The thirteenth annual meeting of the Society was held in its rooms in London, on Wednesday, August 21st, and Thursday, September 1st. The President, the Rev. Dr. Bethune, F.R.S.O., delivered a very valuable address, in the course of which he discussed those insects which had been reported as most numerous and destructive during the year. Interesting papers were also read by several members, and reports were received from the Geological, Botanical, Ornithological and Microscopical Sections, and also from the Montreal Branch, which for many years has regularly brought together for mutual instruction the students of entomology in that city and vicinity.

The Society was honored during the year in the election of Rev. Dr. Bethune to the distinguished position of President of the Entomological Club of A. A. A. S., and Vice-President of the Association of Economic Entomologists.
