Queen's Division Sons of Temperance to Mrs. Belyea and family.

Dear Madam, We the officers and members of Queen's Division, Sons of Temperance, feel it our duty to tender to you our heart-felt sympathy in your deep affliction.

It is to us a painful and trying dispensation A mysterious Providence has removed from our ranks a beloved brother whom we regarded with highest esteem and respect—the Worthy Pa-

triarch of our Division.

We feel that we have lost a brother whose in fluence was powerful for good, and though we shall deeply feel the loss of his fatherly counsel and genial kindly fellowship among us, yet we rejoice to believe that our great loss is his infite gain, and in submission we bow to our

THE PROROGATION.—The labors of the session are over, and hon, members have returned to their homes. Saturday and Monday were devoted to routine business, and lag ends of legislation, which always seem to be reserved for that "more convenient season." At 4 p. m., on Tuesday, Sir Robert Hodgson, Knight, Administrator, &c., came down to the Colonial Building, where he was received by a Guard of Honor of the Irish and Prince of Wales Rifles, under Captain Longworth. The Artillery, under the command of Captain Lord, fired the usual salute. Having taken his seat on the Throne in the Council Chamber, and summoned the House of Assembly to the bar, His Honor gave his assent to the bills passed during the sessi and then prorogued the Legislature with the fol-

THESE dyes were introduced into New Bruns wick, a few months ago by J. Chaloner, St. John N. B., and being found to work well have Magenta or Rosine, M.gdala Pink, Crimson Scarlet, Purple, Blue, Violet, light and deep Yellow, Green, Brown, Poncean Scarlet. Green requires pure wool, in order to success, part cotton flannel wont take it Most of them dissolve freely in hot water, others have to be first dissolved in a ittle spirits, and then added to the boiling water little spirits, and then added to the boiling water. Directions go with each packet. They are very easily used, all required is to dissolve the dye in boiling water, at d put in the goods. Iron vessels should not be used, a milk dish well heated previous to the operation is the best. Nome of the
