Madawaska, Me

A most interesting play was given Sunday evening by the actors of Baker-Brook, N. B. for the benefit of St. Thomas Aquinas Church. The play, entitled Evangeline, recalled some of the most cherished traditions of the Acadians, emphasizing on the dramatic event which took place at Grand-Pré in 1775.

The large audience composed of people from the surrounding towns witnessed with delight this well acted play and the wonderful music which the well organized orchestra of Baker Brook furnished.

The last number of the program came as a novelty dessert to the wonderful meal which had been served the audience "Les Plaisirs et Le Bonheur" exposed in a most satisfactory way the missing links of the old Acadian courts.

The play ended at a late hour with Ave Maria Stella, the National Hymn of the Acadians. Congratulations must be given to the people of Baker Brook and it is hoped that we will have the pleasure of having them present again.

Everette Dionne of Van Buren was calling on his brother LeRoy last week.

Mr and Mrs Harvey Lacombe and family returned last week from a week's vacation with relatives and friends in Governor, N. H.

Flies are

"baby-killers"

And They Multiply By Millions

One solitary house fly, allowed to settle on a piece of food, milk, a baby's comfort, can deposit germs that will kill a little baby. Last year at the Hospital for Sick Children in Toronto, it was proved conclusively, after intensive research that the visible poisonous species deposited by flies are responsible for "Summer Complaint" or Infant Diarrhoea which takes toll of hundreds of infant lives every year.

With hot weather flies arrive and over here they start to breed and get in their deadly work. Doctors tell us that just as Malaria is combated by destroying Mosquitoes, so can infant lives be saved by destroying flies. Ordinary precautions such as protection of food, screening doors and windows, covering breeding places etc., are not enough. All flies must be killed for absolute safety. One of the simplest ways to effect this is to use Wilson's Fly Pad, in the house during the Summer, 2 or 3 hours every day. The pads, kept moist every day, on porch or veranda, will also kill flies which might otherwise enter the house when screen doors are opened. When 25 or 30 pads are used, the menace of flies is no reason to worry with a little care, the risk to human life should not be reduced to a minimum.

Pilules MORO pour les hommes. "A décharger une lourde machine agricole d'un wagon, j'ai eu contracté un mal de reins". En arrivant à la maison, les douleurs étaient si atroces que j'avais dû prendre le lit et faire venir le médecin. Ce dernier après m'avoir fait un traitement externe me dit de prendre les Pilules Moro dès que je pourrais me lever. J'ai eu encore bien souffert lorsque je commençai à marcher, mais après la deuxième boîte de Pilules Moro, je constatai de l'amélioration. Je continuai à prendre et au bout de six semaines, mon état fut des progrès de plus en plus remarquables, si bien qu'après trois mois, je ne sentais plus aucune douleur. Depuis, je suis plus fort et je me porte très bien". A. Simard, Rivière du Loup, P. Q.
