On March 22, 1905, Mr. Chas. B. Phillips, Auker, N.-W.T., wrote to W. C. Wilcox & Co., Box 818, Winnipeg, agents for the Mc-
LACHLAN GASOLINE EN-
GINE CO., Ltd., as follows:
"Possibly it may interest you to know the result of last season's threshing. Apart from the economical feature, the convenience of being able to thresh at our own time, as well as having so few hands about, is to ourselves a great consideration. We were 60 hours threshing 4 100 bus. of oats and barley, averaging about 75 bus per hour. The consumption and cost of gasoline was 45 gals. at 44c.—\$19.80, or per hour, 4 gal., costing 33c. The extra labor employed above that regularly on the ranch was two men for a fortnight. We were not threshing continually and we debited the account under this item with \$15. engine oil \$2; total \$36.80, or \$24c. per 100 bus. The previous year, 1903, steam threshing account for about the same quantity, including extra labor, amounted to \$169, or \$3.75 per 100 bus., an excess over this last season's cost with our own machinery of \$2.93 per 100 bus., wear, tear and renewals not taken into account, which the writer considers nominal."
A very high price was paid for gasoline in this instance.
The engine used was a McLACHLAN 10-horse power, manufactured by
THE McLACHLAN GASOLINE ENGINE CO., Limited, Toronto, Ont.
