## Cheese and Butter

Makers of these articles, in many instances, do not pay the necessary attention to the quality of the salt they use. Some people think that "salt is salt," and it does not matter where it comes from or who makes it. This is a great mistake, for it is essential that you produce the best Butter or Cheese nothing but the purest salt should be used.

The number of prizes obtained by users of **"RICE'S or COLEMAN'S" DAIRY SALT**

at the various exhibitions is conclusive proof that these brands of salt stand unrivalled. For prices, etc., address
