

AD. WOLGAST WILLING TO MEET ALL MEN IN LIGHTWEIGHT CLASS

Ad. Wolgast, the lightweight champion, when asked last week to outline his plans for future ring battles, said that he intended to meet all of his challengers in due time in order to prove his right to the title.

He is very strong. I understand he is a big rough fellow who can't fight at long range. If that is true he will be made for me, as I prefer infighting to clever boxing.

"I expect to box Pat Moore and several other lightweights in 10-round bouts to the east before I meet Welch, but those scraps will just about keep me fit. There's big money for me in them, and it isn't good business policy to turn it down."

CASTORIA For Infants and Children. The Kind You Have Always Bought

Bears the Signature of Dr. J. C. Watson. Percy Leonard, who recently resigned the position as secretary to William Downie, divisional superintendent of the C. P. R., left last evening for Montreal to accept a similar position with David Russell.

The Acadias Defeated.

In the final game of the South End Intermediate League series last evening the St. John's defeated the Acadias by a score of 82 Batters, Acadias, Smith and Bryson; St. John's, Britain and Hannah. Umpire, W. White.

Manager H. Pierce and Captain G. Rowley, of the St. John's, said last evening that they were anxious to play a series of five games with the St. Michael's, the winners of the Inter-Society League.

A Challenge.

The Royal Georges of the Schofield Company challenge any of the teams of the printing shops to a game of ball Saturday afternoon, Aug. 5, on any grounds. Answer to F. Smith, treasurer of S. P. Co.

Happy Iott Has Blood Poisoning.

Happy Iott, the captain of the Colias baseball club, who played here Thursday, is laid up with blood poisoning in his arm. When he was here Iott was suffering considerable pain from his arm, which were badly swollen and this morning Secretary Blair, of the N. B. & Maine League, was notified that Iott would be unable to play and that Welch, a new man, had joined the team at Woodstock and would play there today—Fredericton Exchange.

St. John's Lose Good Game.

The St. John's were defeated by the Fredericton team here yesterday 5 to 1. A good crowd attended and the game was very interesting. Callaghan, a new south paw pitcher for the locals and was very effective. Warwick pitched for the Caps and was given better support than Callaghan. Dever, the St. John's right fielder, was taken out of the game in the third inning for missing an easy fly. Both teams played good ball.

McAvity's Claim the Game.

It is altogether likely that the executive of the League will meet in the near future to settle the matter of last Thursday night's disputed game between Brock & Paterson and McAvity & Sons. The former team claimed the game because their opponents would not play five innings, which they claim was agreed to before the game. On the other hand the McAvity team state that there was no agreement whatever made to play five innings, and that the rules of the league call for a four inning game. As they were ahead in the fourth inning they therefore claim the game.

Diamond Dist

Mike Donlin evidently is not tickled to death to be transferred to the cellar champions. He failed to report to the Rustlers at St. Louis after the trade. As Fred Tenney stopped the Cardinals without Mike's services the Rustlers may have a fight on his hands to oust the veteran first sacker out of the managerial billet.

Manager Charles Doon, of the Phillies, arrived in Philadelphia from St. Louis last evening. The fiery headed leader of the Quakers was somewhat chastened when he arrived at the board of directors of the National League had upheld the season suspension handed Sherwood Nottingham by President Tom Lynch. Doon, however, declares that the Fogel following will be in the race right up to the last inning.

Charles Murphy has purchased a new right-handed pitcher, who should be of great help to the champions if he lives up to his minor league record. This fellow

Earl Mosley of Youngstown, Ohio, who has won his last thirteen games. Mostly he plays in the Cubs inside of two weeks.

Outfielder Collins has been released to Newark of the Eastern League by Fred Chance, of the Cubs. Collins is one of the players who figured in the gigantic swap between Chicago and Boston a few weeks ago.

Sporting writers of Los Angeles claim a most unique record for Fitcher "Plains" Delhi in a game pitched against Portland last Sunday. It is said that Delhi pitched only 75 balls to effect 24 put-outs—an entire game, in other words Delhi joins the White Sox next year.

An unconfirmed story from Pittsburg says that arrangements have been completed with the St. Paul Club of the American Association, whereby the "million-dollar battery, O'Toole and Kelly will join the Corsairs tomorrow, instead of at the end of the league season. If such is the case the heavy battery may be turned loose against the Giants for the big league debut.

The competition for third position in the American league is even more thrilling than the close races in both the National and American leagues for their lead. Umpire, White Sox and Red Sox are virtually tied with the Naps only a short hop in the rear.

While Matty got away with his game at Pittsburg yesterday the big fellow was hit unusually hard. It was his ring generalship that enabled the veteran to weather the storm. This is certainly not one of Christy's best years. He may be going back but he will be in the big show for a long time to come. Matty can get away for another decade on his "hoochie" alone.

The Turf

The Agricultural Society races, under the auspices of the St. Stephen Driving Park, will be held at St. Stephen upon Sept. 13, 14 and 15, when \$2,000 will be offered in premiums.

Good Racing at Moosepath.

With the 214 and 230 classes as the drawing card Moosepath Park was the scene of some interesting races yesterday afternoon. While there were no record broken the time made, the condition of the track being taken into consideration, was very fast. The track was heavy and showed to be greatly in need of a sprinkling.

The attendance was only fair, about 600 being present. Rapidly, owned by John B. Sullivan, of Fredericton, and Mary Cronwell, owned by Frank Boucher, of Colias, carried off the honors of the former winning out in the 230 trot and the latter in the 214 trot and 217 pace. Both races were very closely contested, an extra heat having to be run in the 214 trot and 217 pace. In this race Mary Cronwell, Fred Louis and Leonard Weston all showed up in fine style. Oswego Boy, which finished fifth, also made a good showing and there is no doubt that he had not been the victim of hard luck he would have carried off some of the money.

Rapidly, owned by John Sullivan, of Fredericton, showed herself with glory, winning in 2:30 in straight heats. The second place in this event went to Royal Pacer, owned by James Flood, of this city, and which was the only St. John horse entered.

Golding Beats World's Record

Toronto, Aug. 4—A fairly large crowd attended the joint athletic meet at the Island Stadium last night, but a downfall of rain during the running of the two-mile race rather spoiled the evening entertainment.

George Goulding, the champion Canadian walker, was timed from scratch in the two-mile handicap in 13:02.5. The world's record for two miles is 13:11, which was made indoors. It is to be hoped that the track was officially measured before the race so that Goulding can be given proper credit for his achievement.

The Coronation athletes were presented with diamond lockets by Controller Church, who was assisted by Ald. Hilton, and McCauland.

The two-mile race again demonstrated what a wonderful runner George Bonahag is when he beat a very classy field.

The bicycle riders rather spoiled that form of amusement by their lack of tactics, but Doc Morton enlivened the proceedings by his sensational sprint in the final of the mile race. Andrews punctured a tire which spoiled what chances he may have had.

C. A. A. U. Championships at Montreal

The exclusive story a few weeks ago that negotiations were going on for the holding of the Amateur Athletic Championships of Canada in Montreal this year, instead of in Toronto, as originally intended, was confirmed Friday morning by Secretary Arthur Howe, of the Provincial Association of the A. A. U. of Quebec, who stated that the thing was practically settled and that the championship meet would probably take place on September 23 on the M. A. A. grounds.

When an ordinary man succeeds in accomplishing something worth while, he ceases to be ordinary.

"Why Am I Weak?"

This is the question every weak man puts to himself. If you have thought much of your trouble you know that the force which keeps up the health and strength of your body is nothing more or less than electricity. All the motive power in your body is born of electricity. That is what you lack and that force given to your weak organism, as I will give it, will renew your strength. You will be able to enjoy life. You will be strong again. I can point with pride to hundreds of men who come to me after having failed to get craved results from drugs and other treatments, men broken down, sleepless, short of memory and without the courage and energy of strong people. They have come to me almost without hope, discouraged, and I can point to these men today, after their having worn my Electric Belt, happy, enthusiastic and shouting with gladness in the possession of the full vigor of perfect manhood. These men will at any time be glad to tell you what I have done for them.

Dear Sir: Your Belt cured me of rheumatism and the backache I had a half ago and I have had no reason to put it on since. You know how bad I was before I got it; I had such a soreness across my loins and kidneys I could not turn in bed without catching cold. I had a very first night I had it on it was a little better, and I had a dress by you. This, I think, is part of the cure. I do not state these few lines as a person who does not know what he is talking about. I am not built that way. Yours truly, ROBERT O'NEERON.

P. O. Box 98. Do you doubt it? If so, any man or woman who will give me reasonable security can have my Belt, with all the necessary attachments suitable for their case, and

I'll Cure You or You Need Not Pay

This appliance has cured in most every town and city in the country, and if you will write me I will send you testimonials, given to me by people that are probably better known to you. My Electric Belt not only cures weakness but Rheumatism, Sciatica, Lumbago, Backache, Kidney Trouble, Nervousness, Constipation, Indigestion and Stomach Trouble.
