4% Interest.

Can You Find a Better Investment than This?

BANKING BY MAIL is one of the modern methods of the banking business, and the success of the movement is beyond question.

4% INTEREST, compounded quarterly, is not a new departure, but has been allowed in the United States for sixty-five years. For the benefit of Canadians, The Union Trust Company, Limited, has determined to allow the same rate here.

4% COMPOUND INTEREST has earned more millions than speculation. A Savings Account with the Union Trust Company is a better investment even than high-grade stocks or bonds, because it earns as much as or more than those carrying the same margin of safety, and the value of the principal does not fluctuate, but is always worth 100 cents on the dollar. Then, too, your funds are available at all times. Deposits are subject to cheque without notice.

BY DEPOSITING WITH THE UNION TRUST COMPANY you have the satisfaction of dealing with one of the strongest financial institutions in Canada. You are allowed **FOUR PER CENT. INTEREST** on savings deposits of one dollar or upwards, compounded quarterly, and computed from the date of deposit.

Write for our free booklet, "**BANKING BY MAIL.**" It contains full information.
