SCRANTON, PA., Feb. 27.

The locomotive shops known as the Cliff Works, owned by the Dickson Manufacturing Company, were burned this morning. The buildings contained very valual le machinery. Three new locomotives were just completed, and materials to put together eleven others. The loss is not less than half a million of dollars, on which there was \$185,000 insurance, principally in New York companies. Two hundred and fifty men are thrown out of employment.

The wrecked steamer Vicksburg was valued at \$75,000; fully insured. Her cargo is a total loss.

Despatches are received from Madrid announcing the final signature of the terms of settlement of the Virginius capture, and it is probable that the new Government will be speedily recognized. The steamship Parthia, which sailed Thursday, went ashore on the flats off Ellis Island, in the upper harbor, and although tugs worked all day Friday, she was not got off till this morning, when ten tays extricated her.
