

Scottish Ritters Hold a Banquet Brilliant Event in Masonic Temple

The Last Session of the Reunion
Held in the Red Room
Last Night.

The last session of the reunion of Ancient and Accepted Scottish Rite of Free Masons was held last evening in the red room, where the eighteenth degree was exemplified, followed by a brilliant banquet, at which many of the representative Masons of Ontario were present.

The affair was a great success, about 250 attending. The eighteenth degree was exemplified by Illus. Bro. H. C. McBride, 32 degrees, London, assisted by Illus. Bro. W. Allen Young, 32 degrees, London. A number of candidates were initiated, and the work was splendidly done.

The Banquet.

After the degree work was finished, the members repaired to the banquet hall, where a fine banquet was prepared. The tables were arranged according to the custom of the order, and were profusely decorated in the lodge colors.

Dr. J. N. Wood, T.P.G.M., presided, and introduced the toast list. After the toast to "King and Rite" had been drunk, Illus. Bro. W. C. Eakin, 32 degrees, London, was called upon to respond to "The Supreme Council for Canada."

He spoke of the peculiar situation of London, which made it the richest district in Canada for the Scottish rite to flourish. At one time London leaned on the older lodge of Hamilton for support, but now she was able to stand alone.

London Valley is growing stronger and more influential every year. Bro. Young declared that he had received many congratulations on the manner in which the degree work had been put on.

Sovereign Grand Commander.

In the absence of Illus. Bro. Hon. J. M. Gibson, 32 degrees, of Hamilton, the toast to "The Sovereign Grand Commander" was responded to by Illus. Bro. W. M. Logan, 32 degrees, of Hamilton. Bro. Logan stated that Bro. Gibson was detained from being present by illness.

The toast, "Our Brethren, the Deputies," was drunk in silence, and a fitting response was made by Illus. Bro. W. D. Taylor, 32 degrees. Splendid speeches were made in response to the toast, "The Candidates," by Rev. Dr. McCrae, of Westminster, Bro. G. R. Pitkin, Petrolia, and Bro. Frank Love, London.

A musical programme was rendered by Illus. Bro. Ladell, of Brantford, and Illus. Bro. Skedden, of Hamilton. Illus. Bro. C. E. Wheeler acted as accompanist, in an efficient manner.

Regrets Received.

Telegrams of regret were received from Illus. Bro. M. M. Gibson, 32 degrees, Hamilton; Illus. Bro. J. H. Stearns, 32 degrees, Montreal; Illus. Bro. Wm. Holman, 32 degrees, New York; Illus. Bro. Judge D. F. McWatt, 32 degrees, Saratoga; Illus. Bro. W. C. Eakin, 32 degrees, Toronto; Illus. Bro. J. R. Seymour, 32 degrees, Vancouver; Illus. Bro. E. T. Malone, 32 degrees, Toronto; Illus. Bro. John Ross Robertson, 32 degrees, Toronto; Illus. Bro. Angus W. Cooper, 32 degrees, Montreal; and Illus. Bro. Senator Wm. Gibson, 32 degrees, deputy of Ontario.

The banquet broke up by singing the national anthem. The perfecting of the game laws is again occupying the mind of Mr. A. C. Pratt, M. P. for South Norfolk, who has been instrumental in the past in securing useful amendments. His attention is especially directed to Long Point Bay, on Lake Erie, which has long been famous as a paradise for duck hunters. Mr. Pratt states that only a couple of weeks ago, before the hard weather set in, there were thousands of ducks to be seen on the bay. Among the varieties that frequent this district are the canvasback and red-head, or deep sea ducks, but during the past season very few of these were taken. The reason for this is that the property all around the bay, which is nine miles across, has been acquired by numerous hunting clubs who have also water rights extending for 220 yards from the shore. A late regulation, however, makes it unlawful to set the decoys or shoot ducks more than 200 yards from the shore, so that the general public are excluded from the bay. The presence of thick rushes along the shore, too, has not invited the canvasbacks and redheads within the 200-

yard limit, and they have gone to and from the bay with few "fatalities" this year. Mr. Pratt will seek to remedy the whole situation both on Long Point Bay and elsewhere in the Province by securing a regulation abolishing the 200-yard limitation opposite the property of any hunting club, or at least of extending the limit 200 yards beyond the water right of the club, so as to give the ordinary man with a gun a chance to hunt on this popular Canadian spot.

A Toronto man who likes duck-shooting admired Mr. Pratt's new idea, and said he would even have it go further. "Long Point is practically owned by the Americans now. Sportsmen from Pittsburgh and Buffalo have made it their Mecca," he said. "They are genial fellows, but they have the sense of proprietorship. I would like to have the law made so that there would be no limit as to how far out the sportsman could go while the ducks are in the bay. A man out duck-shooting does not want to be measuring a distance limit."

Systematizing Charity Work in City

At a meeting of the Charities Organization Society yesterday afternoon, it was decided to divide the city into 50 or 60 districts for charitable purposes, and President Gates, Sheriff Cameron and Inspector Sanders were appointed a committee to arrange the details. Each district will be in charge of a committee from one or more of the churches.

Any case of want or destitution will be discovered by this committee, and reported to the church to which the needy belong.

Any case the churches cannot handle will be reported to the Charity Organization, and that society will take action on it.

In this way, duplication of charity will be prevented, and more efficient work done.

Nearly every church was represented at the meeting yesterday afternoon.

It is expected that repairs to the pavements this year will be commenced much earlier than has been customary.

The contract for the repairs was awarded to the Barber Asphalt Company at the last meeting of the council.

"It will be easily done this year, as the Barber people will be here working on the Dundas street pavement. But the repairs should be made early every year."

It is understood that a clause will be inserted in the contract calling for the repairs to be made before June each year.

A. O. U. W. Will Form Social Club

A largely attended meeting of the eight lodges of the A. O. U. W. was held in the lodge rooms in the Albion block last night, when it was unanimously decided to form an A. O. U. W. Club for entertaining new members.

A hall will be obtained at once, and will be kept open during certain hours every day and evening.

A special effort will be made to have the new club running by the time the summer had worn a number of large holes, and the repairs amounted to considerable.

Cartage Rates Go Up Two Cents Cwt.

A dispatch from Montreal confirms the statement made in The Advertiser on Tuesday regarding the increase in cartage rates.

On March 1 Canadian railways will increase the cartage charge on the delivery of consignments of freight from one and a half to two cents per hundred pounds. This increase has been demanded necessary by the enhanced cost of delivery due to the greater cost of wages, fuel of horses, and other expenses, which have had the big delivery companies to increase their charges to the railways.

Mr. G. M. McWatt, president of the A. O. U. W. states that the increase will not be the amount charged the railways by the cartage companies, but will be passed on to the customer by the enhanced cost of delivery due to the greater cost of wages, fuel of horses, and other expenses, which have had the big delivery companies to increase their charges to the railways.

Col. Peters Remains for Another Year

Col. Peters has been notified that his term of the appointment as commandant of the 1st military district has been extended for another year. This has been decided by the War Department, and has been extended to March 1st.

Mr. Sullivan Is New School Inspector

Mr. J. F. Sullivan, of Ottawa, has been appointed inspector of Catholic schools of this city, to succeed Mr. J. F. Power who has been named an assistant Normal School principal. The new inspector is a graduate of Queen's University, and has a splendid educational record behind him. He has been connected with Ottawa schools for some time and was very popular.

Mr. Sullivan will reside in the city. His duties will commence shortly.

Police Not Bothering About Emma

Several rumors were in circulation this morning that Emma Goldman, the notorious woman anarchist, who has been in the city for several days, was constantly under police surveillance, and that she was shadowed everywhere. "As far as I know, the police took no notice of Miss Goldman," Chief Williams told The Advertiser this morning. "We had no communication from any American cities in regard to the matter."

It was stated, notwithstanding, that Miss Goldman is followed everywhere she goes by agents of the Russian and American secret police.

It is a well-known fact that the Russian secret service extends even to America and a large force of spies are constantly watching the Russian and Polish emigrants to the States.

It is also said that Miss Goldman was being followed in this city by a female shadower who watched her as closely as possible.

What it means to try and sell cigars made from Canadian tobacco to people accustomed to using the finer grades.

"They simply won't have it at any price. It may do for a few French-Canadian lumbermen who do not know what good tobacco is."

"We are now, one and all, as we were at first, firmly opposed to the measure, and the same reasons that we placed before the Government when we sent a deputation to Ottawa, apply now."

REFUSED TO INTERFERE TO SAVE HOTELS

Toronto Liquor Men Present Monster
Petition in Vain.

[Special to The Advertiser.]

Toronto, Feb. 21.—The liquor men of Toronto went up to the Parliament buildings this morning with a petition containing 13,344 names, 13,324 short of the 50,000 the liquor men started out to secure. They asked the Government to interfere and prevent the cutting off of 34 hotels in Toronto until the people had voted on the question.

"The Government cannot interfere," said the council had the right to reduce licenses in the city, and any interference by the Government would establish a pernicious principle, because it would take away any guarantee of permanency and continuity of legislation," replied Premier Whitney.

The toast, "Our Brethren, the Deputies," was drunk in silence, and a fitting response was made by Illus. Bro. W. D. Taylor, 32 degrees. Splendid speeches were made in response to the toast, "The Candidates," by Rev. Dr. McCrae, of Westminster, Bro. G. R. Pitkin, Petrolia, and Bro. Frank Love, London.

Are Opposed to Wigle Proposition

The cigar manufacturers of London are decidedly opposed to the proposition submitted by Mr. Darius Wigle, of Kingsville, at Ottawa yesterday, asking that a customs duty of 35 cents a pound be placed on all imported leaf, that a duty of a dollar a pound be imposed on cigars made in Canada, and that there should be a uniform stamp.

"It's all very well for Mr. Wigle to try and force an inferior grade of Canadian grown tobacco on the manufacturer," said a leading cigar man this morning.

"He hasn't got to sell the goods after they are made and we know

what it means to try and sell cigars made from Canadian tobacco to people accustomed to using the finer grades."
