

C. APPLICATIONS RECOMMENDED FOR DEFERMENT:

IT WAS RESOLVED

THAT the Minister of Reconstruction be advised that the Board of Governors of the Canadian Broadcasting Corporation recommends that the following applications be deferred for the reasons indicated:

a) For Changes to Existing Stations:

<u>Station</u>	<u>Location</u>	<u>Request</u>
	NONE	

b) For New Stations:

<u>Applicant</u>	<u>Station Location</u>	<u>Request</u>
Temiskaming Printing Co.	New Liskeard, Ont.	250 watts on 1240 kc.

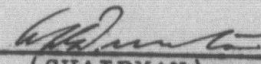

Reason: At the 26th Meeting of the Board of Governors, May, 1944 it was recommended that a licence for a 1000 watt station be granted to Allan Rogerson provided that the applicant finds a frequency. There has been no communication from Mr. Rogerson since but it is the opinion of the Board that the application of the Temiskaming Printing Company should not be considered until a report has been received concerning Mr. Rogerson. It is recommended that the Dept. of Transport obtain full information regarding Mr. Rogerson and his application.

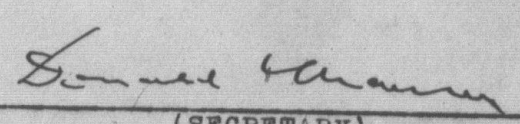

C.M. Krug	Woodstock, Ont.	1000 watts on 1430 kc <u>day only</u> , with directional antenna.
-----------	-----------------	--

Reason: This application was deferred at the 47th Meeting of the Board at the request of the applicant "in order to obtain further details in support of his application". This information has not been supplied to date.

Hamilton Broadcas- ting Corporation, Ltd. (Michael D. Podolsky, trustee)	Hamilton, Ont.	100 watts on 1230 kc.
--	----------------	-----------------------

Reason: The Board desires to consider this application further, after the CBC Management has had an opportunity to investigate this proposal of specialized broadcasts to the foreign language groups in the area.
