GRAVE NEWS FROM FIUME

London, Oct. 11.—Telegraphing from Lugano on Thursday, the correspondent of the Daily Mail says:

"Extremely grave news has been received from Fiume. Gabriele D'Annunzio has transferred the military command to General Ceccherini, lately commanding an army corps at Florence.

"General Ceccherini, who greatly distinguished himself in the war, left Florence for Fiume after issuing a manifesto proclaiming himself free from his oath of loyalty to the king. The government's negotiations with D'Annunzio have failed. The besieging troops are fraternizing with the besieged. One rifleman who was trying to do his duty was stabbed. There is plenty of food in Fiume."

HAS NEW PLAN FOR THE SOLDIERS

Ottawa, Oct. 11.—An alternate plan of assisting veterans according to length and character of service was submitted to the special committee on soldier civil re-establishment yesterday afternoon by Col. J. W. Margeson of the board of pensions commissioners. His plan was presented as coming from himself. It is to give every man who served in a theatre of war as a combatant seventy cents a day from enlistment to discharge. Men serving in England or Siberia would receive forty cents and men in Canada twenty cents. There would be a limit of \$1,000 on the amount any man could receive, this to include gratuity.

He would limit the amount of cash to \$500 and place the rest of a man's re-establishment grant to a man's credit with the government, so that he could draw on it for any of the government re-establishment plans. Widows of soldiers would be paid a stated sum, all alike regardless of their husband's service, this sum to be paid as additional to their pensions.

Colonel Margeson said that the cash and credit of his scheme would cost from \$180,000,000 to \$200,000,000.

BRITAIN AND ITALY CLEAN-UP DIFFICULTIES

Rome, Oct. 11.—Foreign Minister Tittoni had a cordial conversation with the British ambassador to Italy yesterday, according to a semi-official announcement. All misunderstandings have been cleared, and a friendly and cordial collaboration by the two countries in solving peace problems has been brought about.

He was seventy-five years of age. He is survived by his wife and four children, Mrs. Andrew Grimes, Oakland, Cal.; Mrs. L. W. Lindsay, St. John, N. B.; and Marie and Harry at home.

STANDARD PLEA COPY

Sackville Post—A convention of the provincial opposition is to be held in St. John early next month, when the whole provincial situation will doubtless be gone into very carefully. There is need for a thorough re-organization, and if steps are not taken with this end in view, the convention will have been in vain.

RAILWAY BOARD ORDER RE EDMONSTON SIDINGS

(Special to Times.)

Ottawa, Oct. 11.—The Board of Railway Commissioners has given its ruling on an application of the New Brunswick Railway Company, operated by the C. P. R., for permission to construct two industrial sidings at Edmundston, N. B. The order is that the applicants have the right to cross the Temiscouata under the directions of the board's engineers reserving the right to make any additional order for the protection of trains or the public. The cost of placing the diamond will be borne by the applicant company.

CHANGE OF TIME ON VALLEY RAILWAY

In a new time-table issued for the St. John Valley Railway all trains have been advanced one hour in arrival and departure. The passenger train on Tuesday, Thursday and Saturday, instead of leaving at 1:55 p.m., will, after next Monday, leave at 12:55 p.m., returning at 2:05 instead of 3:05 p.m. The mixed train on Mondays, Wednesdays and Fridays will leave at 5 a.m., instead of 6 a.m., and return at 7 p.m. instead of 8 p.m. This is all on C. P. R. time.

People who have need to use the Valley line are complaining about the early hour at which the mixed train leaves. Last Monday and Wednesday quite a number of passengers went on this train and it is thought if it were to leave a couple of more hours later many more would patronize it.

It is recalled that Gen. Count Keller, commander of a large body of soldiers in the Baltic provinces which was recruited from German troops left in Courland and by the Allies at the time of the armistice, is a Baltic baron, formerly a general in the Russian army. He has established headquarters at Shauli, while General von der Goltz has his headquarters at Mitau. Prince Peter Liven, formerly of the Russian foreign office, is superintending the co-ordination of the forces commanded by these two leaders.

The Morning Post, pronouncedly anti-Bolshevik, has just published an article in which it is stated that the Russian foreign office is threatening the co-ordination of the forces commanded by these two leaders.

The Daily News, representing an opposite view, also attacks the government and the Allies, declaring: "The unintelligible chaos into which the east European situation is fast dissolving is the just result of the Allied policy of purely interested motives."

Interest here is now largely focussed in the result obtained from the note which the supreme council of the peace conference is reported to intend to send to Berlin today demanding the withdrawal of German troops from the Baltic provinces on pain of coercive measures from the Allies.

King of Newcastle—both of whom will go to Bathurst as headquarters, with the Nipisquit country as their district. William J. O'Brien, another returned soldier, appointed some days ago, is on duty in Charlotte county.

Latest news received by the government is described as confirming the view that Germany is deliberately scheming to secure a controlling position in Russia, and that she probably contemplates the occupation of Petrograd.

Altogether, the Baltic situation is recognized as presenting acutely dangerous possibilities.

London, Oct. 11.—Confirmation of a newspaper report that German forces have captured Riga is being awaited here. "Germany's new war," is featured in this morning's newspapers.
