## THANKSGIVING DAY IS SET FOR MONDAY, OCTOBER 18 PETROGRAD PEOPLE RIOT; DROWNSOVIET COMMISSIONERS RECORD CROWDS POURING IN FOR LONDON'S BIG FAIR

Big Crowds Pouring Into City For London's 'Great Exhibition-Farmers' Day Tomorrow Promises To Break All Records.

Complete satisfaction with the attendance so far, and the brightest expectations of bumper crowds this afternoon and evening, were expressed at the meeting of the directors of the Western Fair Association at noon today. Everything was reported to be running with more than ordinary smoothness. Additional ring attractions before the grandstand will be provided this evening and remaining evenings of the Fair. It is likely that a Wild West act will be obtained from the Johnny Jones' midway outfit, or possibly several acts.

Charge 10, Cents.

Ald. F. E. Harley and Ald. W. A. Wilson moved a resolution to admit the children Friday for 5 cents as on Monday, but an amendment in favor of 10 cents for the children, moved by J. H. Saunders, was carried.

Tomorrow, Hon. Manning Doherty, provincial minister of agriculture, will attend the Fair, and Professor Reynolds of the Guelph Agricultural College, and Lieut.-Col. W. J. Brown of the Western University, have also been invited to be guests at the directors' luncheon at noon. sibly several acts. The attractions committee was authorized to exceed its appropriations for ring attractions at today's meeting and the new attractions will appear before the grandstand this evening. Various ring equipment required by acts which only presented part of their entertainment Monday is being secured by the Fair board, and the elephant to a double act.

Most of the live stock classes are better represented than in previous years. Beef cattle are the single exception to this rule, one of the judges stated this morning. The dairy breeds are exceptionally well represented, and there are probably more sheep and swine on exhibit than in any previous year. Johny Jones Shows.

The Midway is considerably larger than last year, and most of the shows are new, and have not appeared here.

Friday will be another big popular priced admission day, when adults will pay 25c and children 10c. The gates and tickets committee was authorized and tickets committee was authorized to confer with Mr. Jones, of the Johnny Jones Midway Shows, to ascertain will deep the state of "crazy houses," mirror mazes, Katzenjammer castles, a midget show, Continued on Page Eleven.

tertainment Monday is being secured by the Fair board, and the elephant and pony act will be lengthened but to a double act.

More Lights Also.

Additional hydro lights will be strung along the front of the grandstand so that more light will be thrown on the Auto Polo act, which evoked storms of applause Monday. Three cars were wrecked at Monday night's performance, but the polo players carry a full staff of expert mechanics and repair men with them, in addition to four or five cars, and no matter how often or how badly the cars are wrecked they are back in shape, for the next performance. The inside ring fence suffered very badly, however, and by the time the act is through appearing there will probably be no fence left.

Friday will be another big popular-priced admitssion day, when adults will appeared here before. The shows practically without exception are uniformly clean and there are neither harrowing freaks nor sugestive dancing shows to offend fastidious sensibilities. The unusual people include a pair of Siamese twins, two pretty little English girls; an armless, legless veteran of a Manitoba blizzard, who gives an instructive lecture on the importance of the word "Try"; a memory expert who can remember the population of any city in the world; a Swedish strong man, who twists up horseshoes like hairpins; a fat boy who has fatty Arbuckle outclassed and outgirthed several times; a clever young Pueblo Indian clay modeler; some large men will appear the population of any city in the world; a swedish strong man, who twists up horseshoes like hairpins; a fat boy who has fatty Arbuckle outclassed and outgirthed several times; a clever young Pueblo Indian clay modeler; some large men will appear to the more population of any city in the world; a swedish strong man, who twists up horseshoes like hairpins; a fat boy who has fatty Arbuckle outclassed and outgirthed several times; a clever young Pueblo Indian clay modeler; some large men with them.

#### WOMEN TO TAKE OVER IMPORTANT DUTIES CONNECTED WITH CHURCH

Montreal, Sept. 14.—Bishop Farthing, speaking last night of the outstanding features of the Lambeth Conference, which he recently attended, said that those were international relations; the position of women in the church, and church reunion.

In regard to women it had been decided to revive the order of deaconesses, and women will now be able to minister in various forms, such as preparing candidates for baptism and confirmation; assisting at the sacrament of baptism; or even administering the rite itself in emergency cases. Under certain cases women will also be able to read the prayers in church or instruct and exhort.

The most important part of the work, said Bishop Farthing, was reunion. The committee issued an appeal to all Christian people to confess and repent of the sin of schism, and the bishops are determined that in future the responsibility for disunion shall not rest with them.

Napoleon Tremblay and Malvina Despatite were cousins, though their common ancestors live of over a century ago. They were married by a priest without a dispensation, as required by the Roman Catholic Cherch. Upon the petition of the husband in 1912, the church autorities first, and then the civil courts, annielled te marriage on the grounds that as the church law had been ignored it was void. The wife, on the strength of a fund subscribed by sympathizers in Montreal and Toronto, appealed against the annullment from the tually no change in his condition, and concerning the condition of Terence said a member of the London Housing MacSwiney, lord mayor of Cork, were issued this morning, the 33rd day of the inpossible now to obtain any more money at 5 per cent, and if the city had looked ahead it would have meant a big saving to scores of builders.
