MIOWERA ARRIVES.

Well filled with passengers, but carrying nothing like the large number which the more palatial Manuka had on ar-rival here a few weeks ago, the R. M. S. Miewere reached the outer wharf from the southern Pacific at 9 o'clock last night. She left Brisbane after a smart run from Sydney on the 14th, Suva on the 21st and Honolulu on the 27th. Fine weather was experienced during the greater part of the voyage, and passengers spent the time pleasantly, the usual games on deck having been freely participated in. DISAPPOINTING CRUISE.

After a disapointing fishing cruise of three weeks, the schooner Jer Decker, arrived in Tacoma late Monday night. The Decker brought 16,000 pounds of halibut for the International Fisheries Company. The Decker cruised along the fishing grounds within 30 or 40 miles off Cape St. James, but meeting with poor success, made an extended trip through Queen Charlotte Sound, but fish were not found in abundance.

Every member is anxious be one of the winning fours and each crew may be depended upon to put up a likely to be interesting is the singles, won last year by F. W. Heathcote. Opposing him will probably be, among others, E. F. Geiger, C. B. Kennedy, Frank Dresser, H. E. Hobbis, Jack Finlaison and H. Hall. Entries will be in by Monday, the 8th, and Wednesday evening, when regular busiall who intend participating must submit their names before that date. The cours selected for the races will in all probability be the same as heretofore-over the inner harbor from Coffin Island to the club house.

WILL NOT BE REPRESENTED. It has practically been decided by the rowing committee of the James Bay Athletic Association that it will be impossible to send any representatives to the Astoria regatta, which takes place on the 24th, 25th and 26th. Members of the "Big Four" will be unable to get away for the necessary elength of time. As for the other events, namely, the double scull, single scull and canoe races, the J. B. A. A. members who took part in similar competitions at the N. P. A. A. O. regatta in Portland are of the opinion that they have experienced sufficient training and racing for one year. It would probably be possible for the committee to select a four to participate in that race, but it could not be the senior crew, and the officials do not feel justified in sending away a crew that would pos sibly not do justice to the reputation estabished by the "Big Four."

Coldwell presided

President Day, of the board of directors, in his address alluded to the good work which organized labor had done for the institution by furnishing a ward in the Strathcona wing. He advised organized labor in its efforts to aid the institution that it could not be done better than by assisting the Women's Auxiliary ing of all the linen, blankets and other necessaries, and the supervision and furnishing of the children's wards. In the

Miss Potts, of the Daughters of Pity, suggested that the trades and labor cour cil might contribute sufficient to make the ambulance free, and do away with the necessary payment of \$2.50 to the Transfer Company for horse hire each

Mrs. Robertson asked for hearty coperation with the Women's Auxiliary. The latter was anxious to complete the children's ward, and would appreciate

assistance in this work. The visitors to the council meeting were accorded a hearty vote of thanks and were assured that substantial assistermined struggle. Another event that is ance would be rendered the institution

by organized labor. A motion for action along the lines suggested was carried unanimously amid applause. The council then adjourned until next
