### Between The Elements And You

The north side of the house may get the north wind, the south side the sun, the east the rain storm, the west the snow storm, but the roof gets all. Therefore look well to your roofing.

## REX FLINTKOTE ROOFING

is made of wool felt, rendered absolutely proof against water by our saturating materials, and so resistant against fire that you can place a live coal on its surface without danger.

**SEND FOR FREE SAMPLES** and our valuable booklet on roofing. Make the fire test, try its strength, note its pliability; if you go to your dealers, be sure you are given the "Look for the Boy" trade-mark kind.

## BARN ROOFING

The "Eastlake" Steel Shingle is the only absolutely weathertight shingle on the market. Let us tell you why. A shingle to be proof against the severest storms must have at least a **three inch overlap.** The

### Eastlake Steel Shingle

is the only shingle that has that much. The so-called four-lock shingles have only an inch and a quarter overlap—not enough to keep out the drifting snow and rain, so this proves the "Eastlake" the only waterproof shingle. The roofing problem solved. Our free booklet, "Eastlake Metallic Shingles," tells how.

"Eastlake" shingles can be laid in one quarter the time it takes to lay a four-lock shingle.—The Philosopher of Metal Town.

## SUMMER SHIPMENTS OF GRAIN

Farmers who have still wheat or oats on hand should not delay now in getting the same shipped forward to Fort William and Port Arthur in order to secure the comparatively high prices which will be going for old crop grain during July, and probably the most part of August.

Farmers can only be sure of getting all that they ought to realize out of their grain by shipping it in carlots to Fort William or Port Arthur, and having it sold for them by a first class commission house, acting as their agent.

We possess unsurpassed facilities for handling wheat, oats, barley or flax for farmers who ship their grain themselves, because we are a reliable commission firm, of many years standing and experience, well known over Western Canada as working solely on commission as agents for shippers, and we are prepared to handle to the best advantage for our customers all grain entrusted to us. We make liberal advances against railroad car shipping bills immediately we receive the same, and make prompt returns after sales have been made. We always give our customers the name and address of the party or firm to whom we sell their grain.

When in Winnipeg at the Industrial Exhibition, or at any other time, we will be much pleased to have farmers visit us at our office in the Grain Exchange Building.

Please write us regarding prices and market prospects, and for shipping instructions, any information or advice about selling will be promptly and cheerfully given.
