NOVA SC

AMHERST,

THE MARKETS.

Revised Every Monday for the Weekly Sun.

COUNTRY MARKET. This week will see a magnificent display of Eastern meats, poultry and vegetables. Of course there will be fancy prices for the finest qualities, but in ordinary lines the quotations remain about as before. Veal has a wide range, according to quality. In vegetables, turnips are cheaper than they were a week or two since. Eggs are steady and butter firm. Maple products are more plentiful and cheaper.

Wholesale.

MARYSVILLE, York Co., March 29. -Lumber operations in the woods have been finished and all the men, with their teams, arrived home today to await the arrival of stream driving. Miss Jane Robinson, who has been away for several months, arrived here on Saturday to take her position again behind the counter of the dry goods

Miss Downing, the popular milliner, is also back after a couple of months' visiting to the head millinery departments of the provinces.

While Mrs. Gordon Gilmore was on her way to the mill, the wagon cut down in a snow drift close by the F. C. Baptist church. She fell out, alighting on her head. She was badly hurt and has suffered much since. Horatio Clayton and family will oc-

cupy the upper flat in the house occupied by Mr. C.'s brother. Dudley Bubar has a mammoth bee hive in his back yard. It consists of fourteen feet of a very large tree and is filled with bees and honey. Mr. Bubar found this hive in the woods.

SUSSEX, March 31.-W. G. Sutherland, who with his wife and child have been boarding at the Depot house during a good part of this winter, was aroused from his slumbers by smoke entering his bedroom at about two o'clock this morning. He hurriedly ran down stairs and discovered a fire just getting nicely under way, which but for his timely presence in putting it out would have soon been of a serious character. It is supposed the fire had its origin by some one leaving the stubb of a lighted cigar on the bottom of a cane seated chair. Little or no damage was done excepting to the chair and the casing of a door.

Ex-Counsellor George Myers, on whom a most critical surgical operation was performed by Dr. Burnett about six weeks ago, has so far recovered as to be able to venture out today for the first time since his confinement.

Rev. Mr. Camp, who for the past twelve years has been pastor of the county, will on Sunday next assume the pastorate of Church avenue Baptist church in Sussex. Mr. Camp is credited with being a fluent and talented speaker, and will be heartily welcomed by the people of Sussex as well as his own congregation.

CHATHAM, N. B., March 31 .- The celebrated evangelist. Mr. Gale has been engaged by St. Luke's Methodist and St. John Presbyterian churches to hold a series of meetings. He is expected here in a few days. C. C. McCulley, accountant and tel

ler of the Bank of Nova Scotla here, has been transferred to the St. John branch. He left for St. John Wednesday. The Cowwesigit snowshoe club, of which Mr. McCulley is secretary, gave him a hearty send-off. Miss Davis of Richibucto, is making arrangements for the opening of a

private kindergarten school here. The pilots of Miramichi held their annual meeting yesterday, Captain Dudley Walls in the chair. Capt. Robert Walls was re-elected pilot master; Cant. Asa Walls was assigned to the command of the Princess Louise; Capt. Geo. Savoy to the Em press, and Capt. J. A. Nowlan to the Senator Snowball, Capt. Tait of the latter being sick in the St. John General Hospital. The net earnings of the men last year were not as large

as the year previous. At a recent meeting of St. Luke's congregation it was decided to raise the necessary funds by weekly payments. Each member of the congregation will place his weekly contribution in an envelope and give it to the collector at the service. This plan was adopted with a view to doing away with annual subscriptions, collectors, mite society collections, picnics, teas, etc., and is believed to be a more dignified, convenient and decorous way of

raising the necessary amount.

Geo. Loggie, eldest son of W. L Loggie, died of consumption at his father's residence, Wellington street, yesterday morning. He was in his twenty-first year and much beloved by a host of acquaintances. Ald. Loggie and family have the sincere sympathy of the entire community in their bereavement. The decease was very promising young man of great capacity, and was a member of the firm of the W. L. Loggie Co.,

Limited. Fine weather continues and the ice s becoming unsafe. Two horses broke hrough this week, but were rescued. WELSHPOOL, Campobello, March 31.-Miss Augusta Wilson, aged 27. daughter of Ira Wilson, died at her home in Wilson's Beach, yesterday, after several years' illness. She was a Free Christian Bantist. On Friday another girl arrived in

the family of Robert C. Calder of North Road. Mother and child are well. On Tuesday, Mrs. Silas De Shon of

the Tyn-y-coed hotel went to a Boston hospital to be again treated for sciatic rheumatism. FREDERICTON, April 1.-Harry Waugh of Douglas is the first York has sold his homestead here to James county man to return with success Murphy of Ludlow.

years ago he was working in Seattle when the Yukon fever attacked him and a chum named McKay of Stellar-tcn, N. S. Both started north and succeeded in getting into the Yukon with the aid of Indians. They staked five claims and struck it lucky. Mr. Waugh left the Yukon on New Year's day and has been in New York nego tiating for the sale of his claims, which he values at \$300,000. He is here now on a visit to his father, Benj. Waugh of Douglas, and intends to go to England shortly, after which he proposes to go back to the gold fields, where his partner McKay is

holding their property. The funeral of the late Edward Waycott took place this afternoon. Rev. Dean Partridge conducted the services at the residence of deceased in Marysville, after which the remains were brought to Fredericton by train. At the station the remains were met by Alexandria and Hiram lodges of Masons, who took charge of the funeral from that point. The interment took place in the Rural cemetery above the city.

Judge McLeod, J. D. Hazen and Dr. MacLaren of St. John were here today discussing university matters with Dr. Harrison and other members of the senate. They will probably meet the government in a short time to form some plan to extend the influence of that institution.

ANDOVER, Victoria Co., March 31. -Andover will be represented in British Columbia and on the Yukon. Edward Stevens gave up his appointment here to go to the Pacific coast, and was followed a few days later by Herbert Turner, who is well supplied with the needful. Percy Pasche left for Yukon on the 21st. John E. Stewart has shifted his

crushing power from Quaker brock and is grinding Tobique plaster at Goslin's mill C. LeB. Miles, C. E., is making a survey of Lower Perth flats for a

pulp mill company. The ice started from below the town yesterday, but soon stopped, and today made another move. "The oldest inhabitant" cannot recall an earlier

property of Gagetown is about three rundred thousand dolllars. In the many reports of sports and sportsmen's shows no one seems to have considered it worth while to offer

word in behalf of the excellent shooting to be found on the marshes of Sunbury and Queens in the early months of spring. During the latter part of March and all through April these marshes are covered with wild geese, black duck and many other kinds of aquatic birds. The ducks may be shot any time during the day. The geese generally keep out of reach while it is light, but with the approach of twilight great flocks come on the marshes to feed.

QUEENSTOWN, Queens Co., March 31.—Ten days ago the travelling by ice was very general, with ice sufficiently strong for loaded teams on the usual lines of travel. Yesterday it began to move, and today there is a clear passage for many miles on the river. It is probably the earliest cpening of the river we have had for 30 years. Farmers along the river may find it possible to take advantage of the Easter market in St. John, a privilege not often accorded them. Snow has almost disappeared from the fields, and everything indicates

early seeding. The action of the senate in refusing to be a party to the Yukon railway contract and thus saving the domin ion from an unwarrantable expenditure of the country's resources gives great satisfaction here.

William Keirstead of Keirsteadville Kings Co., who in the Sun of the 29th inst. kindly gave notice that he found large value on Kingston creek which the owner could have on application, was very welcome news to your correspondent, who lost it from his sled while returning from St. John on the 19th inst. Enquiries by letter failed entirely to elicit information of its whereabouts. Thanks to Keirstead and the Sun.

BOIESTOWN, Northumberland Co... April 1 .- The snow is fast disappearing. March passed without a storm. This has not not been known before in this section for many years. Richards & Gunter's mill spool-wood operations today. winter's operation was perhaps the largest they have ever done.

All the parties are out of the woods and men are being engaged for stream driving. Finlay McDonald's was the last crew to come out. Wm. Kinghorn, high chief ranger.

I. O. F., lectured here on Wednesday evening on Forestry. Not a very large louse greeted him. Mrs. John Fairley and daughter, Miss Chrissie Fairley of Sackville, have returned to Bolestown again for

a short time. Mrs. Alex. MacMillan, who was confined to the house, is convalescing. Miss Eunice MacMillan is now much improved.

Justice Fairley, who has been in ill health the past winter, is around W. A. Campbell, general merchant,

WOODSTOCK, March 31.-As the time draws near for the session of the circuit court on the 26th inst., interest is again beginning to be aroused in the trial of Mrs. Canavan and Mrs. Tucker for the alleged murder of the former's sister, Minnie Tucker. It is inderstood that the chief justice will preside at this court. There are a couple more criminal and several important civil cases, and it is probable that the court will have a long session. Yesterday Sheriff Balloch and Deputy Foster drove up to the northern boundary of the county and arrested S. and M. Crabb, two brothers, charged with setting fire to the buildings of Sidney Lloyd, near Centreville, which were burned to the ground last fall. These young men had been working in the woods on the Ameri-

rest. They had only been home one night before the arrest. Another criminal charge is laid against Geo. Cruig for assaulting a constable named Rouge while in the discharge of his duty. Rouge attempted to serve an execution on Craig, which the latter disputed at the point of the pitchfork. In the preliminary investigation it was alleged by the defence that Rouge was not a qualified

Colin Campbell, who for so many years kept the restaurant at Newburg Junction and established a great reputation, has taken the Junction house at McAdam, and will enter on business at once. The travelling public will be glad to hear that such an excellent caterer has the McAdam stand. Mr. Campbell's building here is to be taken by T. H. Nason.

The Dispatch newspaper has moved its office from its former premises on Queen street to a point near the river on the other side of the same street. They have capital quarters in the new building recently built by W. M. Con-

WHITE'S COVE, Queens Co., March 31.-Harry Orchard had a frolic on Toursday placing the wheel and machinery of his wind mill in position. Mr. Orchard will use his mill during the spring to saw stove wood, and in the course of a few weeks will put in machinery to grind grain. William A. Ferris of Waterbord

moved yesterday with his wife and family to one of L. P. Ferris' houses in this place. Wild geese and ducks are very plen-

tiful here at present. Hay is plentiful in this section, and a very good grade can be bought for six dollars per ton. Hiram Alward has sold his trotting

mare to parties at Cumberland bay. The many friends of John McAuley will regret to learn that he is lying very low with consumption. GRAND ANSE, Gloucester Co., March 31.-R. A. Chapman, inspector

April 1.—The ice on Oromocto lake has become quite dangerous to travelling. During the week John Swan broke through with a span of horses, and was with difficulty got out again, and on the day previous James Nesbitt had a similar experience, but it was two hours before he got out his horse. The shipment in sleepers and hemlook bark from the station this year will be much less than last year. The falling off in bark has been due principally to the low price offered, in consequence of which much less was peeled last season. This year about 75 cords will be shipped, as against over 300 cords last year. About 7,500 sleepers have been got out, or about half the quantity got in '97.

About three tons of antimony from the Lake George antimony mines, the first output for a number of years, was hauled here some time ago. It will be held here until good wheeling allows some more to be hauled, when a (ar load will be shipped.

Yesterday the multiplicity of the justice of peace was borne in on the mind of a bookkeeper of the Imperial Oil Co. doing business in St. John. The firm had decided to sue for a disputed balance of \$3, and yesterday the ookkeeper came here to attend the trial, but having neglected to provide himself with the name of the justice he had to spend the day driving around in the storm and interviewing the various J. -Rev. W. Camp preached his farewell sermon here last evening to a crowded house. Next Sabbath Mr. Camp will begin his pastorate in Sussex. During the twelve years and one month of his pastorate in fillsboro he preached 1,537 sermons, made 7,344 pastoral calls and visits, conducted 1,305 prayer and social services, attended 486 young people's meetings, conducted 255 conference meetings, making a total of 2,046 prayer, social and conference meetings; baptized 233 candidates, received 97 by letter and experience, making a total of 330 received into the church; attended and conducted 162 funerals and 183 other religious services, and married 81 couples. When Mr. Camp began his labors in Hillsboro the church numbered in membership 306. Today the membership is 540. Since his coming

to Hillsboro the church has been rainted, roofed anew, the tower repaired and a bell put in, a parsonage has been purchased and paid for and a new barn erected. The average amount raised per year has been about \$1,500, while the benevolent offerings have more than doubled. Mr. Camp's departure is very much regretted, as the numerous testimonials which he is receiving testify. This afternoon and evening Mr. and
