DYING WITH HUMORS Which Three Doctors Could not Cure Cured in Four Weeks by Cuticura Remedies.

I wrote you about four year ago of the wonderful cure I made with your Curicura Remodels of a bad humor on my face which twelve doctors failed to understand or cure. Three years ago last fall my son went to Sacramento, Cal., and after two or three months he broke out with a humor on his stomach and back, suffering very much. Me employed three different doctors, and at last they told him to go back to Maine, as his disease was caused by change of climate, and he could not live in California. He wrote me that he was coming home, for he was dying with a humor that the doctors could not cure. wrote him to get some Curicura Remedies and take according to directions, and bathe freely with the Curicura Sear, and in four weeks after he got my letter he wrote me he was entirely cured. He came home a few weeks ago on a jvisit, and is a home new. His health is good! I have recommended these remedies to a good many people with bad cases that would not yield to doctors' medicine, and in no case have I known them to fail to make a cure. If you wish to refer anyone to me, I will answer with pleasure. wrote you about four year ago of the wond

Sun's absurdities, nor ought they to go out of their way to "defend" the ernment, simply because the Sun has nothing better to do than attack it. The Sun urged the government to do what it now condemns it for having done, and we shall not be surprised to find it, a few months hence, approving of what it attacks. Meantime, we advise it to answer the criticisms of some of its fellow-organs of the Dominion government upon its party blunders and ill-advised methods. It has been very successful in dividing the nservative party in St. John into two hostile factions, and it cannot hope to succeed in diverting public attention from its wretched blundering in that matter by inviting someone to tread on the tail of its coat over its local at Moosepath, will be open to the government are, therefore, desirous where they will officially open the FAMED FOR TWENTY YEARS.

> A Montreal paper states that a new system of marine lighting-new, at least, in Canada—is to be put in operation shortly the gas buoys have shown a fixed light, seven tyrants. but with the new system it will be possible to have as great a variety of lights from gas buoys as from the lighthouses

from gas buoys as from the lighthouses along the coast. These show alternating, revolving flashes or occulting, which give the necessary variety whereby the various stations are distinguished, the different effects being produced by machinery. In the case of these gas buoys the mechanism is worked automatically by heat generated by the gas flame. They have been in use for some time in Eagland, where they have given great satisfaction. The department of marine propose to make the

GLERGYMEN ATTENDING THE THEATRE A late London letter says that a week or two ago a performance of Henry Arthur Jones' play, "Judah", which has a religious or at least a moral motive, was presented before an audience of clergynen. Alluding to this incident, Rev. tion at the Metropolitan Tabernacle tha the Christian Church at the present day had "played the harlot beyond any church in any age." There are, he said, "no amusements, too vile for her pastors how, have filled the theatre of late and set their mark by their clamors on the lab rs of play actors. To this we have come at last, to which we never came before—no; not in Rome's darkest hour—and if you do not love Christ enough to be indignant about it the Lord have mercy upon you."
