Harding, who were heartily congratulated upon the event and who were the recipients of many valuable presents in silverware. Among the guests were: Major John R. and Mrs. McElride, of Montreal; Mr. and Mrs. Fred A. Peters, Mr. and Mrs. C. W. deForest, Mr. and Mrs. W. H. Barnaby, Mrs. J. Fenwick Fraser, Mrs. Freeman-Lake, Miss Seaman, Mr. and Mrs. D. C. Clinch, Mr. and Mrs. Geo. McAvity, Mr. and Mrs. John B. Magers, Mr. and Mrs. F. E. Smye, Mr. and Mrs. F. THE EVERY DAY CLUB.
Since the executive of the Every Day Club a few weeks ago gave up the plan of conducting it as a club for men only, and turned their attention to the boys who were eager to come in, there has been no complaint about a lack of interest or an opportunity to exert a helpful influence. A record kept by Walter Brindle shows that from Dec. 16 to 31, there was an average nightly attendance of 47 boys and 27 young men, or 74 in all, and the number has been gradually increasing. It has been found necessary to form one or more educational classes for youths who left school when very young, and this will be done at once. Visitors during the past week expressed great surprise at the number of young people gathered in the hall, evidently enjoying themselves under kindly supervision.

MISS ASQUITH WILL NOT VISIT DOMINION.
Washington, Jan. 4.—"I much regret to say I have found it impossible to arrange to pay a visit to Canada on this occasion," said Miss Violet Asquith. "I was hoping very much to be able to go, because I have heard such enthusiastic accounts of winter sports in Canada," added the daughter of the British premier. Miss Asquith and the Countess of Alford will stay a week as the guests of Ambassador and Mrs. Bryce. They expect to return to New York next Thursday and to spend two more days there as the guests of Mr. and Mrs. Henry Pippis. They are to sail for England on January 11.

PLAN A GREAT TUNNEL UNDER THE RIVER RHINE.
Berlin, Jan. 4.—The construction of a great tunnel under the Rhine, at Coblenz, has received the imperial sanction, and the work will soon be begun. The tunnel will pass under the river bed at a depth of fifty feet. It will be nearly a quarter of a mile in length and will come out under the famous fortress of Ehrenbreitstein, the most formidable of the many fortified strongholds facing the French frontier.

HALEY BROS. & CO. WANT LARGER SITE

Apply For Place on Reclaimed Area to Expand Their Business

Another St. John industry is seeking opportunity for expansion. At the meeting of the city commissioners this morning an application was received from Haley Brothers & Company for a site on the area to the southeast of the Ballard wharf which the commissioners propose to reclaim. If the site is granted they intend to put up a modern plant on a much larger scale and to employ a larger number of men.

There was a general discussion of the reclamation scheme and the commissioners decided to order a survey of the area involved so that they may learn definitely how much land is available and what will be necessary to reclaim it.

FIFTEEN BOYS IN JUVENILE COURT

The session in the Juvenile Court this morning was quite lengthy, no fewer than fifteen youngsters being called upon to plead. Six lads, reported for throwing snowballs in the street, were given a sound lecturing and allowed to go. Five others, charged with creating a disturbance in Frederick street on New Year's Day, pleaded guilty, and were sent to the guard room for a while. Later on, four of the lads were allowed to go with a cautioning, but the other one had against him an additional charge of assaulting a young lad named Saunders, from Roseway, and he was detained longer than the rest.

Two boys reported for lighting a fire in Canterbury street, pleaded that they had not started the fire, but had merely put some brush on it to keep going. They were told that they were just as bad as the ones who had started it. They were cautioned, however, and allowed to go.

One youngster reported for tearing three enamel letters off a window in Britain street, pleaded in the last week in the street, but had not taken them off the window. He was allowed to go.

One lad charged with throwing potatoes in Main street, pleaded guilty and was allowed to go with a cautioning.

CASE TO BE TRIED IN SUNBURY COUNTY

On return of a summons for directions in the case of Wm. L. McCrackin vs. Luther B. Smith, hearing was had this morning before Mr. Justice McKewen. The defendant asked that the venue be changed to Sunbury county and the plaintiff agreed to have the venue remain in St. John county. After hearing the accounts of the case it was ordered that the case of action be tried at Oromocto, Sunbury county before a judge without a jury. This is an action to recover about \$1,500 for work and labor in setting up number George H. V. Beleva appeared for the defendant, and E. P. Raymond for the plaintiff.

MANAGER IN ST. JOHN

(St. John Courier.)
Fred Lockhart, manager of the late John Lockhart, has been in town during the week, but only for a day or two, because he was en route to St. John to assume a responsible position. When he was younger than he is now, he went to work in Ganong Bros.' candy factory, which also was younger than it is now. Young Lockhart had ambitions with which too many shared of him in the local factory "kind of interested," and therefore he went to "the States." A good man can never be kept down, and in the forenoon he made advancement. There he advanced to the position of superintendent of large candy factories, first in Boston and afterwards in New York, and in both places he abundantly "made good." But his first employers knew his worth and never lost sight of him, and that is why, within recent days, he has returned to the land of his birth to assume the responsibility and very desirable position of superintendent of the big St. John branch factory of Ganong Bros., Ltd. He has a whole host of border friends who welcome his return to Canada and wish him an abundant measure of success.

STAFFORD HOUSE TO NATION

London, Jan. 4.—The gift to the British nation, by Sir William Hesketh Lever, the English soap magnate, of Stafford House, which he purchased from the Duke of Sutherland, caused an exchange of warm language in the House of Commons. Joseph King, Liberal member for North Somerset, presented a question on the subject, of which he had given notice.

Premier Asquith replied by saying that the government had received an offer from Sir William to turn over the remainder of the lease of the Stafford House as a gift to the country under certain conditions.

"The government," said the prime minister, "had much appreciated this generosity, and were considering the offer. That is all we can say."

William Moore, Unionist member for North Armagh, Ireland, interjected the question: "How much is the government giving Lever for that?"

Mr. Asquith replied: "That is a most improper question."

Mr. Moore insisted upon an answer, but the premier paid no further attention to him.

Fine Views of Halifax

A beautiful booklet containing views of Halifax city, harbor and surroundings, has been received by The Times from the Alpine Publishing Co., Ltd., Halifax. Among the fine new buildings of which views are shown, are the new Dennis building, built by Senator Dennis to replace the Herald building, which was destroyed by fire, and a fine new concrete and steel building, which is to be the new home of the Halifax Herald and Mail. The Dennis building is a seven-story structure, and the Herald building is a splendidly lighted four-story edifice. The booklet is in all ways a most creditable one and fully brings out the beauty of Halifax and its environment.
