With eleven liners in port, the departure of three today and expected arrival of two big ones tomorrow, matters at the winter port are brisk. The facilities have been taxed and it has been puzzling at times to know where to place the steamers.

NO CHANGE IN ELECTION DAY HERE

This Bill Dropped at Fredericton and All the Other St. John Measures are Agreed To

Recorder Baxter and the members of the bills and by-laws committee of the common council who have been in Fredericton in connection with the city bills which were sent to the legislature, returned to the city this morning.

The idea of changing the day from Tuesday to Monday was to afford the commercial travellers an opportunity to vote, as many come to the city to spend Sunday and leave again on Monday. It was claimed by some of the members of the municipalities committee that the travellers did not want the change as they said the only day that would benefit them was Saturday, as they nearly always left the city again early Monday morning.

At any rate the bill will get the axe and election day will be held as in the past on the third Tuesday in April. It is stated that this bill will be dropped.

SIDE LIGHTS ON THE TRIP TO FREDERICTON

"We will hear the lion in his den, the Douglas in his hall," cried Timothy Donovan in a burst of eloquence to a car filled with St. John delegates en route to Fredericton yesterday. When the "halls of state" were reached there was a quite delightful exchange of complimentary references between Mr. Donovan and the premier.

Ald McEachern provoked a laugh when he concluded his defence of the city council by saying of himself—"It's here I ought to be, instead of in the council."
