greatest fortune builder of the age. **OIL HAS BEEN AND IS TO-DAY PRACTICALLY THE ONLY BUSINESS IN EXISTENCE THAT OFFERS A POSSIBLE FORTUNE ON A FEW HUNDRED INVESTED.** No period in the history of the industry has ever offered greater promise for the participation of the small investor. Get in now if you wish to share in the wonderful profits of this fortune-building business.

Texas Fortune Makers—80% Oil Wells

\$200,000,000 invested in Texas Oil has already returned \$150,000,000 profit, or 75% on every dollar invested. 85 different companies have paid an average of nearly 200% dividends; practically all new small companies organized within the past twelve months. Burk-Waggoner paid \$3,000 for every \$100. Fowler Farm paid \$15,000 for every \$100. Texas Pacific is worth \$5,000 for \$100. Many other companies are quoted at \$2,000 to \$10,000 for \$100 invested. The fabulous profits per well and the high percentage of successful wells combine to make undreamed riches. 127 wells drilled with only four dry holes.

TEXAS OIL AND CANADIAN LAWS FOR PROFIT WITH PROTECTION

CANADA PETROLEUM & REFINING CORPORATION, Limited TO DRILL IN GUSHER FIELDS OF TEXAS

Canada Petroleum has acquired several unusually promising properties in Texas and Oklahoma within the past few weeks, and negotiations are now going forward to complete the purchase of a property in the heart of the famous gusher field of Desdemona. This is to-day the greatest field of Texas. Wells are coming in daily flowing thousands of barrels of liquid gold. Leases are running into thousands of dollars an acre in Sure Shot Oil property. Canada Petroleum will drill only in Sure Shot territory, where the chances for a gusher are 95 to 100.

Mr. John McLeod, director and general field manager, is now completing the leasing of several thousand acres in the Canadian fields, and expects to leave for Texas within the next ten days to contract for our No. 1 Texas well.

Buy Into Canada Petroleum for Safety and Profit

Don't overlook this opportunity to share in the wonderful profits of the oil industry. Remember Canada Petroleum and Refining Corporation is an all-Canadian organization, chartered under the Ontario Companies' Act, managed and directed by responsible business men of Toronto, and operating under the jurisdiction and protection of Canadian laws.

Canada Petroleum is a sound, substantial oil corporation owning thousands of acres of valuable Canadian leases and a number of oil wells in the Ontario fields in addition to its Texas holdings, and we do not hesitate to assert that the Canada Petroleum and Refining Corporation offers a very unusual assurance of safety as well as profit.

Avail yourself now—to-day—of this opportunity to participate in the oil wealth that is enriching thousands. Wise investors know that now is the time—the one and only time to buy oil securities to the limit. **A FEW HUNDRED DOLLARS INVESTED IN THE RIGHT OIL STOCK HAS ON MANY OCCASIONS MADE A FORTUNE FOR THE INVESTOR.** We recommend Canada Petroleum as that kind of investment.
