Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this hely Nature supplies the necessary strength to the stomach to direct food, build up the body and thereby throw of linge it gobstinate coughs. The "Discovery" re-estal isless the digestive and nutritive organs in sound health, put field and enriches the blood, and nourishes the larver—in short establishes sound vigorous health.

#### REFUSED SENATORSHIP

Mr. Blackadar of Halifax Preferred Being an Editor, Says Montreal Paper

(Montreal Gazette) There was yesterday a gentleman at the Windsor who has declined a federal senatorship and the lieutenant-governorship of his native province, for the reason that he considered it a greater honor to direct the policy of the oldest newspaper in Nova Scotia. Charles C. Blackadar, who is the sole proprietor of the Halifax Acadian Recorder, which will be one hunderd years old next June has been connected with this journal since the year 1863 or four

Charles Tupper, although the Blackadars, after supporting the famous Tupper school bill of 1865, disagreed with the then premier of Nova Scotia on the question of confederation.

Since then the Acadian Recorder has been a staunch Liberal paper, although the proprietor declared last evening that for twenty years and more he had been fighting for or against principles rather than for or against men, and this will be his policy to the end of the chapter.

Charles Blackadar has never changed the form of the Recorder, as he thinks its readers are too much attached to the blanket sheet, and he states that the paper is just as prosperous as it was a quar-

per is just as prosperous as it was a quar-ter of a century ago. "There are old mer in Nova Scotia who have been readers of the Recorder for sixty years, and they are not all Grits," added the Nova Scotia
