Many Interesting Cases Decided in the Court of Appeal—Points Relating to Mortgages.

Mr. Justice Rose gave judgment yesterday dismissing the actions of Smith v. Pears and Barber v. McCuaig with costs. In each action the plaintiff sought to charge the defendant with personal liability to pay a mortgage upon premises of which the defendant was the owner of the equity of redemption.

In Milligan v. Bowman the plaintiff asks judgment against a husband and wife on a promissory note for $2000 made by the former and endorsed by the latter. He also says he is willing to re-convey certain property on Elizabeth-stret in Toronto to defendant Mrs. Bowman on payment of the amount he, the plaintiff, expended on it for painting, etc., over and above the rents received. The defendants admit the note, but say that the plaintiff took the property in payment of it, at the same time giving Mrs. Bowman an option to repurchase within a year, which she does not wish to exercise. Judgment was given for plaintiff with costs.

The second division of the Court of Appeal allowed the plaintiff's appeal in Leak v. Lennox, argued the day before. The Court applied the doctrine of imputed notice to the defendants, holding that the letter written by their solicitor agreeing that the coal machine in question was not to pass by the conveyance, and upon the faith of which letter the deed was handed over for registration, bound these defendants. The appeal was allowed with costs, and the plaintiff thus recovers the machine. Besides this a very important matter to solicitors as well as clients is also settled.

Mrs. Badams, while looking into a shop window on Spadina-avenue, fell through a wooden grating on the west side of the avenue just south of St. Patrick-street. She brought an action against the city, and the jury found by a vote of ten to two that the grating was on the highway, and that she should be paid $600. The corporation now ask that the verdict be set aside. They say that the grating is on private property, and if they are liable here they are liable in every case where the store is back from the street line and the owner has continued the planking of the sidewalk up to his store and show window. Judgment was reserved.

The appeal in Martin v. Sampson was then argued. H. R. Angus executed on May 1, 1895, a chattel mortgage in favor of William Sampson for $1000. The well-known affidavit of bona fides was made on May 2, 1895, and the mortgage was filed on May 3, 1895. Unfortunately Mr. Sampson did not pay over the $1000 to Mr. Angus until May 7, 1895. Mr. Angus made an assignment for benefit of creditors on May 11, 1895, and this action was brought to set aside the chattel mortgage. Mr. Justice MacMahon in giving judgment after the trial remarked that there was the most absolute good faith shown on the part of the defendant when taking the mortgage, and that were it possible to do so he would hold the mortgage good, but as the mortgage was clearly invalid he was obliged to give judgment for plaintiff, but without costs. The defendant appeals. Judgment was reserved. This case is very important. A mortgagee, as the appellant contended, never advances his money until the affidavit is made and the mortgage filed, and therefore every affidavit of bona fides is untrue, and every mortgage in the land is invalid, if, as Mr. Justice Meredith remarked, even an hour elapses before the money is advanced. The point is most important to money lenders and also borrowers, and seems to call for legislation.

U.S. Crop Conditions.

Cincinnati, Ohio, Sept. 24.—The Price Current summarizes the crop conditions for the past week as follows: Corn was practically unharmed by frosts. There is no occasion for enlarging yield estimates. Wheat offerings in the interior have been more restricted. Wheat seeding is in favorable shape. The acreage is probably maintained. The home supply for future marketings is believed to be greater than last year, instead of 7 per cent. less, as estimated, by the Government.

Sir Henry Is Kicking.

Rumor has it that there is to be trouble at the coming annual meeting of the shareholders of the Grand Trunk, to be held next month. Sir Henry Tyler, the deposed president, will, it is said, find fault with the new management and the introduction of numbers of Americans to the road staff.

To Protect Game.

It is understood that the Ontario Government will this year make a strong effort to protect the game of the province. The entire provincial detective force may be sent north with authority to control the Deputy Game Wardens in all districts. It is hoped that the usual annual slaughter of deer may thus be obviated.

TRADE IN CANADA.

R. G. Dun & Co.'s Daily Bulletin says: There is not the activity in wholesale trade at Montreal that is generally looked for at this season, and the little improvement in demand noted last week, due principally to buyers visiting the city on cheap excursion rates, is barely maintained. City retail trade also is not specially active, but the chilly weather of the last few days is calculated to help sales of seasonable dry goods, clothing, etc. Collections generally are reported but indifferent. In the grocery line attention is largely directed to dried fruits, which in most lines show a strong tendency to advance. Late cables report a much firmer market for Valencia raisins, currants, sultanas, also for French and Bosnian prunes; dates also will be dearer. Sugars are easy at last decline. Valencia almonds are being quoted at lowest figures ever known. In dry goods travelers are now about all out on the sorting up trip, but orders are not reported more than moderate; cottons continue to advance, the last notification to the trade advising an increase of 5 to 7½ per cent. in the quotations for pillow cottons. Wholesale orders for woolen goods are reported rather freer, and several mills that were closed down are resuming work. Cable advices regarding the London wool sales which opened Tuesday are to the effect that good combing merinos opened steady, other lines showed a decline of 5 per cent. For leather there is little improvement in the local demand, but sole is firmer, and the English market for Canadian black leather is better.

There is very little change in the trade situation at Toronto. Dealers report a fair business and seem satisfied with the outlook. There is a better feeling, with increased confidence in financial circles. The higher prices of wheat are encouraging to farmers, and the increased movement of produce is being felt in slightly improved payments. Country merchants are buying cautiously and stocks of merchandise are not large, a very good feature. Cotton goods are firm in prices, while woolens remain steady. Business in groceries is fairly active. There is a good deal of local competition in sugars, with sales of granulated at 4c. Dried fruits firm and currants in limited supply. Hardware dealers report a fair trade, with little change in prices. The Bank of England yesterday raised its discount rate to 3 per cent. The withdrawals of specie from this bank were nearly five millions of dollars within the week.

DICKSON & CO.

MONTREAL LIVE STOCK.

Montreal, Sept. 24.—Choice beeves were not plentiful at the East End abattoir this morning, but a fair amount of general business was done at, as a rule, satisfactory prices. Export trade was somewhat dull, but there was a healthy local demand. Arrivals and prices were as follows: 600 cattle at 2½c to 3½c, 100 lambs and sheep at $2.75 to $3 for sheep and $1.50 to $3 for lambs, 150 calves at $2 to $7 each, and 30 lean hogs at $3 to $8.

TIPS FROM WALL STREET.

The market closed steady at 4 to 4½ per cent.

Earnings of St. Paul for the third week of September decreased $71,205.

The most active stocks to-day were: Sugar 43,500 shares, St. Paul 19,400, R.I. 3400, Reading 27,100, L. & N. 6600, Burlington 14,300, C. Gas 3400, Manhattan 8300, G. E. 2200, Tobacco 6700, Southern pref. 3400.

McIntyre & Wardwell (John J. Dixon) send the following despatch to their branch office in Toronto:

The stock market continues dull but firm. It did not appear to attract any bear selling, and there were no special features, apart from the fact that much more attention than usual of late is being paid to the low-priced stocks, which are advancing. Foreign exchange firm to-day at $4.84, which figure is sufficiently high to be an obstacle to gold importations. The demand for exchange still comes mainly from the gold importing firms, who seem to be short of it to some extent. Gold arrivals to the amount of about five millions are expected in the ensuing two or three days. Trust companies are coming into the loan market with funds and time money is quoted at 6 per cent. for all dates. Call loans to-day were 4 to 5 per cent. Iron furnaces in the south are reported to be starting up again. At Chicago the attempts to settle the Moore trouble seem to be without result. Market closed a trifle from top prices.

FOR SALE OR TO LEASE.

A very desirable detached solid brick residence containing 12 good rooms and modern conveniences, large basement and situate in large lot; convenient to Yonge-street and Avenue-road cars. Apply to FRANK CAYLEY, 65 KING-STREET EAST

CHICAGO GOSSIP.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

Wheat opened higher again this morning, 65⅝c for Dec., ⅜c above last night's closing, and has been firm all day, selling at 66⅝c. May option sold into the mystical 70 mark at 70¼c. The whole trend of news to-day was bullish. Public and private cables firm and higher. Northwest receipts were 806 cars, against 1022 same day a year ago. These receipts are running smaller daily. Farmers are selling freely, but increased receipts have been more than overcome by increased exportations. Stocks on both sides of the ocean are light. Money is easier and there is a large increase in outside business. We saw a message from a well informed correspondent in Duluth to-day saying the Northwest returns were disappointing, and that the yield would not be more than half of what it was last year. The market had a good reaction, selling back to 64⅝c, and closed firm at 65½c, and certainly looks strong.

Corn and Oats—A good trade was reported in corn and oats, values ranging from ½c to ⅝c. The action of wheat helped prices, but receivers and elevator people sold quite freely at times, and the markets afterwards made but little headway, closing around opening figures.

Provisions—A good speculative trade was witnessed to-day. Offerings were not large and the demand was fair. Prices ruled higher, no doubt somewhat influenced by the strength in the grain markets. Packers bought pork and lard freely on weak spots. Outside orders moderate.

McIntyre & Wardwell (John J. Dixon) received the following despatch from their branch office in Chicago:

The opening was excited and nearly a cent higher, and the confident bulls were free buyers, giving the market a great start, but the advance was too tempting, and many longs began to realize. The best selling was for foreign account, and this fact, supported by lower cables, was the signal for general selling by local holders, causing a break of a cent and three-quarters from the top, but the close was a trifle higher, although not so buoyant as many would like. The advance, although perfectly legitimate, has been very rapid, and we should like to see some halt in the upward movement. A good indication of a healthy market is outside trade, which is increasing daily, and we favor buying on the reaction which is likely to take place. There was no export business done at the seaboard, although 90,000 was reported worked from here. Northwest cars 806, against 832 last week.

Provisions—Market opened strong and higher on buying of Jan. product by shorts who were frightened by the strength in wheat. Viles, Robins, Swift and Cudahy bought Jan. lard around opening, but did not follow the advance. Later Swift sold Jan. ribs freely. Market closes steady at a slight decline from top prices of the day.

The property of the Kootenay-London Co. consists of the ANNIE FRACTION and COMET No. 2.

Special to The Toronto World, from its own correspondent, dated: "Rossland, B.C., Sept. 15.—Le Roi's valuable ledge has been struck on the Annie Fraction property, and the work of development is proceeding night and day."

This despatch not only corroborates statements of the Kootenay-London Co., but also should assure the public of a safe investment.

A limited number of shares can be had on application to Coulthard & Co. for 12 1-2 cents per share. Cheques and drafts can be made payable to us direct, or deposited to our credit in the Bank of British North America, Toronto. Secure them at once.

Yale 3c Per Share

YALE GOLD-COPPER MINING COMPANY

Limited Liability.

ROSSLAND, B.C.

CAPITAL $1,000,000 TREAS. STOCK $300,000

Company Incorporated Aug. 27, 1896.

Yale is situated on the south belt, near to such well-known mines as the Deer Park, Lily May and others. The title is perfect. The Crown grant is applied for. Work is being actively pushed. The fact that the treasury stock will be put on the market at 5 cents makes the stock a peculiarly desirable investment, as purchasers can expect an almost immediate profit if they desire to sell. What we are now selling is promoters' stock, and is being sold to cover incidental expenses—only a few thousand for sale, for a few days. Apply at once.

The price will be advanced to 4 cents in a few days.
