Sample Press Notices of the St. John

[From the St. Croix Courier.]
We have often had occasion to bear testimony to the able management of the St. John Daily Tribune, under the guiding hand of our friend and quondam laborer, James L. Stewart, Esq. A newspaper the Tribune is far shead of many of its older compeers, and its great enterprise is not to be wondered at when it is considered that its editor had his "bringing up" in an enterprising community like that of St. Stephen, and began his journalistic career in the office of the St. Croix Courier. Our present notice is more especially directed to the weekly issue of the Tribune, which has grown with such rapidity in public favor as to wholly surpass the expectations of its founders. It is now enlarged by the addition of two full pages without any increase in the subscription price.
