FOREMOST, ALBERTA
November 28, 1946.

Mr. K. F. Saunders,
Dept. of Transport,
402 Blowey-Henry Building,
Edmonton, Alberta.

Dear Mr. Saunders:

Re: File 1-588.

I have your letter of November 12 in regards to my Piper CF-DGS.

I am sorry I have not replied to your letter of above date sooner but I have been down east bringing out a new aircraft and only returned last evening so have been unable to answer your letter sooner.

In regards to the Registration of my Aircraft - I had left this entirely in the hands of Kepler Aviation and was not aware of the fact that it was not registered in my name but at the present time the Aircraft is in Calgary having the new pistons installed in the motor as per the last paragraph of your letter.

At the present time I have a new Piper Cruiser and will be selling my Piper J3 in the very near future and as it will not be flown excepting to bring it from Calgary to Foremost as soon as the motor is finished and will be stored on my farm until it has been sold at which time the new owner will have it re-registered.

Will you kindly advise me if this would be O. K. with your office.

Thanking you very kindly for past favors, I am,

Yours very truly,

A. H. Frankish.
