RAISULI CAPTURES

SIR HARRY MACLEAN

The Sultan's Chief Adviser, a Former British Officer, Was the Victim of Treachery.

TANGIER, July 3.—Kaid General Sir Harry MacLean, commander of the Sultan's body guard, has been made a prisoner by Raisuli, the bandit chief, and will be held as a hostage by the latter until the Sultan agrees to pardon Raisuli on his own terms. Gen. MacLean was negotiating with Raisuli regarding the latter's pardon when he was made a prisoner. Gen. MacLean is a former officer of the British army. All his influence with Sultan has been exercised in the interest of civilization and humanity, and he is universally respected even amongst the most fanatical of the foreign-hating Moors.

The latest exploit of Raisuli in capturing Kaid General Sir Harry MacLean brings the noted bandit to public attention after a period of comparative retirement. MacLean is probably the most influential man in Morocco being the English adviser who organized the Sultan's army and civil administration, and who stands next to the Sultan himself in the practical conduct of Moroccan affairs. His capture, therefore, is even more of an achievement for Raisuli than his former capture of Perdicaris and Harris, the latter the London Times correspondent. Morocco advisers are often misleading, owing to the inaccessibility of the mountain marauders and the magnified reports of their operations. But if Raisuli's capture of MacLean proves correct the bandit has an unusually rich prize with which to negotiate with the Sultan and

MANY WERE HURT IN

A TROLLEY COLLISION

Smash up in Washington—Passenger Car Was Run Into by Loads of Rails.

WASHINGTON, July 3.—A dozen persons were seriously injured and as many more slightly hurt in a collision today between a Washington bound trolley car and two carloads of rails on the Washington, Arlington and Falls Church Electric Railway. The passenger car left West End Station at eight o'clock with employees in the government departments at Washington. At Spruce station there were two flat cars loaded with steel rails which were being taken to West End Station. The freight laden cars were pushed out without waiting for the Washington trolley to pass and they came together with a crash.

The rails on the forward car extended several feet beyond the truck, and when the crash came they ripped into the passenger car almost completely telescoping it. One rail passed entirely through the abdomen of Motorman Wm. Mock, and one passenger had one arm in an effort to make up lost time at Ashdale. Twelve of the injured passengers were taken to Georgetown Hospital and those less seriously injured were treated near the scene of the wreck.

possibly with England, to whom MacLean still holds allegiance and with France and Spain who are jointly charged with the internal politics of Morocco.

SHOT A POLICEMAN WHO WAS MAKING AN ARREST

Young Man in Port Arthur Got Gay While Drunk and Will Have to Answer a Serious Charge

PORT ARTHUR, Ont., July 3.—Yesterday Officer Grant of the C. N. R. local force arrested a man who was trespassing on the company's property, and was proceeding with him to the cells. When near the Bank of Montreal they encountered a young man, apparently under the influence of liquor, and who ordered the policeman to release his prisoner. He threatened to shoot if his command was not instantly obeyed. The policeman made a move to secure his gun, but the other held his revolver out in a minute and fired. The bullet struck the officer in the jaw and ploughed its way along a point just in front of and below the ear. One of the city night men heard the shooting and hastened to the scene.

The wounded man was taken to the hospital and a search instituted for his assailant. He was located at the Marquis Hotel and arrested. He gives the name of Arthur Carman.

IS MISSING WITH NEARLY ONE HUNDRED THOUSAND

Teller of the Windsor Trust Company Has Strangely Disappeared With a Valise Full of Money.

NEW YORK, July 3.—Detectives throughout the United States are searching today for Chester B. Runyan, paying teller of the Windsor Trust Company, who, the directors allege, is missing with \$86,317 in cash. The case is being handled by private detectives. Geo. W. Young, a director of the Trust Company, confirms the reports of the defalcation, which the detectives say is one of the most remarkable ever reported.

Runyan is accused of having placed \$86,317 in currency in a suit case last Saturday, and, after shaking hands with his banking associates, left the Trust Company. Since then he has not been seen. Runyan, it is said, did not even go to his apartments to bid good-bye to his wife to whom he had been married for five years. He is said to have taken all the cash available in the bank last Saturday. The directors, it is stated, have made up all the loss of the defalcation. Runyan was a man of exemplary habits so far as known and his conduct was such as not to arouse any suspicion. When the auditors went over his accounts on May 1 they were found to be all right.

RAILWAY COMPANIES ARE FIGHTING IN ALASKA

Military Assistance Asked to Prevent Bloodshed—Crossing Blocked by a "Go-Devil."

SEATTLE, Wn., July 3.—A special to the Post-Intelligencer from Valdez, Alaska, tells of the preparations for an armed conflict between the Copper River and Northern Railway forces and the Alaska-Pacific Railway men at Katalla. The Copper River railroad which is known throughout Alaska as the Guggenheim proposition, aiming to trap the Copper River district, is attempting to cross the right of way of the Alaska-Pacific Company known as the Bruner Line, which also aims for the Copper River district, by way of Lake Charlotte. The Bruner people have applied to Governor Bennett, of Alaska, for the protection of United States troops, alleging that the Guggenheim forces contemplate an armed attack upon them. The railroad at Valdez admit that the situation is serious.

The launch Pioneer, which arrived at Valdez yesterday, was loaded with men and arms. The Bruner Road has erected a "Go-Devil" at the crossing which the Guggenheim men are trying to take. The machine by means of a donkey engine, swings continually across the track, making it impossible for men to come within a radius of 50 feet of the Bruner Line.

Several times the right of way of the Guggenheim Road has been dynamited when the Bruner engineers claimed the Copper River Road has crossed their territory. An injunction asked recently by the Alaska-Pacific Railway and Terminal Company against the Guggenheim Road was denied.

JAPANESE GOING HOME

LONDON, July 3.—Admiral Yamamoto, to four captains, a commander and a Surgeon of the Japanese navy, from Prince Pushin's party, sail for New York today from Liverpool on the Cunard Line Steamer Carnarvon. The Japanese officers were received in farewell audience by King Edward yesterday previous to their departure.

MET THE EMPEROR

ST. PETERSBURG, July 3.—Richard C. Moore, of New York, general secretary of the International Committee of the Young Men's Christian Association, and Franklin A. Gaylord, of New York, general secretary of the Allied St. Petersburg Association, were presented to Emperor Nicholas at Peterhof. Mr. Moore is making a tour of the world, visiting Young Men's Christian Associations in various countries.

WESTERN CROPS ARE IN AN EXCELLENT CONDITION

A Little Late, But are Coming Along Well as Reports from All Sections Indicate

WINNIPEG, July 3.—Knowing the anxiety with which business men throughout Canada are watching the western wheat crop, the Press-Tribune on Saturday night wired to one hundred points in Manitoba, Alberta and Saskatchewan the following message:—"Send one hundred words stating as accurately as possible the condition of wheat crop as compared with the same date last year; average height of wheat for district; how much rain has fallen and is more needed; at what date will wheat be in shot blade?" All replies are made in a very sufficient have been received to give an idea of conditions throughout the country as a whole. The first thing to note that the crop is a very spotted one, as is usual following a late season. The worst reports come from southern Manitoba where conditions prevail similar to those in the States immediately across the border.

One thing however, is especially worthy of note, and that is that there is no mention of green bugs in any message received. Conditions are decidedly better in Manitoba along the main line and north of the main line to the boundary of Saskatchewan and throughout the whole of Saskatchewan. The worst that can be said of the crop is that on the average it is two weeks later than last year and the band will be short. On the twentieth of July last year, 75 per cent. of the wheat was headed. This year at that date, about 10 per cent. will be in the shot blade. History repeats itself and this was about the same condition

FORRESTERS' HIGH COURT DISCUSSED THE REPORTS

(Continued from Page One.)

Between four and five hundred Forresters and their ladies went up river yesterday afternoon in the steamer May. The guests of the members of the order in this city and Fairville. The party took cars at the head of King street at 2 o'clock. The Carleton Place band was in attendance and played a fine programme of music.

At the Landing sports were carried out and the prize winners were as follows: 75 yards dash—William Gillespie, watch fob. Kicking football—Dr. McCusick, watch charm. Ladies' race—Mary Owens, 1st, blouse suit; Mrs. Stanley, 2nd, brooch. Fat man's race—W. F. Ingram, of Court Ottawa, Ontario, necktie pin. Thugged race—Frank Jenkins and John Kearns, 1, O. P. pins. Running broad jump—Frank Jenkins, 1, O. P. pin.

The ladies of the Tabernacle church served supper in the pavilion, and an excellent meal was enjoyed by all. The steamer left for St. John shortly before seven o'clock, and with a rapid street car service from Indian town the members of high court were enabled to return by the 8:30 o'clock train. The outing on the river was one of the most successful ever held by the Forresters, and the manner in which it was conducted reflected the highest credit on the central committee of St. John and Fairville members.

The high court resumed business at 8:30 o'clock last evening with the high chief ranger, H. W. Woods, presiding. After the reading of the minutes of the morning session the supreme officials, the supreme vice chief ranger and the supreme secretary were received.

The high chief ranger expressed the regrets of his honor, Judge Woods, past supreme chief ranger, at his inability to be present owing to judicial duties. He also read a letter from E. R. Chapman, P. H. C. R., now in Manitoba, regretting that he is not able to be present at this session of the high court.

Although a motion prevailed that the official reports be taken as read, another motion was passed that the High Chief Ranger read his report. This he did.

The distribution committee made a report assigning the various sections of the officers' report as follows: 1. That the first three paragraphs of the H. C. R. report be referred to a special committee, and the remainder, except No. 9, to the committee on state of the order; and that No. 9 be referred to the H. S. committee; that the above special committee take in first two paragraphs of the High Secretary's report; the remainder of the report to be referred to committee; that the finance committee take up all final sections of these reports.

The High Secretary of P. E. L. J. U. Powder, when called upon, addressed a vigorous speech made some suggestions in reference to improving the order. One was the improvement of the official organ, by enlarging it, adding new matter, new advertisements, and worthy of a decent subscription. Another was the doing away with separate 100, sub-sec. 5, referring to the fact that a member of the sick and funeral fund loses his membership in the order, the old age benefit, or the total or permanent benefit. This should not be, as the two are separate branches of the order, and the payment of premiums in each should entitle

title to benefits when such are due. Bro. Fowler was very happy in his allusions and received a cordial welcome from those present.

Supreme Vice Chief Ranger Clarke was then called upon, and this well-known orator of the order was certainly in one of his happiest moods. He held the undivided attention of the High Court during his somewhat prolonged speech and was frequently interrupted with bursts of applause.

In the course of his remarks he feelingly referred to the death of the late Supreme Chief Ranger, and paid a warm and eloquent tribute to his merits. He also referred to the loss to the order by the removal from office of Bro. John A. McGilivray, once Supreme Secretary, and made a few remarks upon the judicial necessity of removing Judge Wedderburn from the supreme executive. He then related the pressure which was necessary to bring to bear upon Hon. E. G. Stevenson to accept the duties of the exalted offices of Supreme Chief Ranger, but he at last reluctantly consented to take the trust. He was satisfied that no mistake had been made in the selection and that the order would continue to go on as it had in the past. In a brilliant peroration he asked all those present to come up to the order and to drop the little petty criticisms and think more of bettering the lives of those who are meeting in our courts. Much applause greeted this gifted speaker at the conclusion of his remarks.

A telegram was received from the High Court of Quebec, now in session, extending fraternal greetings. It was ordered that a fitting reply be forwarded by the High Secretary.

After the arranging for meeting of the several standing committees the High Court adjourned until this morning at 10 o'clock.

JOHN D. ROCKEFELLER IS STILL AMONG THE MISSING

Constables Who Are Trying to Serve Papers on the Oil King are Unable to Locate Him.

NEW YORK, July 3.—The whereabouts of John D. Rockefeller, president of the Standard Oil Company, were still unknown today to United States Marshall Hensley and his deputies, who are trying to serve a subpoena upon him to attend court in Chicago July six. Six process servers were on guard last night and today around Mr. Rockefeller's estate near Tarrytown, N. Y., but their vigil was unavailing. Entrance to the estate was permitted only after identification by men employed about the farm.

At the office of the Standard Oil Company nothing could be learned either as to Mr. Rockefeller's whereabouts or as to whether he intends to give the United States Deputy Marshal who are searching for him in three states, an opportunity to serve their summons.

WALL STREET.

NEW YORK, July 3.—Opening changes in the prices of stocks were small and mixed and business was on a light scale. Great Northern, pfd., rose a point and then lost it. Mackay Companies gained one and Canadian Pacific 1/4. U. P. Southern Pacific, Reading, L. N. and American Smelting declined large fractions.

TORONTO, July 3.—The estate of the late Timothy Eaton has passed to the succession duties department, on account, \$100,000.

PATTERN DEPARTMENT, THE STAR.

Inclosing 10 cents for each pattern desired. Orders filled by mail. Several days usually required. When ordering patterns, write name and address, size and number of pattern carefully.

4129—A small apron of good style. 4129—Aprons as well as frocks differ in smartness, and while they are primarily useful, they are also considered as the activities of youth demand that they form so important a part of the wardrobe. A pleasing little apron which is simply made and most practical is sketched in hope that it will give a suggestion to mothers who fashion such garments. The yoke-band forms the shoulder straps and may be of 2-inch wide embroidery if desired. The waist portion is full as to blouse a bit while the skirt is short in the style of the French dress. Cross-barred muslin, dimity and lawn are the favorite materials for these aprons intended for everyday. In the medium size, 14 yards of 22-inch material are needed. 4129—\$12.95, 4 to 12 years.

4145—A small frock which would serve equally well for the boy or girl has box pleats combined with a shield which is removable—two popular features in children's dresses. The box pleats lend an appearance of height as well as supply fullness to the blouse and extra width to the hem. The scheme is further carried out in the sleeves where two box pleats hold the fullness at the cuff. A contrasting material may be introduced in blouse or belt or the latter may be of leather, serge, pongee, plique or linen may be used for the dress. The medium size calls for 2 1/2 yards of 44-inch material. 4145—\$8 sizes, 2 to 5 years. The price of this pattern is 10 cents.

HORRIBLY TORTURED PRISONERS HE HAD TAKEN

HONG KONG, July 3.—It is reported here from Hong Kong that imperial troops surprised a band of insurgents recently, capturing eighty of them. The Prefect of Way Hui tortured the prisoners, pouring burning resin upon their bare bodies in an attempt to extract the names of the leaders of the uprising in which, however, he was not successful.
