

THE LATEST SPRING STYLES FOR MEN

EATON Brand Clothing, which is of our own manufacture, possesses not only one but all of those features which appeal most to the critical eye of the connoisseur. In our efforts to produce an article of exceptional value, we have not confined our attention exclusively to outward appearances. Every garment bearing the name **EATON** Brand is the very acme of superior construction. Every piece of material used, although shrunk by the manufacturer, has been put through a similar process by our own employees, even to the linen tape stays. Every collar is hand-felled, and every lapel hand-padded. Extra hair-cloth lining has been used wherever additional support is necessary. In fact, nothing has been overlooked even to the most minute detail.
