GIGANTIC MERGER OF **EXPRESS COMPANIES** IN UNITED STATES

express company for the United States was created today by agreement between Director-General McAdoo and the Adams, American, Wells-Fargo and Southern companies, whose transportaof the American Express Company, will be the head of the new concern.

After July 1, when the combination becomes effective, shippers will direct shipments "by express" without regard to company, and soon thereafter the individual names of the separate companies will begin to disappear from wagons, stations and cars.

The company will be the express carrying agency of the railroads, operating privately, but under contract to turn over 50½ per cent of their gross revenue—more than \$200,000,000 last year—to the railroad for transportation privileges. PROMISING CROP FOR THE UNITED KINGDOM; PENSIONS INDORSED RECORD POTATO YIELD BY MEDICAL GROUP

Under Tillage This Year.

London, May 29.—Via Reuter's Limble ited.—The present condition of crops in the United Kingdom is very promising, speaking generally, and gives reasonable hope of at least an average possible. The total tillage area in the United Kingdom for the year 1917-18 will be well over 4,000,000 acres with the highest acreage under wheat, barley and oats ever recorded in the history of British agriculture. The acreage under potatoes will be the greatest since 1872.

and oats ever recorded in the history of British agriculture. The acreage under potatoes will be the greatest since 1872.

Assuming that after deducting seed and light corn, the entire wheat and barley crop, one-fifth of the oats crop and one-quarter of the potato crop could be made available for bread flour in case of need, these figures mean that the harvest of the United Kingdom in 1918 could provide a forty weeks' supply for the entire population at the present scale of consumption and on the existing basis of milling.

THE HAGUE, May 28.—Details of the British air raid last week in the Liege district of Belgium are published today by Les Nouvelles. A score of machines participated in the action, dropping about twenty bombs.

One bomb fell in the middle of the important railway station of Kinkempois, killing or injuring a large number of German soldiers and civilians. The explosion set fire to the building, and part of it was destroyed.

Another missile fell close to the Meuse Iron Works, which was occupied by Germans, and it produced a panic among the workers.

Bombs were also dropped at Herstal upon the Pieper Munitions Works and
