Familine. It Relieves Pain. Good for Swollen Limbs. Physicians Prescribe and use it.

MR. H. R. STEVENS—Dear Sir: I have lately witnessed decidedly good and striking effects of your FAMILINE in case of Erusipelas of nearly three years standing. When I first saw my patient, a lady of some 50 years of age, she was complaining of a severe swollen condition of her feet; the skin was tense and angry-looking painful on the slightest mction and likely to burst at any moment. She had tried many remedies without relief, and my first treatment failed in its effect. I suggested that the feet be painted with FAMILINE morning and night, and then enclosed in soft cotton dressing. When I saw her last about three days ago, the pain had wholly vanished, the swelling reduced to almost the normal condition and the information sub-liked. With

I ought to state that I was led to try FAMI-LINE in this case simply on the recommendation

MR. H. R. STENENS-Dear Sir: I have had your FAMILINE in constant use in my family for more than a year, and find it an invaluable remedy for the many complaints for which it is recommended, the chief of which, in my familie of fourmall children, seems to be Croup. Were it not for your Family Balsan, I should hardly dare close my eyes in sleep. It instantly relieves Croup; also is an excellent medicine for Compts and Sor Throat. Too much cannot be said in praise of it. I have recommended it to many others, who have tried it with equal good results.

It is noteworthy that when Sir Richard Cartwright was Minister of Finance he always brought down his budget within the first three or four weeks of the opening of the session. Mr. Humphrey said roots mixed with grain are used in feeding cattle. Meal and hay are given also. He said he intended to experiment with meal, hay and roots mixed together.

Mr. Pickard said he found flax seed the cheapest food, and that straw and roots were very good. Mr. Perley spoke in favor of punctual feeding and liberal feeding, and the use of

potatoes instead of turnips. In closing the discussion, Mr. Perley People do not properly take care of their asked what action was taken and what was the intention of the Government. Hon.
