FISHING SEASON
NOT UP TO MARK

All Lines Were Below
the Average for Pres-
ent Season.

SOME REASONS GIVEN

High Tides and Prevalence of
Dog Fish Partly Responsible
--Lorneville Fishermen Had
First Rate Salmon Catches.

The fishing season has up to the present
at least fallen considerably short of being a
success even from the average point of
view. P. A. Smith, who has been for over
twenty-seven years in the business, gives
some explanation for the shortage, and
regards dog fish as one of the greatest
enemies of the fishing industry, as they
drive out the herring and this means a
falling off of other varieties, most of
which feed on the particular fish.

Mr. Smith pointed out that the gape-
ous season, which opened on or about
the beginning of April, was not up to the
mark, there having been only about a
two-thirds catch. Bad weather is largely
accountable for this and easterly winds
are very detrimental to the gapeous
fishery. The river freshet has also a great
influence, as the fish in striking for the
spawning grounds at the head waters are
unable to stem the heavy downward flow
of water. With an ordinary freshet, how-
ever, it is possible for the gapeous to
get into the harbor easily enough.

The shad fishing this season has been a
complete failure--even worse than the
two preceding years. Little reason is given
for the dearth in shad, except perhaps
the unfavorable weather, or it might be
the catching of "come-backs" (spawners
fish) up river. A few fall shad--and
very fine specimens too--are being caught
in the salmon nets, but Mr. Smith re-
gards the present time a little previous to
make predictions relative to the catch.

As far as Lorneville is concerned there
has been a good average salmon catch this
season, but the same cannot be said of the
harbor catch, which has been a complete
failure, as the river has been so high that
it has kept the salmon out.

Taken together the season's catch has
not been so great as last year, but fisher-
men have realized just as much money as
prices have advanced. The only line to
which this is not applicable is shad. Cod
and haddock have been taken in large
quantities and this, Mr. Smith attributes to
the prevalence of dog fish, which he re-
gards as a veritable pest. He suggests
that the government establish a fishery
factory on the shores of the fishing dis-
tricts and offer a bounty to fishermen for
these fish, which would thus be at least
partially exterminated.

It is worthy of note that during the
months of May, June and July the people
of St. John have consumed considerably
more fish than during the same time last
year. This is due in a measure to the
advance in the prices of beef and other
meats.

DEATH ANNOUNCED;
HE STILL LIVES

Elijah Hays, of Warsaw, Ind.,
Mourned as Dead, is Very
Much Alive.

WARSAW, Ind., July 25--Elijah Hays,
a philanthropist, aged 90 years, whose
death was announced last Sunday from a
local pulpit, is still alive. At his home,
yesterday he walked to a window, fell and
cut a severe gash in his head, but last
night was said to be much alive in spite
of the obituary printed on Monday.

Monday morning an undertaker called
to enquire about the body and found that
Mr. Hays was alive but in a comatose con-
dition. The nonpareil received some
what and today was able to leave his bed
unaided. In 1887 Mr. Hays gave all his
property, amounting to \$100,000, to the
Methodist Episcopal Foreign Mission-
ary Society for use in the education of
preachers at the Nicholas Low Institute
at Mercedes, Argentina, South America.
After this gift he received an annuity
from the church. In 1904 he turned over
to the Foreign Mission Society of the
Methodist Church \$21,000 which he had
saved out of this annuity.

AN OUTSIDE VIEW

What the St. Andrews Beacon
Thinks of Recent Police Court
Decision.

The St. Andrews Beacon says:--Police
Magistrate Ritchie, of St. John, does not
propose that the police shall do any more
skull-cracking than is absolutely neces-
sary. Perhaps there is too much of this
kind of thing at the same time the mag-
istrate should see to it that the strong
arm of the law is not shortened by a hos-
tile attitude on his part towards the po-
lice force. At best the policeman's lot is
not a happy one, and if his enemies re-
ceive a too sympathetic ear from the
magistrate, neither their lot nor the peace
of the city is improved.

A cable despatch to the New York
Herald from Utrecht, Holland, says:--"At
Houmen, near Nywegen, the automobile
of Lord Lillie, of New York, was
knocked down an aged woman. The vic-
tim was taken in the automobile to Ny-
wegen, but died soon after arrival there."

CIGARS WILL
COST MORE

Havana Cigar Makers Decide
to Raise Price of the Weed.

HAVANA, Cuba, July 25--Twenty in-
dependent cigar manufacturers, though
not the most important ones, have decid-
ed to raise the price of cigars, charging
American money instead of Spanish gold.
This step is likely to be followed soon by
all.

WILL IMPROVE
THE LOCALITY

Fire Cleaned Out a Disreput-
able Portion of Victoria, B.C.

TORONTO, July 25 (Special).--The fire
which caused \$150,000 loss in Victoria, B.
C., wiped out one of the most disreputable
portions of that city, states Rev. Dr.
Sutherland, of the Methodist mission.
"And I for one do not regret it, although
our Indian mission was destroyed. That
part of the city is near the Indian re-
serve and was a regular highway for In-
dians going and returning from the Fraser
River fishing beds. The fire will improve
the locality and the Indians and Japa-
nese who congregate there will not now be
subject to the great temptations which
used to ensue there."

NEWS FROM
FREDERICTON

FREDERICTON, July 25 (Special).--The
death occurred at his mother's home
at an early hour this morning of D. A.
Dow Coburn, well known young physi-
cian who practiced at Canterbury. He had
been ailing about a year from lung trou-
ble.

He was a native of Kewick Ridge being
a son of the late Dr. Benjamin Coburn.
He graduated from McGill College in 1884.
The deceased was thirty-seven years of
age and a widower. His wife was a
daughter of Customs Officer Luke Lawson
of McAdam. He is survived by his mother
and two sisters, Mrs. W. C. Burr and
Miss Hazel Coburn of this city. Senator
John Chipman is his uncle. He is in-
terred in the McAdam lodge of Freemasons and
the funeral will take place tomorrow af-
ternoon under their auspices.

It has been raining heavily here this
morning and in consequence the horse
races have been postponed until to-
morrow.

VOLCANIC
ERUPTIONS

SYDNEY, N. S. W., July 25--Reports
from the Tonga Islands state that seven
columns of volcanic eruptions were vis-
ible at sea for two weeks recently from
the island of Tongatabu, within an area
of two miles. The eruption has been ac-
companied by a continuous roaring noise
and frequent explosions. Black pumice
stones in large quantities were thrown
as far as Nukualofa, the capital, a distance
of thirty miles. The Tongan government
states that land is forming ar-
ound the scene of the eruption and it is
believed that a new island is in the pro-
cess of formation.

Ring-Grundmark

A pretty wedding was celebrated at the
home of Captain and Mrs. Grundmark,
Sea View, St. John colony, yesterday af-
ternoon, when their daughter, Miss Lena
Sophia, was married to Harry W. Ring
of this city. The ceremony was performed
by Rev. L. A. McLean of Calvin Pres-
byterian church, St. John, in the presence
of a large number of guests. The bride
wore a dainty gown of white silk and car-
ried a bouquet. She was attended by
Miss Violet Grundmark, her sister, who
acted as flower girl. At the conclu-
sion of the ceremony a sumptuous repast
was served at which the bride and groom
were seated. The wedding was a most
wedded couple left for their future home
in St. John west.

Augustus R. Macdonough

(Boston Herald, July 22).
Old Boston families were given today
to learn of the death in New York of
Augustus Rodney Macdonough, son of the
late Commodore John Macdonough, U.
S. N., at the age of 86. He was born in
Middleton, Ct., and was well known
here among the older people, whom he
often visited.

His nephew, Rodney Macdonough, who
for years was considered a confirmed
bachelor, recently married Miss Estelle
Gleason, a charming St. John girl, much
to the surprise of their friends. They live
at 84 Huntington avenue.

Augustus Rodney Macdonough was for
25 years the secretary of the Erie rail-
road, but was compelled to resign about
six years ago because of failing health. He
was a widower and had no children. He
was particularly well posted on Dutch his-
tory.

Mrs. Mabel Warnock

The death occurred this morning of
Mrs. Mabel Warnock, wife of William
Warnock, Prince street, west end. She
was twenty-eight years of age.

Mrs. Almon an aged lady one of the St.
John church members yesterday lost her
pocket book containing something over
five dollars, in the station. The old lady
left her loss keenly but Officer Collins
cleverly recovered her pocketbook from
some Indians who had taken it.

A match game of tennis will be played
on the courts of the Westfield Out-
ing Association at Woodstock on Satur-
day evening next between Alex. Macar-
ley, Stephen McVitty, J. V. Dwyer and
D. Mullin. It is expected that a great
game will be the result as all are stars
with the tennis rackets.

Diver Doyle was at Westfield all day
yesterday endeavoring to locate the Wick
salmon boat Lalla Rookh. Drags
were also used but all efforts proved fruit-
less.

OTTAWA HAS A
\$300,000 FIRE

A Fierce Blaze in New
Edinburg Section of
Capital

VALUABLE PROPERTY

The W. C. Edwards Company
Works Damaged to Extent
of \$250,000 --- Hotel and
Other Buildings Wiped Out.

OTTAWA, Ont., July 25 (Special).--The
New Edinburgh portion of the city, which
is adjacent to the government house and
lying to the east of the Rideau River, was
visited by a disastrous fire this morning.
The total loss is put at \$300,000. Of this
amount about \$250,000 will have to be
borne by the W. C. Edwards Company, of
which firm Senator Edwards is the head.
The W. C. Edwards sash and door factory,
the planing mill, the library bureau of
Canada factory, in which the W. C. Ed-
wards Company is largely interested, sev-
eral piles of valuable lumber, Blackburn
& Russell's sash warehouse, Foley's
hotel, No. 6 fire station, and C. J. Neal's
grocery store and the main offices of the
Edwards Company are all burned to the
ground.

Several other buildings, including the
fine residence of the Blackburns were
scorched.

The W. C. Edwards & Co's main lum-
ber mill lies on the west side of the Ride-
au river which at this point is spanned
by a bridge over which the street cars
run along Sussex street to Rockcliffe and
escaped. The lumber piles destroyed were
principally hardwood. Altogether about 2
million feet of lumber was burned.

Gordon Edwards was seen, and he placed
a bridge over which the street cars
run along Sussex street to Rockcliffe and
escaped. The lumber piles destroyed were
principally hardwood. Altogether about 2
million feet of lumber was burned.

The wind was blowing northeast and in
this way the main mill was saved. Had
the wind been in a westerly direction the
whole mill which is one of the most mod-
ern and best equipped in the Dominion
would have been totally destroyed. Some
very fine new machinery was placed in
the planing mill yesterday. The lumber
piles are burning themselves out on the
edge of the Ottawa river where it is joined
by the Rideau.

SITUATION IN
CONGO STATE

BRUSSELS, July 25--Advices from the
Congo state that an officer and nine mil-
lita men have been killed by the natives
and that the French Congo has been
in the interior, where the
native soldiers are rising against the
white.

A LARGE ORDER

Lieut. Col. Gaskin of the Salvation Ar-
my told a Times man a good story this
morning relative to the ignorance of many
English people as to the size of Canada.
They appear to think that this
country could be covered in a morning's
walk.

On one occasion the Army was asked to
locate a lost relative in Canada. Lieut.
Col. Gaskin wrote asking for particulars.
He explained that if the parties could
give some idea of the man's location the
army could perhaps trace him. The fol-
lowing explicit statement was received in
reply:--

SHOULD WORK FULL TIME

There is considerable comment heard
about the city, especially on the west side
over the fact that the dredge "Beaver" is
idle for about six hours every day, at
high tide. The dredge works at the chan-
nel dredging only at low water, and at
half tides has to lay up. It is felt that
with so much dredging to be done on the
west side, a dredge should not be idle
for that length of time.

Hon. J. G. Forbes and Rev. G. M.
Campbell will leave next month on a
tour of the eastern coast of Nova Scotia
in the interests of the Canadian Bible so-
ciety.

An earthquake shock occurred at Co-
muna, Italy, yesterday, and in several
provincial towns where the people be-
came panic stricken. No damage has been
reported.

Furness steamship Rappahannock, Cap-
tain Buckingham, will go to sea this af-
ternoon at four o'clock, bound for London,
via Halifax, with a general cargo.

THE TIMES NEW REPORTER

JAMESSEY IS HET UP.

Our esteemed
citizen Mr.
Jamessey Jones,
desires to add his
tribute of praise
to the group of
eminent en-
gineers who are
now conduct-
ing the affairs
of the board of
works. Jam-
sey has been
going about the streets,
noting their fine
condition and the great speed with which
needed work is being done. Pinch-bars
have replaced derricks for lifting heavy

WILL START
ON MONDAY

Clark & Adams Expect
to Be Ready
Then

ON NEW WAREHOUSE

May Be Interesting Develop-
ments When Workmen Get
Together on New Clark
Wharf--An Opinion As To
Question of Extras.

It is probable that Clark & Adams, con-
tractors for the warehouse on the D. C.
Clark wharf will commence work on Mon-
day. Mr. Adams said this morning that
everything in the way of materials for
the warehouse was in readiness and had
been for some time and he thought they
could make a start on the work on Mon-
day. While Mr. Clark had expected to
begin the foundation of the warehouse
the warehouse could start at any time
now, he said it would be difficult to get
their material down the wharf and at any
rate there were only eighteen men ready,
however they would like to get started
and would make a try at it Monday if
possible.

It is expected that there will be some
interesting times when the two gangs of
men get to work together, one crowd on
the D. C. Clark wharf and the other on
the main wharf. Some knowledge of the
one on the west side predict a clash.
D. C. Clark is making good headway
with the foundation of the warehouse.
About 110 feet has been put up; of this
amount about a third--will have to be
widened to provide for the extra two
feet which it has been found necessary to
allow for the grain conveyor. The work
now being done extends two feet to the
north of the original line as called for in
the specifications. At before stated, some
80 extra pieces of piling will be required
to make the change and this, of course,
will be included in the already rapidly in-
creasing bill of "extras."

A west side man who is competent to
judge such matters, stated today that the
bill for extras on this wharf owing to the
changes that had been, or were to be
made, on the specifications, would amount
to well on to \$20,000. If proper care
and foresight had been exercised in pre-
paring the specifications part of this am-
ount would have been included in the or-
iginal contract price and some of the
charges would have been eliminated al-
together, as the changes made had all
been more costly than if they had been
in the original plan.

HANGED HER
AT SUNRISE

Madame Fromkina
Was Executed This
Morning

MOSCOW, July 25--With the observance
of the greatest privacy Madame
Fromkina, who in March last attempted
to assassinate General Ribbentrop, the ex-
ecutioner of police, and who in May made
an attempt to murder the inspector of the
political prison here, was hanged this morn-
ing at sunrise.

The authorities made every effort dur-
ing the past fortnight to persuade the
woman to plead for the mercy of the
emperor, but she obstinately refused
to do so. Her parents interceded with the
prison her behalf but their efforts were
unavailing.

Madame Fromkina was not charged
with actual murder, but accused of mak-
ing several ineffective attempts to kill of-
ficers. It is believed that her mind was
unbalanced and that she suffered from
hysteria.

The engagement announced of Miss
Marion J. Peters daughter of the late
Thomas W. Peters to Harry A. Marvin,
traveler for the Maritime N. E. Co., the
marriage will take place Aug. 7 at the
home of Mr. and Mrs. A. M. Phillips.

Mr. George Costin of New York is vis-
iting her brother, D. J. Brown, Leinster
street.

A CARNIVAL OR
OLD HOME WEEK

Mérchants Suggest
Such a Celebration
be Held Here.

DURING THE AUTUMN

One Business Man Thinks we
Should Commence at Once
to Lay Plans for it--Mayor
Says There is no Hurry.

There is a feeling among many of the
business men of the city that something
should be done at once toward making
preparations for a fall carnival or Old
Home Week.

The date suggested for the affair is
about the middle of September. At that
time the tourist rush will be pretty well
over, and the hotels will be able to accom-
modate the big influx of visitors that
would no doubt be attracted here if an-
nouncements for cheap excursions from var-
ious points were made.

One of the prominent merchants speak-
ing of the matter today said he thought
no time should be lost in making the pre-
liminary arrangements, as there would
naturally be a lot of advertising to be
done and the form of celebration and the
attractions should be decided on as soon
as possible. He said he believed that all
the business men who subscribed to the
exhibition fund which was started by B.
K. Macaulay a few months ago, would be
willing to allow the amount subscribed to
be devoted toward whatever scheme a
committee of the citizens thought best.

The proposal to have an Old Home
Week with processions, a regatta on Lily
Lake and fireworks in Rockwood Park,
sports on the Victoria grounds, and may-
be a horse show or some other feature,
seems to be the suggestion that meets
with most favor.

Mayor Sears, when asked about the
matter this morning, said he thought
there was plenty of time yet to think
about it. He thought the visit of the
Governor General here and the firemen's
tournament were enough to keep busy on
for a while, and the matter of an Old
Home Week could be considered after the
fact. He said he was not in a hurry to
decide on a suitable time to hold a carnival
or some such affair.

It is, however, the opinion of a number
of prominent merchants that the matter
should be delayed as long as possible, but
that arrangements should be discussed now.
It is argued that there need be no inter-
ference with the summer programme, but
able advertising to ensure success, some-
thing should be done as soon as possible.

CAPTAIN HAS
STRANGE PETS

British steamship Laura, Captain W.
H. Res, arrived in port this morning from
Boston in ballast to load coal for West
Coast of England. The Laura landed at
Boston 2300 bales of sisal grass from Pro-
greso, Mexico. Captain Res has on board
a couple of strange pets, a shaggy goat
and a raccoon. These two animals are
as comradely companions and play about
the deck to the amusement of the crew. They
have been trained to do many tricks. The
goat will run round in a circle when the
captain is on the deck and the raccoon
will jump through hoops held by the
crew and alight again on the last great back
of the steamer. The steamer is now berthed at the
new wharf. Pilot Thomas Trainor brought
her into port.

KNIGHTS OF PYTHIAS

The Knights of Pythias of St. John will
observe their annual memorial day serv-
ice at the wharf at Indiantown at 8.30
a. m. Thursday, the 15th. The return
next day would be via the C. P. R.
The mayor has been invited to attend the
reception and festivities in Halifax,
while Earl Grey is there, but will not
likely attend as he expects to go to
Boston on August 1 to attend the Old
Home Week celebration.

His worship thinks that the mayors of
the provincial towns should be invited
here to meet the governor-general.

THE CANADIAN
ARTILLERISTS

PETAWAWA CAMP, Ont., July 25
(Special).--The Canadian team of heavy
artillery was gotten together for the first
time this morning.

The personnel of the team is:--In com-
mand, Major C. Leigh 4th regiment, P. E.
I.; Captain J. A. Ewing, 2nd regiment,
Montreal; Lieut. J. E. McGowan, 3rd
regiment, N. B.; Lieut. Cobbet, 5th B. C.
battery; Sergt. Major Brown, 3rd N. B.;
Quartermaster Sergt. Slade, 2nd Montreal.
Orders: Sergt. Elliott, 2nd Montreal;
Sergt. Morgan, 3rd; Williamson, Bom-
bardiers Charbonneau, Trold, Lamont;
Gunnery Crook and Glas, from 2nd Mon-
treal; Sergts. Penny, McKinn and White-
bone, Corporals Allan and Giles from the
3rd regiment, St. John, N. B.; Sergt.
Harris, Cornfoot, Harris, Dorey, West-
away and Diamond, Corporal Seaman,
Bombers Grennan, Prouse, and Craig
and Gunner Baginell from the 4th
regiment, P. E. I.; Sergt. Redbury and
Bombers Wright and Moffatt from
Cobourg.

NEWCASTLE, N. B., July 25--(Spe-
cial).--The trial of Henry C. Nevin ended
before Judge McLatchey today in a ver-
dict of not guilty. Nevin was indicted
on two counts, conjugal relations with
two women at the same time, and adul-
tery.

Nevin was indicted on two counts, con-
jugal relations with two women at the
same time, and adultery. Nevin was in-
dicted on two counts, conjugal relations
with two women at the same time, and
adultery. Nevin was indicted on two
counts, conjugal relations with two
women at the same time, and adultery.

GOT \$30 FROM
MRS. FERGUSON

And Now Charles McDonald
is Charged With Obtaining
Money Under False Pretences.

WILL GO AFTER
SATISFACTION

In consequence of an editorial in the
Star of Tuesday last, the management of
the steamer Elaine are understood to have
under consideration the issuing of a writ
for libel against that newspaper.

The editorial in question alleges that on the
Monday trip Capt. Peatman had, after the
boat left her dock at Indiantown, no-
tified passengers destined for Westfield,
that he would not land them, and that
until the failure of a boat to put in an
appearance in answer to the steamer's
whistle did the steamer go to the wharf.
Capt. Peatman is also charged by the Star
with profane language while the passen-
gers were going ashore at Westfield. Crit-
icism is made that carelessness is shown
in the stowing of freight and states that
the smoking rule is violated to the extent
that passengers had been seen to smoke
and throw lighted matches in deep prox-
imity to packages of bananas, pecked
hay and cans containing oil. Freight is
also claimed to be stowed too close to the
engine room and stove hole. The entire
article is a general criticism of the man-
agement of the captain of the steamer.

CHASED HIM
OUT OF TOWN

Miners' Organizer For-
ced to Leave Town
by Citizens

TRIED TO ORGANIZE

But Found He Had Struck
Poor Locality for His Business
--Beaten, Arrested and Made
to Run for His Train.

ELLY, Minn. July 25--Alfred Lundstrom
a local organizer for the Western Federa-
tion of Miners, was run out of town yester-
day by business men. Lundstrom went
into a market and attempted to form an
organization among the clerks. The clerks
informed the owner of the shop and Lund-
strom was knocked down several times by
the proprietor. The organizer took to his
heels up the street, followed for several
blocks by the market keeper, who struck
him as often as he got within reach.
Lundstrom was given and Lundstrom
was escorted by a jeering crowd to a train.

Anticipating violence by the Western
Federation of Miners citizens held a mass
meeting last night, at which the city
pledged armed protection to all miners
who wanted to work. Special officers will
be sworn in as an army necessary to
carry out the promise of the city. Nearly
every man in the city has pledged him-
self to serve as a deputy should the occasion
arise. The authorities of Bovey have in-
structions to turn back any agitators at-
tempting to enter.

HE WAS ON ILL
FATED STEAMER

FREDERICTON, July 25 (Special).--
Moses Burpee, son of Jas. Burpee of Bur-
ton, Sunbury County, held the position of
engineer of the ill-fated steamer Columbia,
lost on the Pacific on Saturday. Burpee
his relatives having had no word from
him since the disaster, are naturally very
anxious concerning his welfare. Mr. Bur-
pee has been in the west four years ago
with his bride.

WANTED--AN DIRECTOR

To the Editor of the Daily Times:
Sir--In view of what has been said by
the Daily Telegraph about the director-
ship of the city, I feel it my duty as a
citizen and taxpayer to add a few words
to what you have already said in this
vital matter. We are in need of a com-
petent director who are dropping money
every day, not only on the west side, but
all over the city. Workmen leading their
time. Two and in some cases three homes
where one competent man would be suf-
ficient. Men leaving off work before the
proper time. Doing work by the day
when contract work should be done. For
example the new water main from the
One Mile House to Marsh bridge. Laying
a school of leading was never seen here
before. No systematic way of laying
the asphalt, as a result workmen are
seen sitting on door steps generally smok-
ing their pipes, waiting, like Mr. Wawer,
for something to turn up. Just now you
will see a fine flagging, which will cost
a lot of money, going up around the High
School on Union street for the purpose
of painting window frames.

The above statement is a few of the many
ways we are losing money. We are sadly
in need of a director endowed with power
in say to this incompetent one to go and
that competent one to come. One who
will keep the superintendents up to their
work. Such a man should not be taken
from the aldermanic staff, even if he was
to be found there. Possibly one might be
found in the city. If not, let one be em-
ployed from abroad, without further de-
lay. Thanking you, Mr. Editor for the
interest you have always taken in city
affairs,

I remain, yours, etc.,
OBSERVER.

THE CANADIAN
ARTILLERISTS

PETAWAWA CAMP, Ont., July 25
(Special).--The Canadian team of heavy
artillery was gotten together for the first

MAKES BEER IN
A TABLET FORM

LONDON, July 25--A Danish civil en-
gineer, says a consular report just issued
here, has succeeded in producing beer in
the form of tablets. These are dissolved in
hot water. When cooled the beverage is a
beer of excellent quality and flavor.

COUNTY COURT CHAMBERS

In county court chambers this morning
Judge Forbes gave judgment in the case
of Robertson vs. Garson, a case that had
been heard previously in Richibucto.
In this case action is brought by the
plaintiff to recover \$14.50, the value of
an anchor, which he alleged that the de-
fendant purchased from him on the 30th
of November last.

The evidence showed that payment had
not been
