paper including the whole of the supplementary estimates for 1894-1895. and it is quite probable that prorogation may not take place until early next week or later.

WANITORA SCHOOLS. ment. It is understand that Mr.

Kenny, M. P. for Halifax, will bring the matter up in the House (and it will be simultaneously brought up in the Senate) by moving a resolution expressing the hope that the Manitoba government will grant the relief prayed for by the petitioners, and so amend the school regulations as to remove the disabilities under which the minority now suffer in respect to school matters. The government it is said will accept this motion, but there will probably be some debate on it before it is carried. Some of the more extreme

request of the minority would be granted. This resolution will not, how ever, satisfy Mr. McCarthy and he will still bring up his motion is not at all likely to carry, with at the since have with the shan "the noble thirteen", but his motion is not at all likely to carry, on the since have a since have and stomach tonic the sounce Congress and declare himself to a dath the very form of government were caseing under the mighty ground-well of a series unusually largement for this year: hand the very form of government were caseing under the mighty ground-well of a series unusually largement for this year: hand the very form of government were caseing under the mighty ground-well of a series unusually largement for this year: hand the very form of government were caseing under the mighty ground-well of great sgitation, it seemed to him that any sinch that any the Northwest and the official use of the Monthwest and the official use of the Northwest and the very form of government were caseing under the mighty ground-well of great sgitation, it seemed to him that any signed a petition some six months ago country governed to have the whole system of federal government were closely ground-well of great sgitation, it seemed to him that any signed a petition some six months ago country governed to him that any signed a petition some six months ago country governed to him that any signed a petition some six months ago country governed to him that any signed a petition some six months ago country governed to him that any signed a petition some six months ago country governed to him that any statements in this regard—with the work of the sensor as

The committee on public accounts has reported the evidence taken in the Curran bridge investigation to the House without any comment or recommendation. The investigation has not really brought out anything very new with respect to the bridge. It has been shown that there was most reckless extravagence in the mode of carrying on the work, that the officers for charge of it were incompetent and that Mr. Sy. Louis, the contractor for the Superand and critised the minister for the support of its dignity and for the perpetuation of the liberties of its people abolition, and I would go further and abolition, and I would go further and abolition, and I would favor the beautiful to the House of the abolition of the House of the work abolition, and I would go further and abolition, and I would favor the beautiful to the House of the support of its dignity and for the perpetuation of the liberties of its people day saying that I would vote for its abolition, and I would go further and abolition, and I would go further and abolition, and I would favor the perpetuation of the liberties of its people. He would not speak to such a subject from a Southern standpoint. It mattered the potentiative. I would favor the povernment being confined to one man—allow mails, fifteen of which are on this government being confined to one man—allow one for the support the support the abolition, and I would go further and abolition, and I would go further and abolition, and I would favor the perpetuation of the House of the work one support the abolition, and I would go further and abolition of the House of the would rove for the support the work of the support the support the support the support the support the abolition, and I would go further and abolition, and I would go further and abolition, and I would go further and abolition of the House of the work one support the su Mr. Sy. Louis, the contractor for the labor, charged for a great deal more in a case brought by him against the balance of about \$67,000, said to be due him, and the cross suit by the
