\$16.00.

Is one of the many bargains we are offering for the early spring trade. Owing to dullness in the English Market we were enabled to secure some Prize Bargains in Fine Suitings and Trouserings bought at the mill for spot cash. We are showing very fine Scotch Suitings and English Worsteds at fully one-third less than market value. This special Black Worsted Suit is worth \$21 to \$22, but we are making it a leader to introduce our immense stock for the Spring season.
