

SAGGING of a seeder allows the centredrills to sow too deep, and delays crop growth and ripening. But in the Cockshutt, a strong 1-beam across the entire machine prevents this. All crop grows at once, and ripens evenly.

Each disc has an oil well and dust-proof bearings. Oil once a season only. You have light draft and quick seeding.

The close-set crop sown by the "Cockshutt" prevents evaporation of moisture. You get better yield. The feed is made independent of wear and tear from jolting, and gives proper distribution. Write for full details.

THE "Cockshutt" Drill differs from others in having the discs set zig-zag, and only 6 inches apart instead of 7 inches. Experience has proven that this means 2' to 5 more bushels per acre. This means 500 extra bushels on each 100 acres of crop, if you use the Cockshutt Drill. This is pure profit, year after year. Just buying a "Cockshutt" gets it. Why not do it?

This drill does not clog with mud or trash. The boots are mud-proof. The discs have large scrapers to clean them. Besides, they "draw away" from the boot, and clinging trash falls off, instead of wedging. This feature means that you sow all your land. Also that stops are prevented. Seeding is done early. You save time and wages. Your crop gets an early start.

The "Cockshutt" is a perfect seeder, built to withstand wear for years. Get our drill booklet.

SEND for our "Drill" information. It is free. A post card brings it. All sizes in single disc, double disc or drag shoes from 13 to 22 discs.

Now is the time to install one of our HAY CARRIERS

In the winter months when you are not busy is the time to figure and plan for your next summer's work. Every farmer should have in his barn a Hay Carrier, and we feel satisfied when you look into the merits of the Stratford Short Draft Hay Sling Carrier, you will agree that it is one of the best on the market.

It is not a complicated machine. Its simple construction assures no expense or time lost in repairing.

The team can elevate and the car can easily handle 2,000 lbs. per draft. Team can be stopped at any point and the load will be sustained instantly.

by the Carrier. There is a great saving of rope when you use the Stratford Hay Carrier. Do not wait till the busy spring-time or haying-time comes to install one of our Carriers, but order one now and install the same in your slack time this winter. We are making an exceptionally low price on the Carrier at this season, namely \$8.00.

Write us, giving measurements of your barn and we will quote you price on a complete outfit. We carry in stock: Carriers, Pulleys, Slings, Steel Track and Hay Forks. Ask for Catalogue No. 1.

This Name Protects You

The proverbial "pig in a poke" was not a more uncertain purchase than are garden seeds if you do not know that there is a reliable firm behind them.

You cannot tell by looking at them whether field and garden seeds are well-bred, vigorous and sure to grow, or exactly the opposite. You must buy by faith, and your faith has the best foundation when you select

EWING'S Reliable Seeds

For over forty years these seeds have produced the finest vegetables and flowers grown in Canada — and they are better to-day than ever.

They do not disappoint.

Write now for our illustrated Catalogue, and if your dealer hasn't Ewing's Seeds, buy from us direct.
