WINTER FAIR ENTRIES CLOSE NOVEMBER 29th.

Live stock exhibitors who intend to make entries for the winter fair are reminded that their entries must be in the secretary's hands on Saturday of this week.

Last year at this fair there were 5400 entries in the different departments for beef and dairy cattle, sheep, swine, poultry and seeds.

SECRETARY WILSON ON THE CHICAGO STOCK SHOW

The Honorable Charles Wilson, Secretary of Agriculture, in speaking of the International Live Stock Exposition, which is to be held this year from November 27th to December 10th, said:

"The International Live Stock Exposition as an educational factor, has carved a niche for itself."
"Producers are confronted with the problem of increased cost of every commodity that they use, greatly enhancing their expenditure."

"Obviously this necessitates rigid economy, and the man who reduces cost of production to a minimum insures maximum profits and his own survival where others fail."

"The International is teaching its valuable lesson to the country at an opportune moment."

"During the period of cheap feed and feed lot extravagance such education was not valued because its benefits were not realized at the time."

"Under new conditions, the man who produces beef, poultry, swine, cannot afford the use of inferior machinery in his business."

"Economy requires that he handle the very best types of the most improved breeding; and these lessons can be obtained at the International Live Stock Exposition, which is acknowledged to be an educational institution of the highest order in its line."
