

Soft tumors are benign, hard ones malignant.

**The Sarsaparillian Resolvent** not only is a compensating remedy, but secures the harmonious action of each of the organs. It establishes throughout the entire system functional harmony, and supplies the blood-vessels with a pure and healthy current of new life. The skin, after a few days' use of the Sarsaparillian, becomes clear and beautiful. Pimples, Blotches, Black Spots, and Skin Eruptions are removed; Sores and Ulcers soon cured. Persons suffering from Scrofula, Eruptive Diseases of the Eyes, Mouth, Ears, Legs, Throat, and Glands, that have accumulated and spread, either from uncured disease or mercury, or from the use of *Corrosive Sublimate*, may rely upon a cure if the Sarsaparillian is continued a sufficient time to make its impression on the system.

The wonderful cures effected by the Sarsaparillian Resolvent of Kidney, Bladder, Womb, Ovarian, and Urinary Diseases; its rapid efficacy in promoting a free and healthy Discharge of Urine, doing away with the necessity of using catheters, bougies, etc.; then, again, its marvellous power in dissolving stone and calculous concretions, curing gravel, gleet, and discharges from the genital glands; its power over the kidneys, in establishing a healthy secretion of urine; curing Diabetes, Inflammation or Irritation of the Bladder, Albuminous and Brick-dust deposits, or deposits of White Sand, etc., establishes its character as

of all kinds, particularly Chronic Diseases of the Skin, are cured with great certainty by a course of RADWAY'S SARSAPARILLIAN. We mean obstinate cases, that have resisted all other treatment.

#### *Scrofula,*

whether transmitted from parents or inoculated, is within the curative range of the **Sarsaparillian Resolvent**.

Cures have been made where persons have been afflicted with Scrofula from their youth up to 20, 30, and 40 years of age, who were cured by the Sarsaparillian Resolvent—since married and had children—and no traces of the taint up to 12, and some as old as 15 years, were exhibited in the children. This ought to be good evidence of its power in exterminating the taint of Scrofula from the system.

It possesses the same wonderful power in curing the worst forms of strumous and eruptive discharges, Syphiloid Ulcers, Sores of the Eyes, Ears, Nose, Mouth, Throat, Glands, exterminating the virus of these chronic forms of disease from the BLOOD, BONES, JOINTS; and in every part of the human body where there exist disease deposits, Ulceration, Tumors, Hard Lumps, or Scrofulous Inflammation, this great and powerful remedy will exterminate rapidly and permanently.

POPLAR SPRINGS, HENDERSON CO., TENN., Sept. 24, 1874.

DR. RADWAY: Sir,—I am proud to write you that my daughter has improved rapidly from some cause or other. She has been using your SARSAPARILLIAN and REGULATORS ever since May. Her skin has a better appearance every way; the system seems to be built up; in May her weight was 111, now it is 116. Doctor, I would like to know whether a suspension would be necessary, or to continue the use of your medicines regularly. She has taken them according to the directions you sent to me in May, 1874, and I am well pleased with the effect, for which I feel very thankful, as she was given up by one of the most eminent physicians in the county. Yet the sore on her knee keeps slightly running. You will recollect that her disease is a scrofulous affection, as stated in my former communication of May. You will please write and let me know whether it would be necessary to continue the use of your medicines or to suspend for a while, and oblige,

Yours truly,

JOHN MINCEY.
