## WATERLOO By Day and Night

### NOTES ON THE BIG ROAD RACE

The Dunlop Tire Company Bicycle Road Race which will be held in Waterloo tomorrow morning promises to be a greater success than ever before. The list of entries this year includes some of the world-famous cyclists. On another page of this issue will be found the names of those listed.

Since Saturday evening cyclists have been coming into town and the track on Sunday afternoon presented a busy scene. Messrs. Briggs and McKay of the company arrived in town this morning and are making the final preparations for this big annual event. They are leaving no stone unturned to make this race a big success.

This morning Mr. E. F. Saggan with Mr. Briggs and Mr. McKay and a number of other Waterloo citizens went over the road from Waterloo to Preston in the former's auto. The road on the whole is reported to be in excellent condition. It will be necessary, however, to have the riders use the side walk for a short distance on King street west Berlin near the junction of the two towns, owing to the fact that this street has been torn up in preparation for the laying of the permanent pavement. This strip will be roped off and special men will be retained to keep the crowd of spectators away from the ropes.

BOY WANTED.—To learn barbering. Apply Engel's Barber Shop, Waterloo.

Dr. Wm. J. Fischer attended the sessions of the Canadian Medical Association which were held in London during the past week.

### At the Sacred Band Concert

The sacred band concert by the Waterloo Musical Society Band in the park on Sunday afternoon attracted many Twia City music lovers. The weather was ideal, which with the excellent program furnished by the bandmen made the afternoon a most delightful one. The band was in the best of condition and the rendering of the most intricate and difficult selections was marvellous. The hour was truly a sacred one and the enjoying of the concert was a profitable means of spending the afternoon.

### MONTHLY MEETING.

The Water and Light Commission held the regular monthly meeting on Saturday afternoon, when routine business was transacted and accounts passed.

### PERSONALS.

Mr. Hall was the guest at his relatives yesterday.

Many Otto spent Sunday at his Elmina.

Harry D. Joannis of Chicago a short visit to Twin City friends Saturday and Sunday.

Miss Anna Belle Black of London is spending a few days with Mr. and Mrs. A. E. Sanderson.

Mr. and Mrs. Edson Musselman of Windsor are visiting at the home of Mr. and Mrs. William Conrad Young Street.

### WILL YET CLIMB TO TOP NOTCH

The defeat of the local baseball team in Berlin on Saturday afternoon has not discouraged the boys. They are more determined than ever to again win the championship and will yet put up a strong fight.

The team was not in condition for the game on Saturday. Owing to the shifts made to and the fact that there were few work-outs together there was not the necessary teamwork. Errors also were largely responsible for the majority of the home-runners' runs.

The team has been strengthened through the acquisition of Progers and Outman and with practice should put up a strong finish.

### W. C. T. U.

At the regular monthly meeting of the W. C. T. U. held last week at the home of Mrs. J. B. Hagey, regular business was transacted after which a splendid report was presented by Mrs. B. Bech-

tel, who has been successful in securing a handsome sum of money through the saving of certain Soap wrappers. Any one using such soap will do Mrs. Bechtele a favor by saving the wrappers and sending them to her.

It was decided to hold the next meeting in the Waterloo Park in the form of a picnic with the Loyal Temperance Legion on the fourth Wednesday in July.

### PATRIOTIC SERVICES IN THE CHURCHES

The services in the Waterloo Presbyterian Church yesterday were of a specially interesting and appropriate character in view of the near approach of the National holiday. The school and the church were suitably decorated with Union Jacks and flowers, while those who participated in the various exercises wore miniature flags also.

The Sunday school service was largely attended by scholars and friends, and all enjoyed greatly the specially prepared program. Mr. Thomas Hilliard gave an earnest and effective address on Temperance from a National standpoint, which will not soon be forgotten. A hearty vote of thanks was passed to Mr. Hilliard for his kindness. The morning and evening church services were well attended. The pastor, Rev. W. D. Lee, occupied the pulpit, preaching in the evening a forceful sermon on Canada's greatest burden, which is Intemperance. Appropriate music was rendered by a full choir. Mr. Jack Ellis taking the solos in a most pleasing manner. Altogether the services of the day were most successful and profitable, and it is hoped will be productive of much good to all who were present.

### An Excellent Display

The Quality Mattress Co. of Berlin is showing in the windows of Messrs. John Letter and Son some of their finest lines of high grade felt mattresses.

This firm is asking from the Town of Waterloo, a loan of \$10,000 to be repayable with interest in ten annual payments.

We ask every citizen to have a look at these goods and to their vote in favor of the By-Law which will be voted on 7th July next.

Never before in the whole 20 years of the Dunlop Trophy Race has such an entry list greeted the handicappers as the one for Waterloo, July 1st. The total number of riders entered is 110. The nearest to this record was 97, which 1903 boasted.

Not only does 1913 surpass all records for entries, but in the number of districts represented by the riders it also sets a record. Charlottetown, P. E. I., has representative in Geo. L. Prowse, son of Senator Prowse, Winnipeg has her representative in G. H. Beemer, who rode to Toronto in 11 days. St. Thomas has one, Stratford has six, Stratford four, Hamilton two, Ottawa 2, Galt 2, the balance being made up of Toronto riders.

No less a champion than W. Hitchens kingbee of 135 lbs. boxes, is to be seen on the 91-minute mark.

10 minutes—H. M. Shaw, Howard B. C.; E. Wilson, Salem; K. L. Bolton, Eaton; F. Crockett, Salem; R. Korn, T. B. C.; G. A. Brandon, M. H. C.; R. Goldsmith, Salem; F. Martin, Salem; D. Young, Salem; V. 14 minutes—Joe Golden, unattached; 1 minute—H. McDonald, H. M. C.

1 minute—Gordon McMillan, Teutonic, Scotty Wilson, Olympic.

Scratch—Frank Brown, T. B. C.

### FOR WOMENSAILMENTS

Dr. Martel's Female Pills have been the standard for 20 years and for 40 years prescribed and recommended by Physicians. Accept no other. At all drugists.

MONTREAL, June 30.—Jack Johnson, the negro pugilist, accompanied by his white wife, Lucille Cameron Johnson, sailed for Havana on the Allan line steamer Corinthian at three o'clock yesterday morning. Johnson boarded the steamer Saturday night in the presence of the Canadian immigration officials who will watch his progress Europeanward until he is beyond their jurisdiction.

Just before going aboard the Corinthian, Johnson reiterated the declaration that he had no intention of jumping his bail bond in Chicago, and was merely going to Europe to retrench the losses he has sustained in his trials. He declared he would be on hand when his appeal is argued in November. Johnson took with him two automobiles—a limousine and a high-power touring car.

### SUR EYORS LAST.

Report Says Men Had Harrowing Experience In Northwest.

BATTLEFORD, Sask., June 30.—Reports from Meadow Lake state that a party of four land surveyors working 35 miles north of here, on a Government survey, were held at bay by the timber wolves for three days, and later that two of the party were drowned.

They used up all their ammunition and were unable to repulse the wolves until they had been driven to the water.

PHILADELPHIA, June 30.—A severe electrical storm during Friday night wrought considerable damage, but brought only a brief relief from the excessive heat and humidity which charged with ensuing nine deaths here Friday. Several trolley cars were struck during the night by lightning and passengers stampeded. A number of factories were set on fire by the bolts. Wind of 40 m.p.h. from the oppressive heat during the past three days now total 23.

Gatun Gates Tested.

PANAMA, June 30.—The large lower gate at Gatun, being put to the actual test of full pressure for the first time. The Atlantic waters have been allowed to flow in gradually against the gates and they are being tested.

## WANT CHURCH PARTY.

Roman Catholic Convention Favors Political Activity.

THREE LIVERIES, Que., June 30.—The supremacy of the church in matters moral and religious, its right to be sole director of the education of its youth and the necessity of a united Roman Catholic party in Canada, instead of the old division of Liberals and Conservatives. These were among the doctrines reaffirmed at the opening of the congress of the Association Catholique de la Jeunesse Canadienne Française, which took place in the City Hall Saturday evening, some two hundred delegates being present from various parts of the province. The hall was filled with citizens of the town, who are showing great interest in the congress and have decorated their houses for the occasion.

The meeting was opened by Maurice Gelin, who welcomed the delegates on the part of the members from Three Rivers. Dr. Geo. H. Baril of Laval University, Montreal, outlined the object of the congress and the subject of discussion in its meetings. The association numbers 4,000 members, and has for its object the preparation of a generation of militant defenders of the Roman Catholic religion and the Canadian nation. It chafes to discuss the vexed subject of primary education in the Province of Quebec because of the prominence of the question in recent discussion and because it is firmly convinced that the criticism adverse to the Roman Catholic system is without any foundation in actual fact. Dr. Baril spoke of the public as the battleground on which were arrayed the contending forces of the church and the state.

Nine Deaths From Heat.

PHILADELPHIA, June 30.—A severe electrical storm during Friday night wrought considerable damage, but brought only a brief relief from the excessive heat and humidity which charged with ensuing nine deaths here Friday. Several trolley cars were struck during the night by lightning and passengers stampeded. A number of factories were set on fire by the bolts.
