

TO FARMERS AND DAIRYMEN

It will pay every farmer or every farmer's wife to sit right down and write for Sharples "Business Dairying." This valuable book contains information that can be found in no other book, and will help any dairyman to make his business more profitable. It tells How to Feed, What to Feed, How to Care for Feed, What Foods Produce Greatest Amount of Milk, How to Care for the Dairy Cow in the way to get best results, and the whole book is practical. To get all the good out of your milk you should of course use

THE SHARPLES TUBULAR CREAM SEPARATOR

It is not only guaranteed to more than pay for itself annually, but the ease with which you can skim, the low can, the self-oiling bearings, the simple Tubular bowl with only one little part inside to wash, the moderate price, are all points you should know about. Send today for the free "Business Dairying" and full information about the Sharples Tubular, giving number of cows you keep. Ask for booklet G. 193

Mrs. J. Renken, Trenton, Ia., says "We cleared \$100.00 in six months off seven cows."

GOSSIP.

LAST CALL FOR HAY BROS.' SALE.

As announced last week, the estate of the late Wm. Hay, of Tara, Ont., on Owen Sound branch of G.T.R., will sell, on March 12th, the entire herd of 20 head of Shorthorns, the imported Clydesdale stallion, Kelvinside, by Baron's Pride, two registered Canadian-bred Clydesdale mares and two drivers. The Shorthorns include the stock bull, Scottish Knight 53248, described last week, and five young bulls, from nine to thirteen months of age, all sired by the stock bull—a thick, straight-lined, useful lot. The females represent both the thick-fleshed beefy type, and the dual-purpose heavy-milking type, all in good condition, and ready to go on and do well for their fortunate buyers. This is an old-established herd; many choice animals have been bred in it, and several choice things are to be sold at this sale. Many breeders will remember the sale held by Mr. Hay several years ago, and the many good heifers sold on that occasion that made money for their buyers. This sale offers a better opportunity, inasmuch as now the breeding cows will all be sold; cows that have proven themselves breeders of show stuff, and just now, when the attention of breeders is particularly directed along the lines of breeding and improving a dairy type, no sale has been held that offers such a favorable opportunity as this one to get a foundation of heavy-milking Shorthorns, as well as a dairy-bred bull. Remember the date, and arrange to attend, as there may be bargains going.

D. BROWN'S SHORTHORNS.

Probably no strain or family of Shorthorns in this country are heavier or more persistent milkers, as a rule, than that old English strain tracing to Imp. Beauty, by Snowball, and when a herd traces to that remarkably prolific cow, it goes pretty nearly without argument that no better dairy or dual-purpose Shorthorn strain exists, for, besides being exceptionally profitable at the pail, descendants of this good cow have at different times won the highest honors at the leading exhibitions in Canada. Such is the herd of Mr. Douglas Brown, of Ayr, Ont. The foundation cow was Eglitha 29th =89427=, by Duncan Stanley =16364=. This cow, besides being a grand dairy cow, is built on modern type lines. She, and another bred the same way, are the dams of the balance of the herd, all of which are sired by Imp. Christopher, Imp. Beauchamp, and the present stock bull, Blenheim Stamp =42464=, by Imp. Kinellar Stamp; dam Rosebud of Blenheim, by Imp. Oxford. This cow, as will be seen by looking over her pedigree, traces to Beauty of Snowball. All the young stuff two years and under are sired by this bull, thus giving them a double cross of that great milking strain, among them being several one and two year old heifers, that for nice straight lines and even, well-quartered form, will compare favorably with most in that respect, and beat them all to pieces at the pail. In bulls, bred the same, is one red two-year-old, out of Eglitha 37th, and sired by Blenheim Stamp. He is a big, growthy bull, with grand lines, heavy steak, and good shoulders, and bred as he is, any one wanting a dairy-bred Shorthorn bull should be suited in him. Another bred the same is a roan, 10 months old, a nice, thick, sappy, good-doing youngster, that cannot fail to develop into a grand good bull. Then there are two others, five and six months old, that are very promising. Anything in the herd is for sale, and can be bought at tempting prices. Owing to his heifers now coming on, the stock bull is for sale, and can be bought very, very reasonably, and a right good sort he is. For a coming stock bull Mr. Brown has lately purchased Nonpareil Victor, by Imp. Nonpareil Duke; dam the Marr Roan-Lady cow, Imp. Orange Blossom 3rd, by the Princess Royal bull, Scottish Prince; grandam by Remus, by Star of Morning. This is one of the gilt-edged kind, exceedingly thick, wonderfully mellow; in fact, a show bull. Write Mr. Brown to Ayr P. O., Ont.

Lump Jaw

The first remedy to cure Lump Jaw was

Fleming's Lump Jaw Cure

and it remains today the standard treatment with years of success back of it. Known to be a cure and guaranteed to cure. Don't experiment with substitutes or imitations. Use it, no matter how old or bad the case, or what else you may have tried—your money back if Fleming's Lump Jaw Cure ever fails. Our fair plan of selling, together with exhaustive information on Lump Jaw and its treatment, is given in Fleming's Vets-Pocket Veterinary Adviser. Most complete veterinary book ever printed to be given away. Durable bound, indexed and illustrated. Write us for a free copy.
