## ...MEN'S CLOTHING...

### Is't This Worth Investigating?

We honestly and firmly believe that unless you have seen the clothing now in our stock you have no idea of what has recently been accomplished in ready-for-service clothing. WE KNOW that nowhere in St. John, except in this store, is clothing of this grade to be found.

If you have tried ready-made clothing somewhere and been disgusted, if you are now paying good prices for made-to-measure clothing and not getting satisfaction, we are now able to assure you of fine tailoring, proper fit and correct style; to do it at a THIRD LESS THAN THE TAILOR'S PRICE.

The clothes we are selling are right inside as well as outside. The good looks they have they will keep. BECAUSE THEY ARE TAILORED. It is the TAILORING that makes them fit, that gives you comfort in them. It is the TAILORING we count on to bring you back again and again as a satisfied customer.

This clothing, in which we have so much confidence, costs no more than ordinary sorts. It costs even less in many instances because our expenses are low. But in no case is the tailoring skimped to lower the price.

## IN EVERY DETAIL "Oak Hall Clothes"

Are the Best You Can Buy  
..... For the Money.....

APRIL 10, '08.

THERE ARE REASONS why this clothing store of ours has been the best patronized of any in Saint John for nearly twenty years, and is today doing the largest Clothing business of any store in the Maritime Provinces. The chief of these reasons is because as manufacturers we're able to sell the best Clothing that can be made at 25 to 30 per cent. below what it would cost elsewhere. In other stores you must pay two profits—the manufacturer's and the retailer's—here you pay but one.

That's why our prices to you are practically the same as those paid by other stores.

With the many Clothing stores there are in Saint John, each striving its utmost for a share of the business, it would have been impossible for us to retain our unquestioned leadership were we unable to give much more than you can get for your money anywhere else. A critical comparison will convince any fair-minded man that ten dollars spent at Oak Hall will buy as much as thirteen to fifteen dollars spent elsewhere.

We invite you to inspect our assortment of Men's and Young Men's Spring Clothes. Not only in the matter of values, but in the extent and variety of correct styles, it is easily the foremost showing in this city.

**Our Men's \$12 Suits Can't be Matched Elsewhere Under \$15 to \$20.**

For \$12.00 we'll give you a choice of single or double-breasted suits in twenty styles of Fancy Worsteds, Fancy Tweeds, Blue and Black Serges and Worsteds and Fine Black Chevrons.

None of these Suits can be matched elsewhere under \$15.00 and no merchant tailor would duplicate any of them under \$20.00.

The tailoring we put into these suits insures shapeliness as long as they are worn—a feature that every careful dresser will appreciate. Of course there's a reason why these suits are so much better than any you can buy elsewhere, not only for the same money, but up to \$3.00 to \$8.00 more. It's because we make them ourselves and put the sort of work in them that tells in both looks and wear. And because we have no middleman's profit to pay, we can of course sell them for less than others must charge. This line of suits at \$12.00 is a good representation of our whole line and we stake our reputation upon it. Worth thinking about, isn't it, when you want new clothes?

WE HAVE OTHER GREAT VALUES FROM \$5 TO \$25.

### HEROIC CHINESE DEAD AFTER SEVEN YEARS AGONY

He Saved a Train from Destruction, But Was Terribly Hurt in Doing It

LOS ANGELES, Cal., April 10.—Years of pain and agonizing death followed the brave act of Wong Chung Se, a Chinese ranchman, who, seven years ago, saved the lives of scores of passengers by closing an open switch on the Southern Pacific Railroad. Wong died at the County Hospital today.

### BOY OF 19 HAS PAINTING HUNG IN ACADEMY

NEW YORK, April 9.—George Davidson, 19 years old, who works over draperies and clothes for crayon enlargements by day and studies real art by night, has won the honor of having a painting hung in the spring exhibition of the National Academy of Design.

### Pacific. He came upon an open switch that had been opened by tramps. A passenger train was due and Wong started to turn the switch into place. The rails swung into place just as the train hit them. Wong fell, and a step of one of the coaches struck him across the back, breaking his spine. At the hospital where he was sent, a heavy plaster cast was fixed to Wong's body, and he remained in it until he died.

Poland. He was brought to this country ten years ago when his parents left their old home and went to live in Waterbury, Conn. The father was a day laborer.

When a child Davidson believed he would one day become an artist and after much difficulty occupied a position in this city where productions in crayon of family photographs are turned out in wholesale quantities.

He bought a bust of Apollo, of which he made charcoal drawings and two years ago was admitted to the night classes of the National Academy of Design. The picture he sent to the academy is named Evening Shadows. The painting is only eight by ten inches.

## ABOUT PROMINENT PEOPLE.

### THE ADVENTURES OF CHUNG LING SOO.

Londoners are still pondering over the mysterious feats performed by Chung Ling Soo at the Hippodrome some time ago. This Chinese magician was one of the first of the great attractions which have appeared at this well-known London variety theatre. He was a favorite of the terrible Dowager Empress of China, who made him a one-button mandarin, and allowed him out of China to amuse foreigners on condition that he reported himself at the Court of Peking every year. Chung Ling Soo, however, recently so offended the Dowager Empress that he will certainly lose his head if he returns to his native country. Chung happened to come across five robbers who had been hurled up to their necks in sand just outside Peking and left to starve to death. This was too much for the enlightened Chung, who released them, and let them escape. The Dowager Empress was at once informed and sent an escort to arrest Chung, but he made his way to Shanghai, and crossing to San Francisco, he has once more landed in England, via America.

### LORD CHARLES BERNESFORD IS A VEGETARIAN.

People who believe that all animals should be left to die a natural death, and buried without having their bones picked, are calling attention to the sturdiness of Admiral Lord Charles Bernesford, and the fact that for some years he has steadfastly adhered to a vegetarian diet. Not only does Lord Charles refuse to eat meat, but for a long time he has held the theory that man is better without wine or spirits than with them. In fact, his convictions on this point are so strong that the doctors who attended him during his recent illness had the greatest difficulty in persuading him that stimulants were necessary for his full recovery.

### NEVER WENT FISHING ON SUNDAY.

Several stories are told about Lord Linlithgow, the first Governor-General of the Australian Commonwealth, who has just died. In the colonies his lord-

ship was a great success, and it is related of the Earl that when paying his official visit to Gippsland he rode through the country attired in bush garb—colored shirt, breeches, top boots, and slouch hat. At Alberton he was received by the municipal fathers in shirt-sleeves, and they, thinking to do him honor, invited him to a boating and fishing picnic on the following Sunday. Lord Hopetoun, as he then was, replied that, as he never went fishing on Sunday, he was unable to accept.

### "ISN'T SHE A NAILER?"

Although a Scotsman, Lord Linlithgow usually attended the St. Patrick's Day demonstration in Melbourne. At one of these gatherings he related how as a very young man, he had set out on a tour of Ireland. A Dublin horse-keeper, who fitted him out for the expedition, slyly remarked that perhaps his eye would linger on some pretty fellow who would make him happy for life. "It did," remarked his Excellency, amid general laughter, in which Lady Linlithgow, who is the daughter of an Irish peer, heartily joined. Lady Linlithgow, by the way, was as popular in the colonies as her husband. She is a splendid shot, and at the rifle range her numerous "bull's-eye" often drew forth the exclamation, "Isn't she a nailer?"

### ROMANCE OF A PRIMA DONNA

The death of Mme. Pauline Lucas, the famous singer, recalls the romantic story of her second marriage. In 1872 Mme. Lucas was divorced from her first husband, Baron von Rhaden, whom she had married three years previously. While in America the prima donna married again, her husband this time being Baron von Wallhoffen, a major in the Austrian army, who died in 1899. Baron von Rhaden had been an officer in a Prussian cavalry regiment, and bore a part in the Franco-Prussian war. At the battle of Mars-la-Tour he was severely wounded, and Mme. Lucas, it has been recorded, received special permission to visit him in the field hospital, where he was lying, outside Metz. It was then that she first met Baron von Wallhoffen, who was wounded in the same battle, and whom she subsequently married.

### PET CAT'S ANTICS LED WOMAN TO HER DEATH

The Animal Upset a Lamp—Mrs. Tucker Tried to Save the Creature and Was Burned

BOSTON, April 10.—Mrs. Catherine C. Tucker, matron of a feline hospital, South Boston, lost her life last night in an accident caused by her favorite cat. The cat upset a lamp and in a vain effort to save her pet, Mrs. Tucker received burns from which she died. Mrs. Tucker was the widow of Captain Tucker, a Confederate commander, who was killed during the civil war by the explosion of a boat on the Mississippi.

### SAYS THAT HEAT IS ONLY A FORM OF MOTION

Dr. Park, of Chicago, Has a New Theory Which He Will Shortly Outline in London

CHICAGO, April 10.—Dr. Andrew J. Park, of Chicago, a graduate of the University of Victoria College, Toronto, Ont., and of Harvard University, believes he has discovered the true origin of heat and intends to lay his discovery before the association for the advancement of science in London, next week. The old theory that heat is a mode of motion is declared to be false by Dr. Park. He asserts that heat is imperceptible ether accumulated in excess.

This imperceptible matter, according to Dr. Park, is completely neutral and

### SCHAEFER TOO ILL TO DEFEND HIS TITLE

Championship in Billiards Is Likely to Go to Sutton by Default

CHICAGO, April 10.—The billiard match for the 181 ball line championship of the world billed for May 11, between Jacob Schaefer and George Sutton, will go by default to Sutton, the challenger, unless the present champion recovers from his serious illness in time to defend his title, or which there is little hope.

Sutton left last night for Rochester, to take the "Wizard's" place in the exhibition tour with Hoppe, as Schaefer became too ill in Albany to appear in his engagement. Just before he left, Sutton said that according to the rules governing the championship trophy, it would be impossible for him to agree to a postponement. He said, however, he would not take a sick man's money and would return to Schaefer his forfeit of \$250, if the match was not played. Schaefer has been sick for the last two weeks, suffering from an ulcerated stomach. A few days' rest at his home in Chicago has done much for the champion, but it will be five or six weeks at least before he will be allowed to handle a cue.
